(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

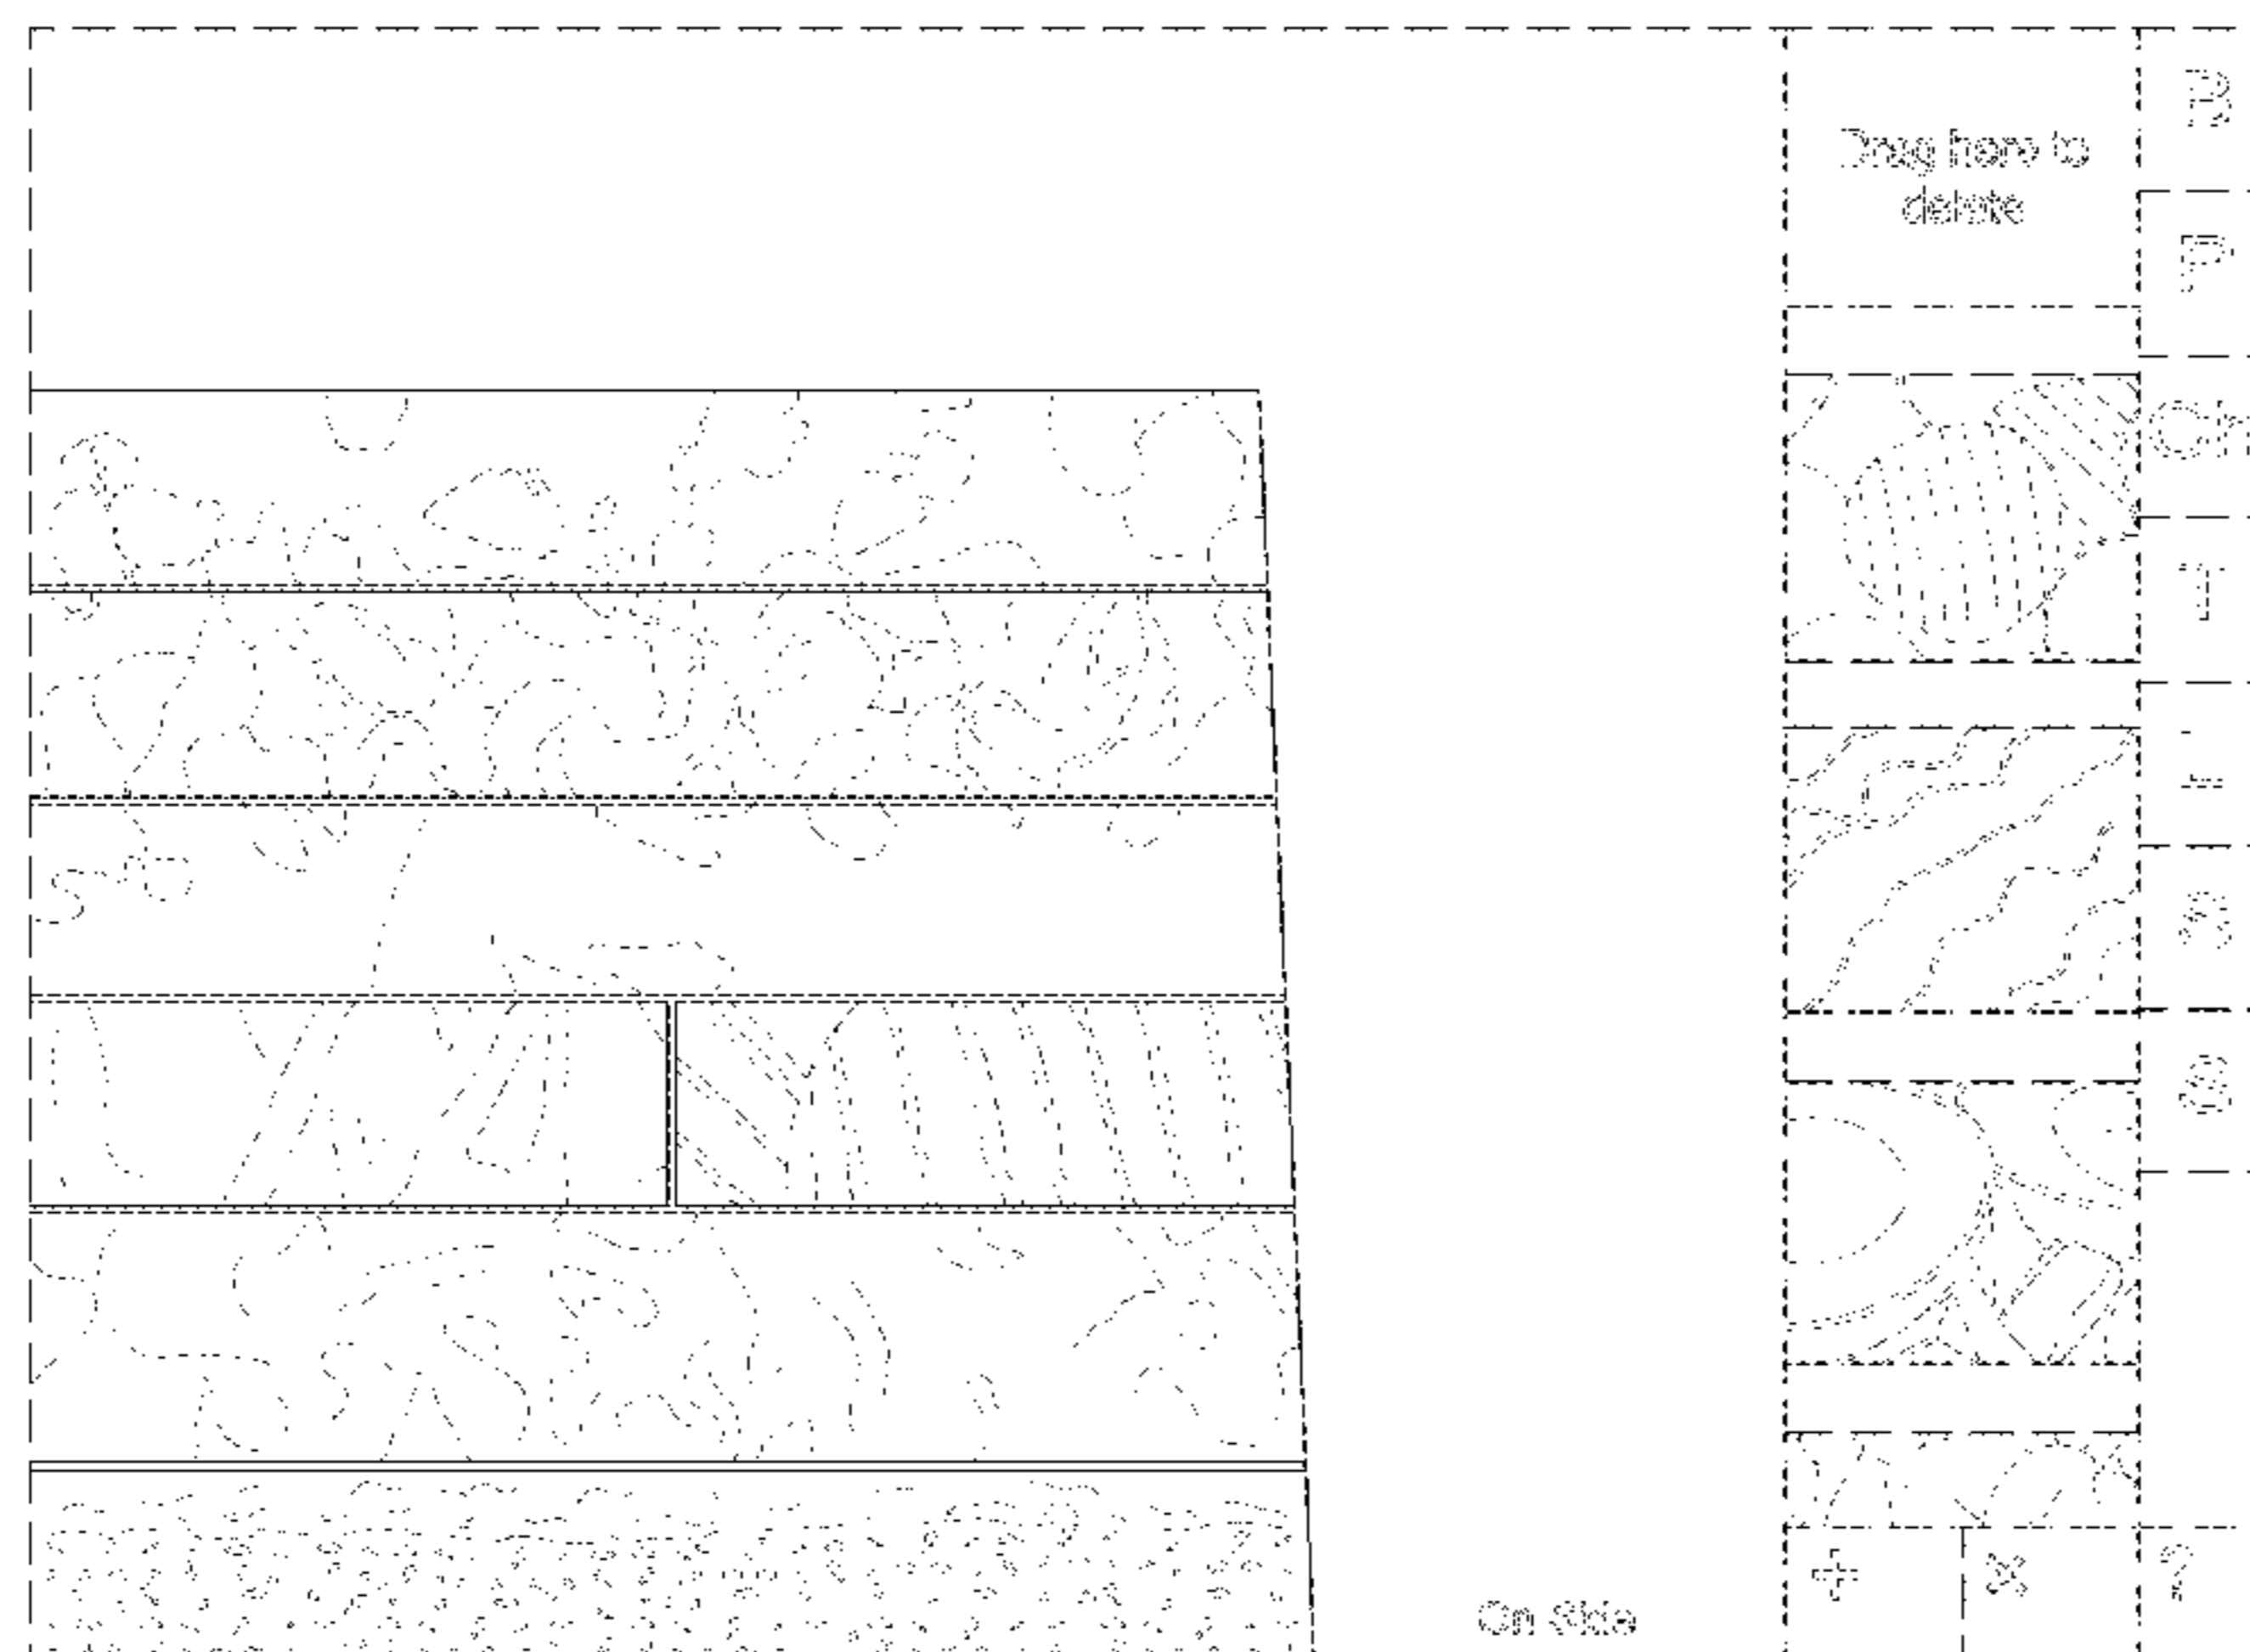

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the reproduction of the patent document of the patent disclosure, as it appears in the U.S. Patent Office records, but reserves all other copyright rights whatsoever.

The FIGURE is a front view of an embodiment of a display screen or portion thereof with graphical user interface.

The outermost rectangle shown in broken lines in the FIGURE illustrates a display screen portion. All other broken lines in the FIGURE illustrate unclaimed features of the graphical user interface. The broken lines in the FIGURE form no part of the claimed design.
