See application file for complete search history.

FIG. 1 is a top right side isometric view of an insulator with sheds whose undersides are partly horizontal and partly sloping in accordance with the new design;
FIG. 2 is a bottom left side isometric view thereof;
FIG. 3 is an enlarged top plan view thereof;
FIG. 4 is a front elevational view thereof, the rear elevational view being a mirror image thereof;
FIG. 5 is an enlarged bottom plan view thereof; and,
FIG. 6 is an enlarged partial top right side isometric view thereof.

The dash dash broken line portion of the figure drawings is included to show unclaimed subject matter only and forms no part of the claimed design. The dash dash broken line in FIGS. 3 and 5, specifically the circular portions, act as a boundary and form no part of the claimed design. The dot dot dash broken line in FIG. 6 acts as a boundary/partition for an enlarged image of a portion of the article and, itself, forms no part of the claimed design.
