Primary Examiner — Michael A Pratt

(57) **CLAIM**

The ornamental design for an optical sight reticle, as shown and described.

DESCRIPTION

FIG. 1 is a front view of an optical sight reticle showing my new design, the portions in phantom forming no portion of the claimed invention;

FIG. 2 is a rear view of the optical sight reticle, the portions in phantom forming no portion of the claimed invention;

FIG. 3 is a right side view of the optical sight reticle and being the same as a left side view, top view and bottom view thereof, the portions in phantom forming no portion of the claimed invention; and,

FIG. 4 is a front perspective view of the optical sight reticle, the portions in phantom forming no portion of the claimed invention.
