(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

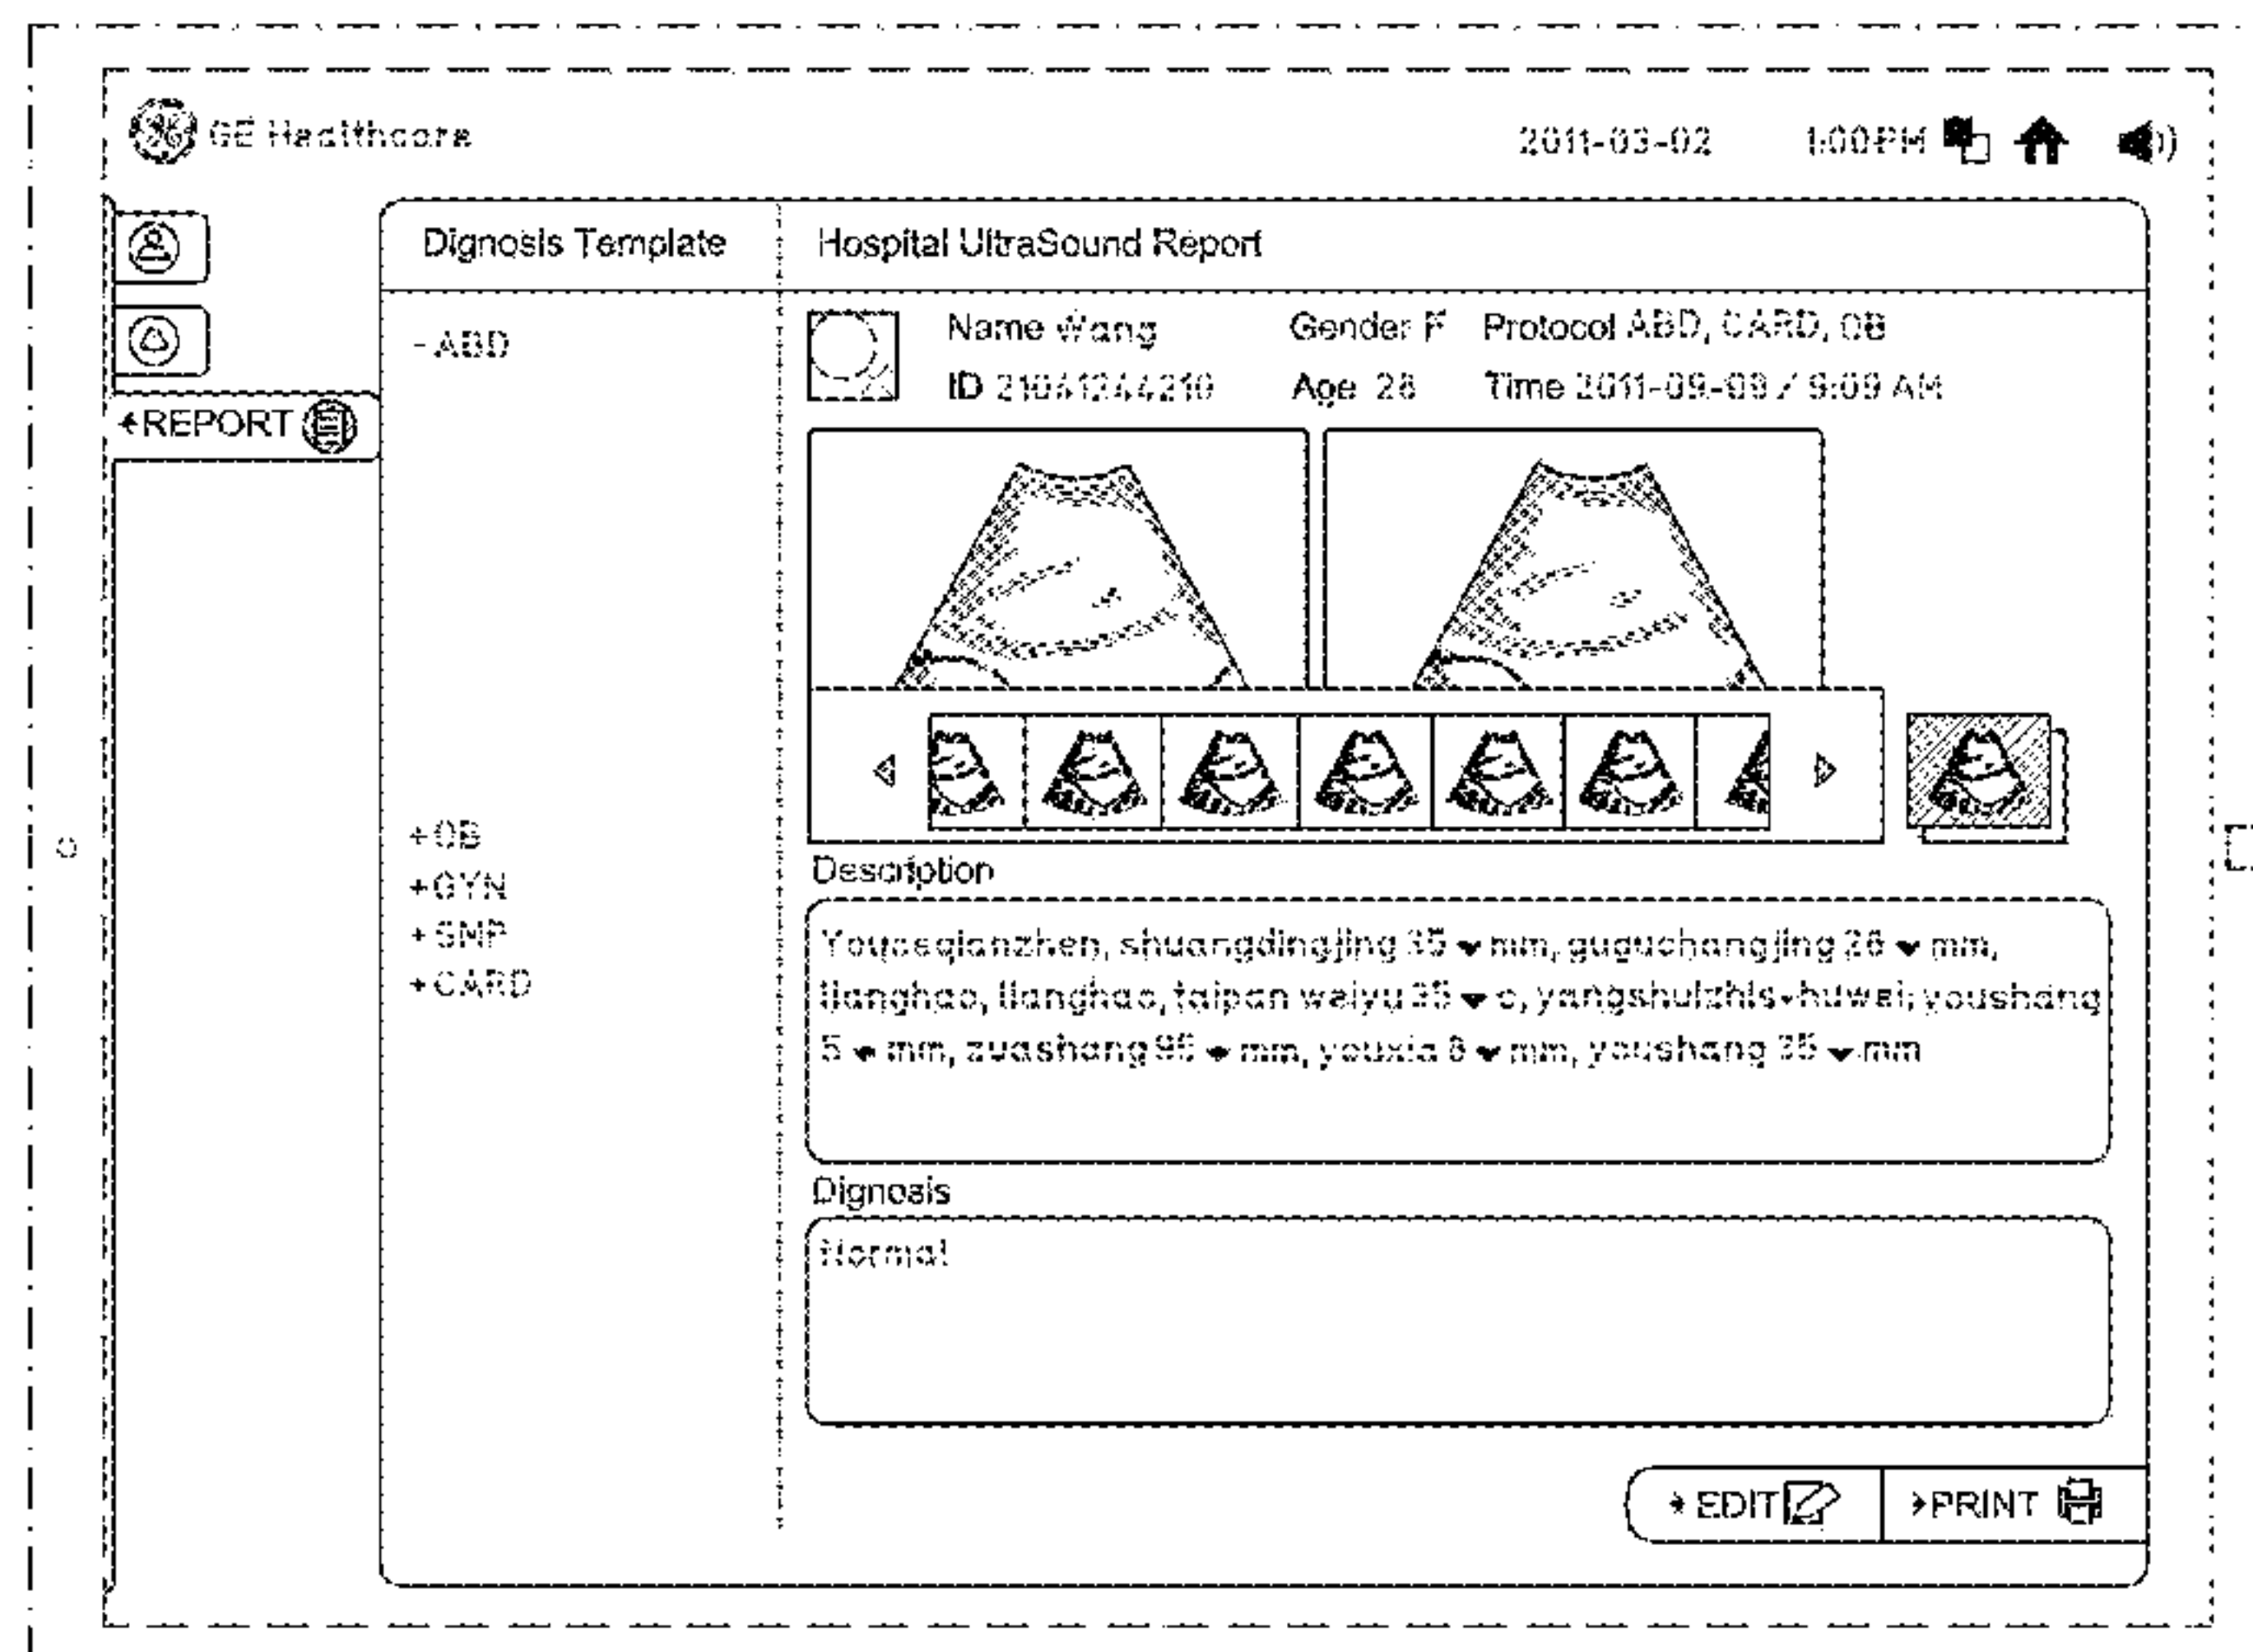

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright and trademark is made. The copyright and trademark owner has no objection to the reproduction of the patent document or the patent disclosure, as it appears in the United States Patent and Trademark Office records, but reserves all other copyright and trademark rights whatsoever.

The FIGURE is a front view of a display screen with a graphical user interface showing our new design.

The broken line showing of the display screen, borders, text and images in the FIGURE are included for the purpose of illustrating portions of the display screen with graphical user interface and form no part of the claimed design.
