(57) **CLAIM**

The ornamental design for an electronic device with graphical user interface, as shown.

DESCRIPTION

FIG. 1 is a perspective view of an electronic device with graphical user interface in a perspective view with environmental structure.

FIG. 2 is a perspective view of the electronic device with graphical user interface of FIG. 1.

FIG. 3 is a front view of the electronic device with graphical user interface of FIG. 1.

FIG. 4 is a rear view of the electronic device with graphical user interface of FIG. 1.

FIG. 5 is a right side view of the electronic device with graphical user interface of FIG. 1.

FIG. 6 is a left side view of the electronic device with graphical user interface of FIG. 1.

FIG. 7 is a top view of the electronic device with graphical user interface of FIG. 1.

FIG. 8 is a bottom view of the electronic device with graphical user interface of FIG. 1; and,

FIG. 9 is a front view of the electronic device with graphical user interface of FIG. 1 with environmental structure.

The broken lines in the drawings showing the handset and cord in FIGS. 1 and 9 depict environmental structure; while the broken lines showing the top portion of the display, the graphical user interface on the display in FIG. 1, and the features below the display depict parts of the electronic device with graphical user interface. All areas shown in broken lines form no part of the claimed design.

1 Claim, 6 Drawing Sheets
