(57) **CLAIM**

The ornamental design for a glove, substantially as shown and described.

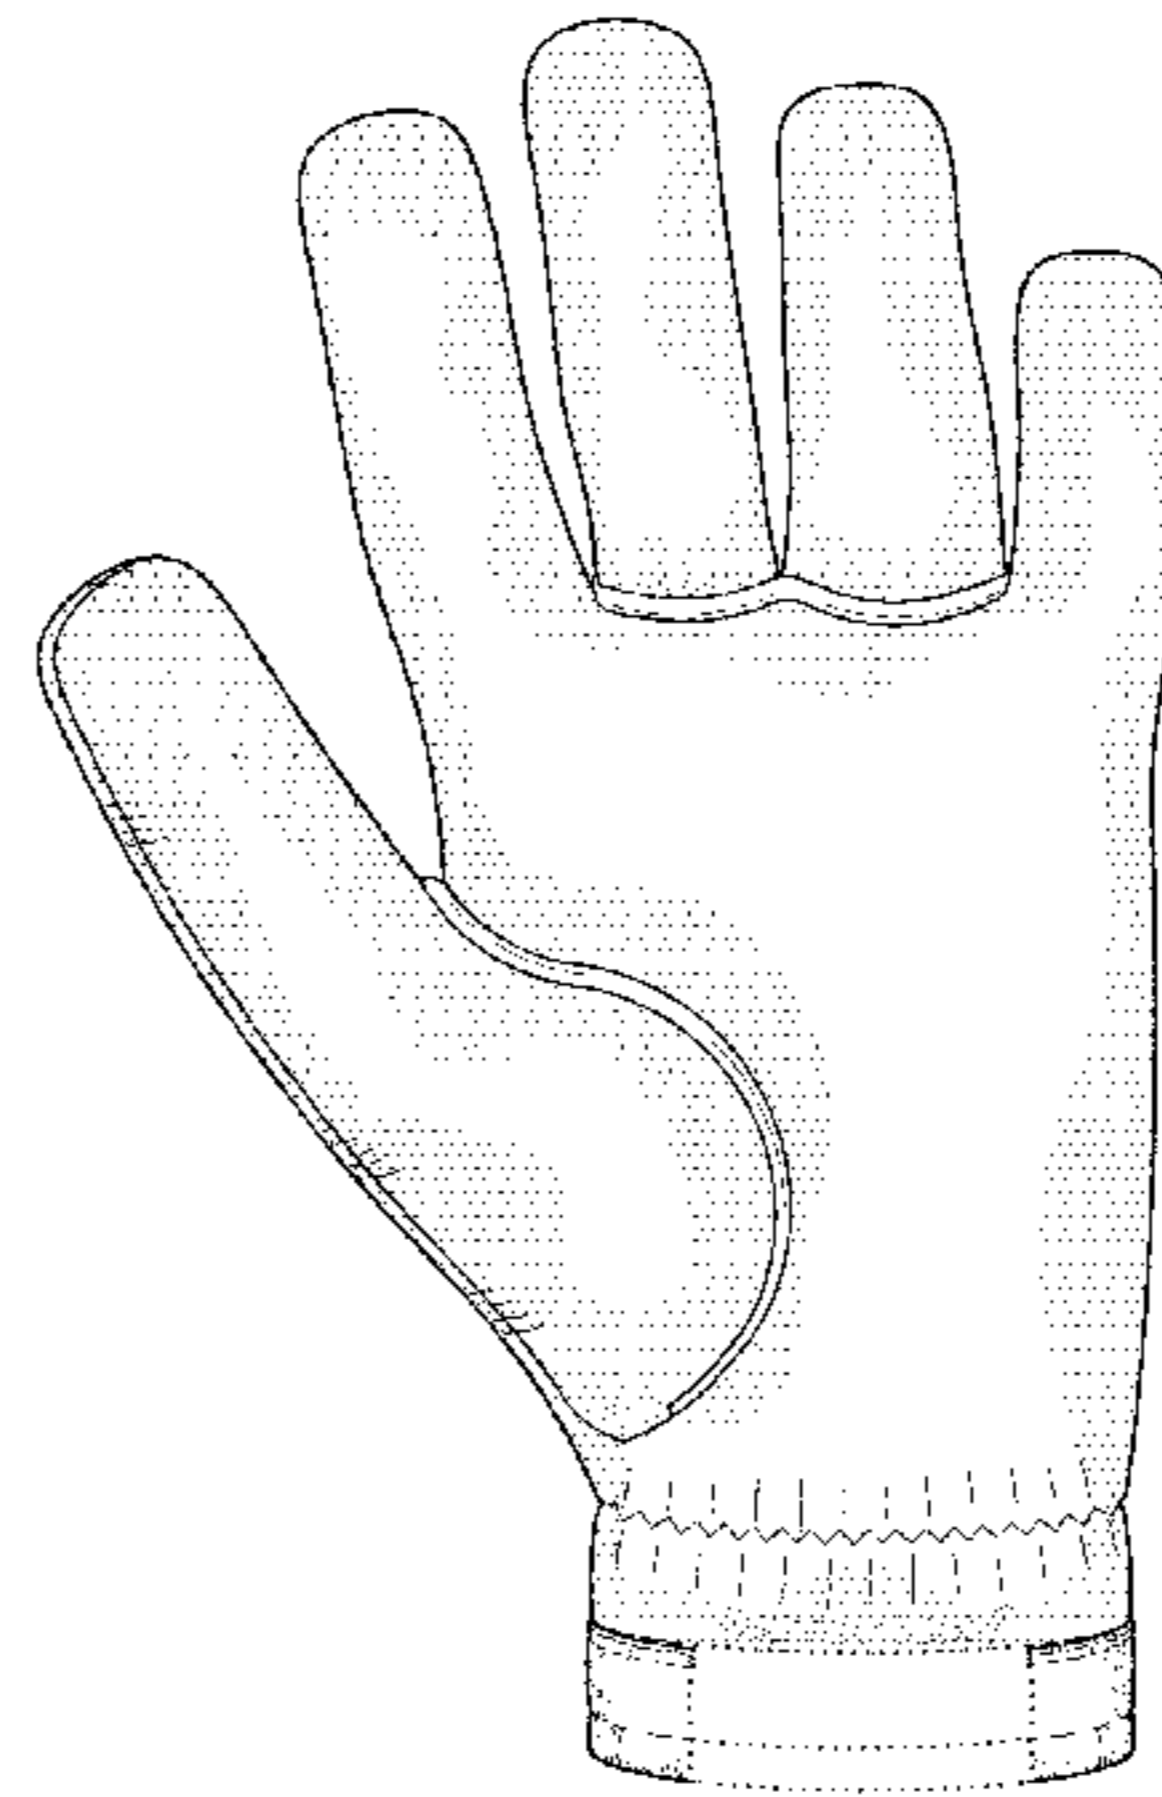

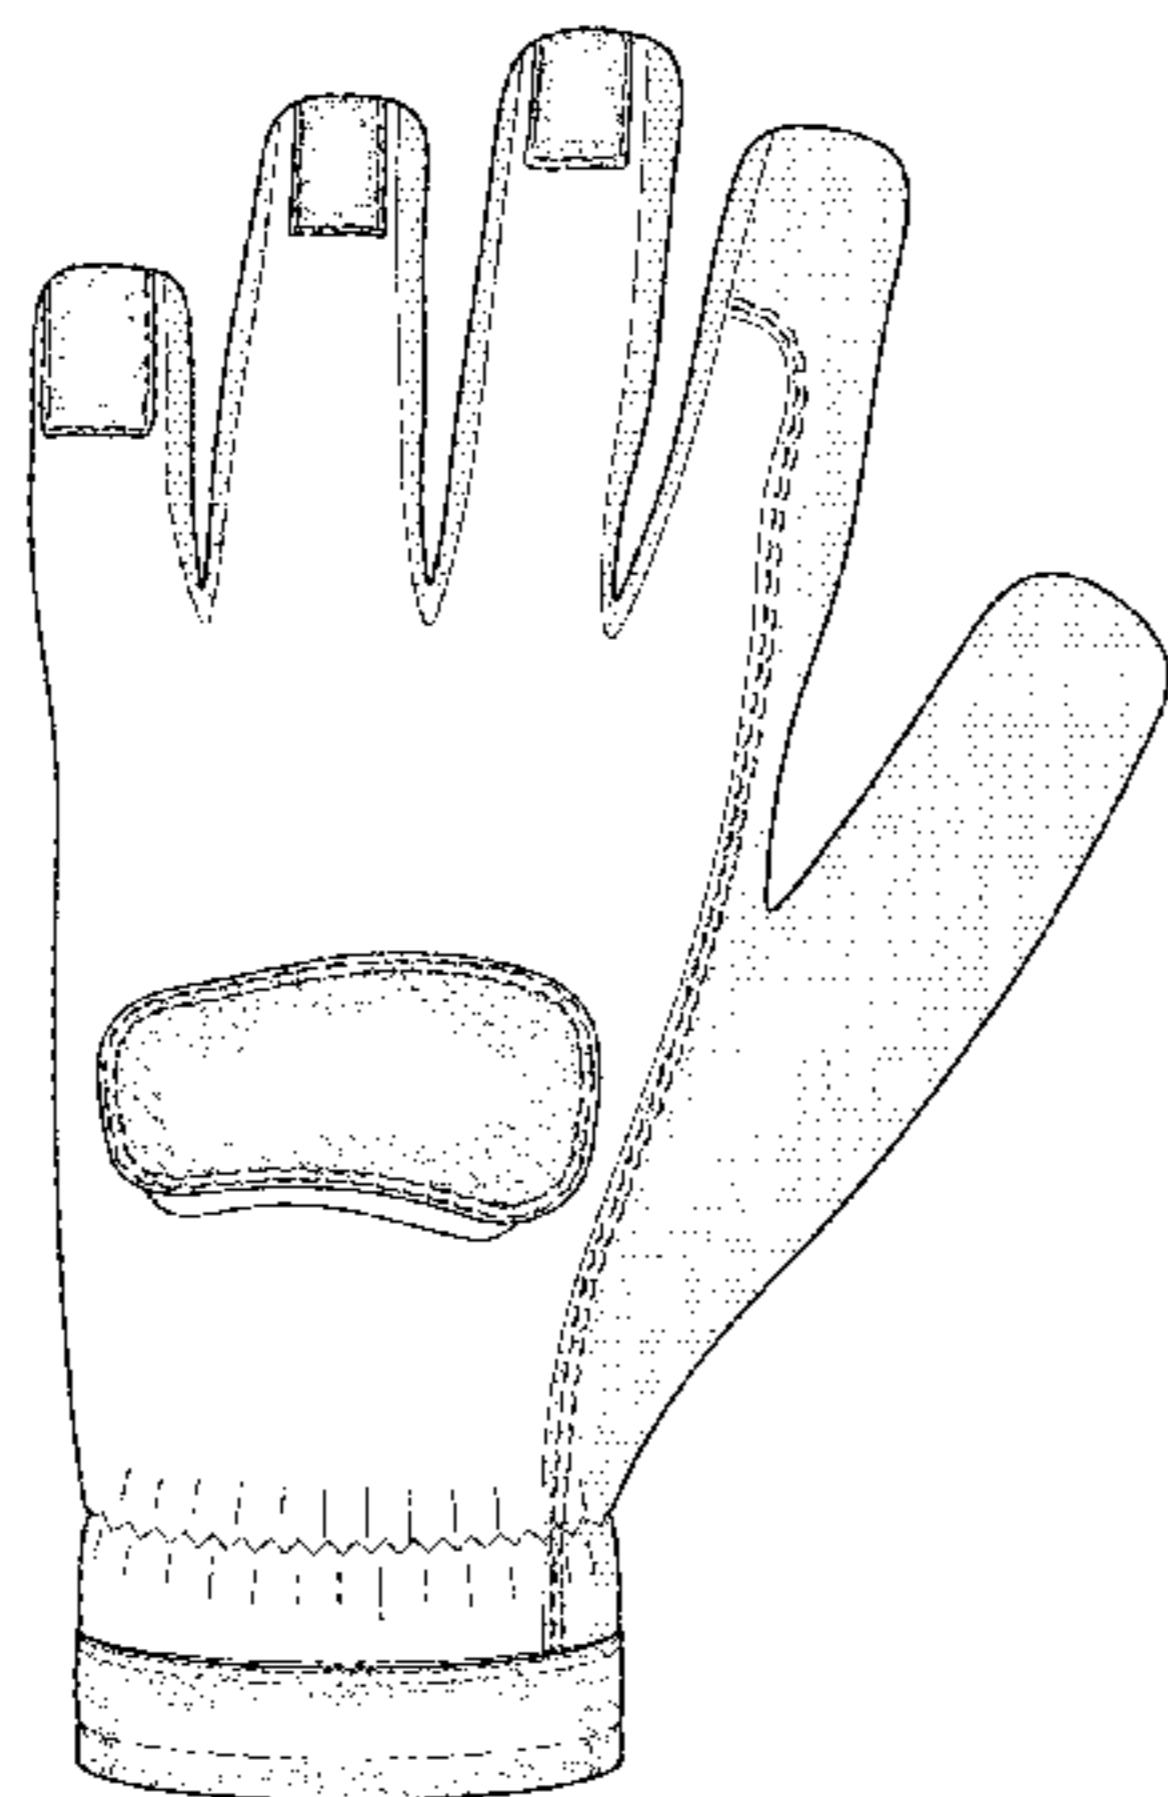

DESCRIPTION

FIG. 1 is a plan backhand view of a left-handed glove, embodying the new ornamental design;
FIG. 2 is a plan palm view of the left-handed glove, embodying the new ornamental design;
FIG. 3 is a left plan view of the left-handed glove, embodying the new ornamental design;
FIG. 4 is a right plan view of the left-handed glove, embodying the new ornamental design;
FIG. 5 is a front plan view of the left-handed glove, embodying the new ornamental design;
FIG. 6 is a back view depicting the inside of the left-handed glove, embodying the new ornamental design; and,
FIG. 7 is a perspective view of the left-handed glove, embodying the new ornamental design.

The uniformly-dashed broken lines represent stitching that form part of the claimed design. The dotted lines on the cuff of the palm side of the glove in FIGS. 2-4 and 6 represent unclaimed structure. The broken line illustrated within the interior portion of the glove shown in FIG. 6 represents a boundary line to the claim and does not form part of the claimed design.

FIGS. 1-7 illustrate a left-handed glove design of the design. It is to be understood that the invention also comprises right-handed glove designs which would be illustrated as mirror images of any or all of the views shown in FIGS. 1-7.
