(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with graphical user interface showing my/our new design. The broken-line showing of the text, the remainder of the user interface, and the remainder of the display screen is for environmental purposes only and forms no part of the claimed design. The difference in shading in the figure indicates a contrast of appearance and does not depict any particular color, texture or material.
