(57) **CLAIM**
The ornamental design for a child seat, as shown and described.

DESCRIPTION

FIG. 1 is a top view of the child seat showing my new design; FIG. 2 is a top perspective view thereof; FIG. 3 is a front view thereof; FIG. 4 is a left side view thereof; FIG. 5 is a right side perspective view thereof; FIG. 6 is a rear-right side perspective view thereof; FIG. 7 is a left side front perspective view thereof; and, FIG. 8 is a bottom-rear-right side perspective view thereof. The child safety seat for a vehicle of this design has an open architecture, has a recline mechanism and safety features.
