(57) **CLAIM**

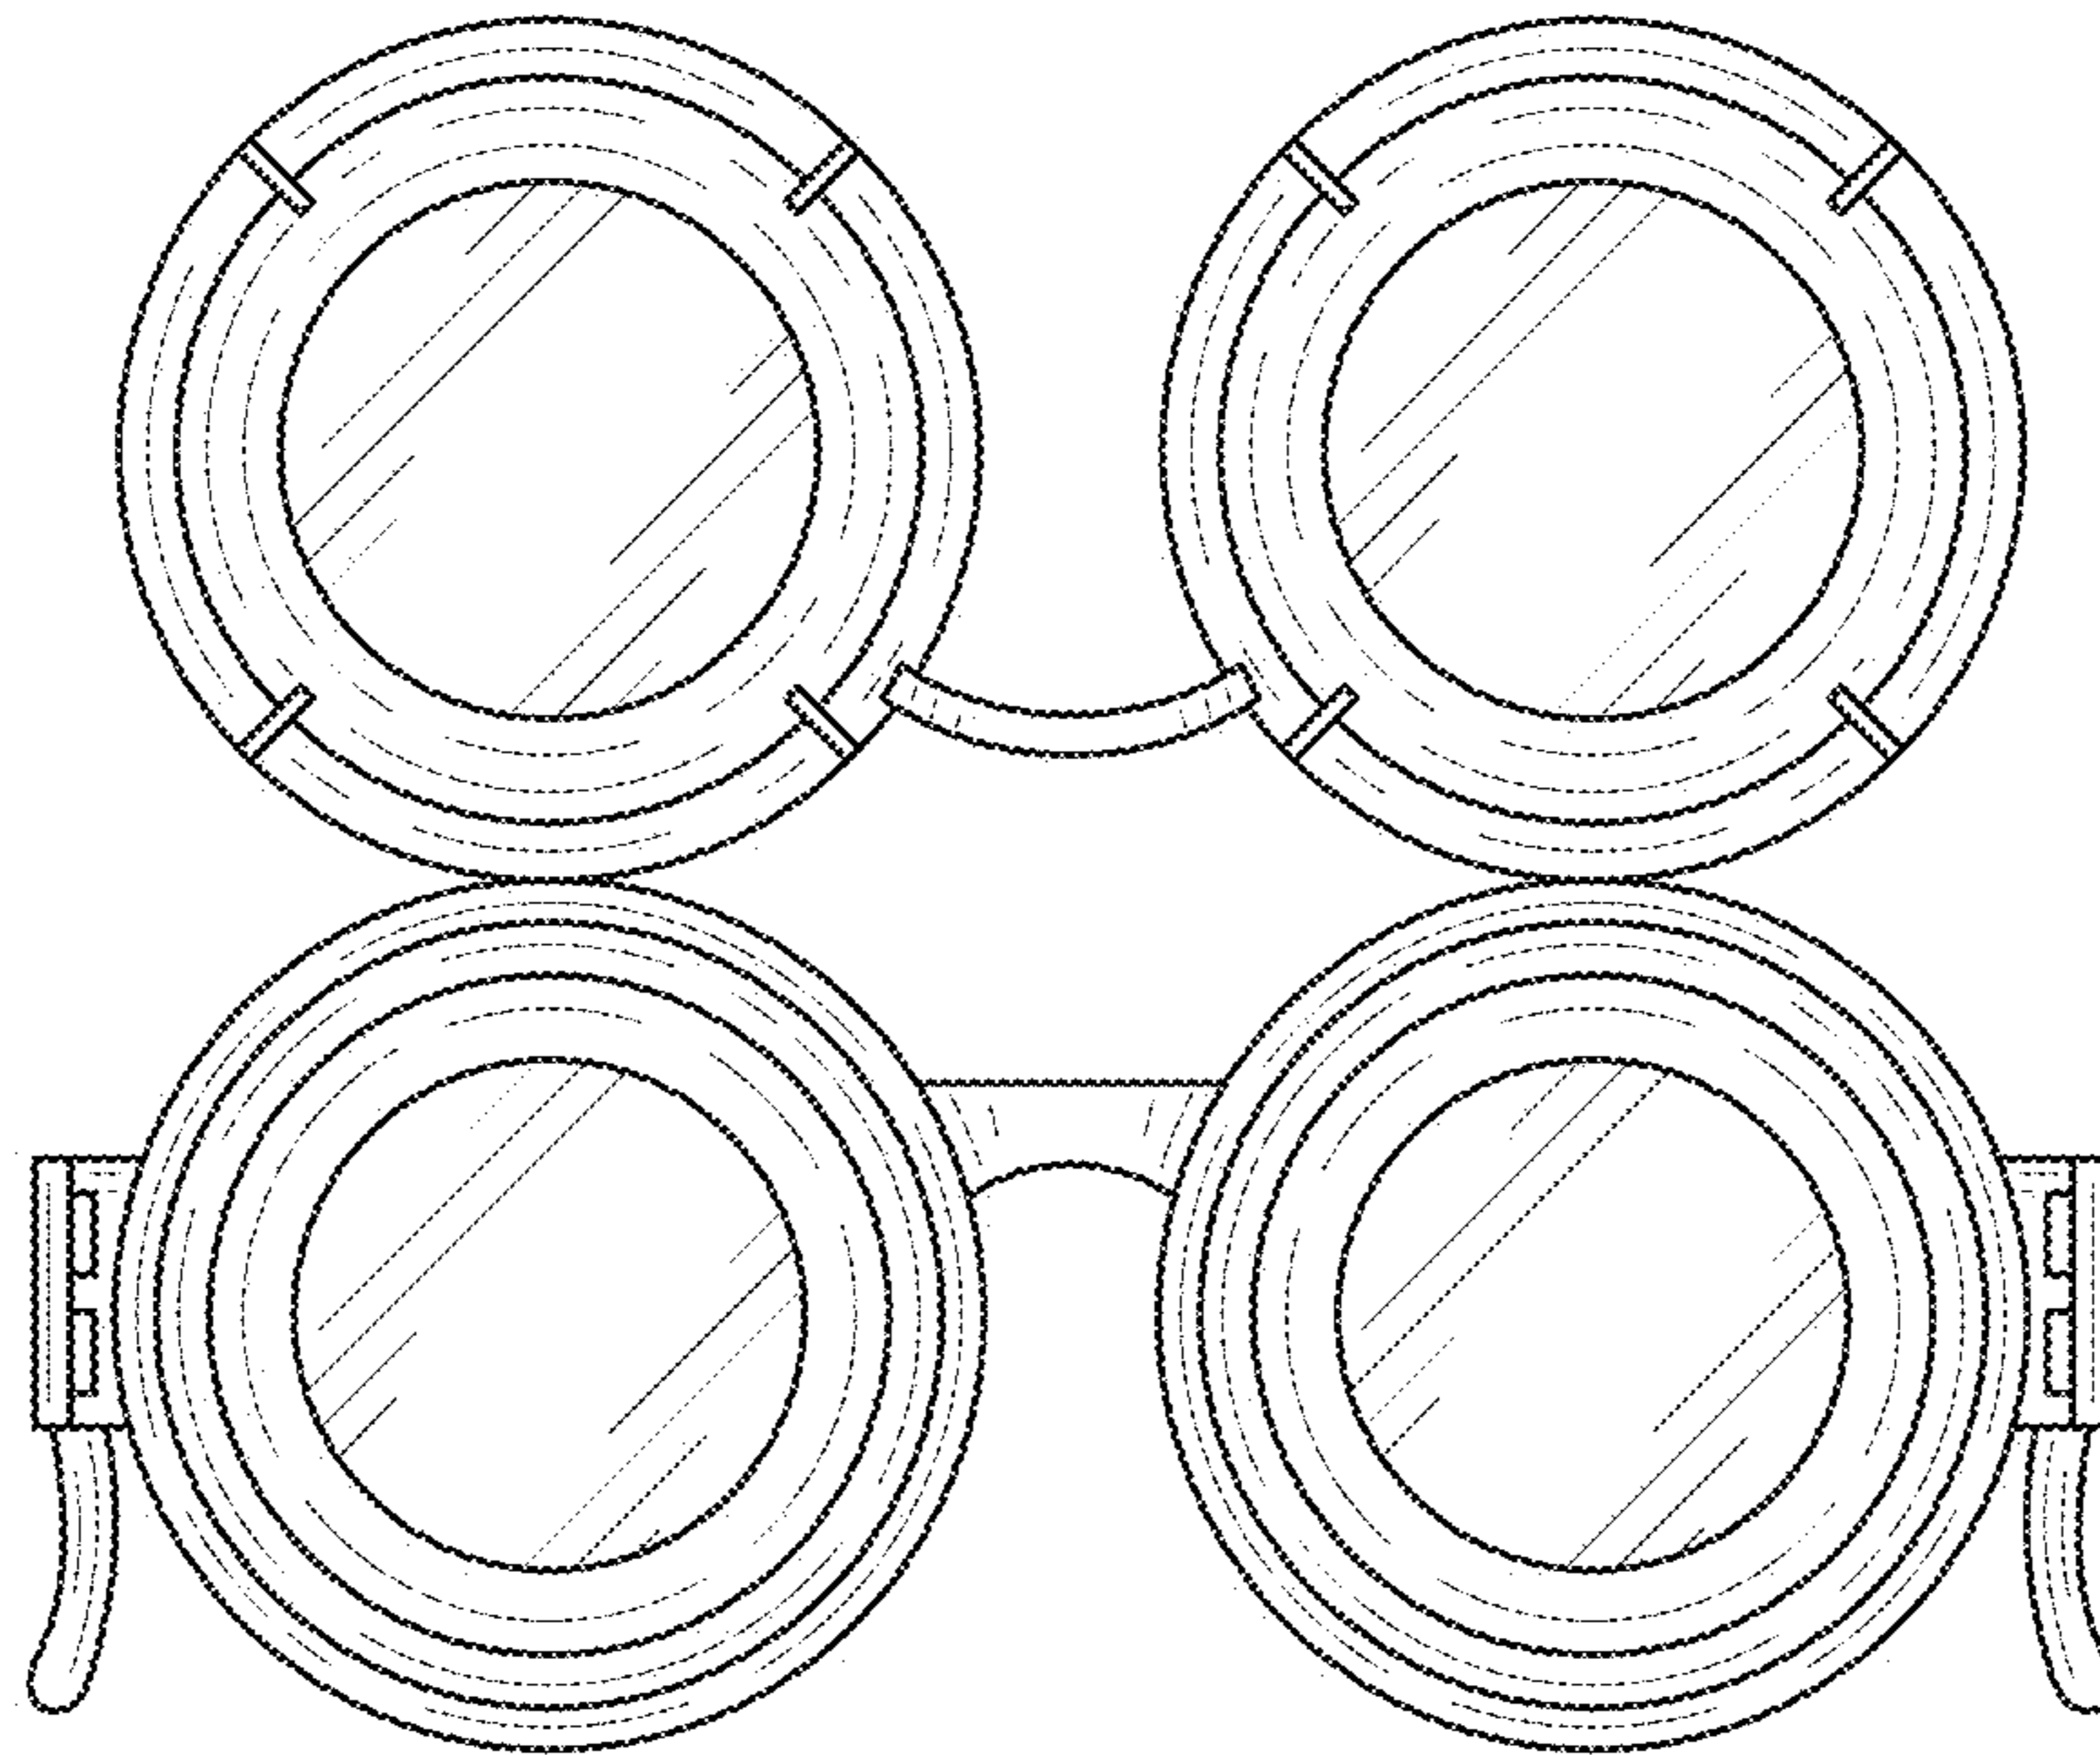

The ornamental design for magnifying glasses, as shown and  
described.

**DESCRIPTION**

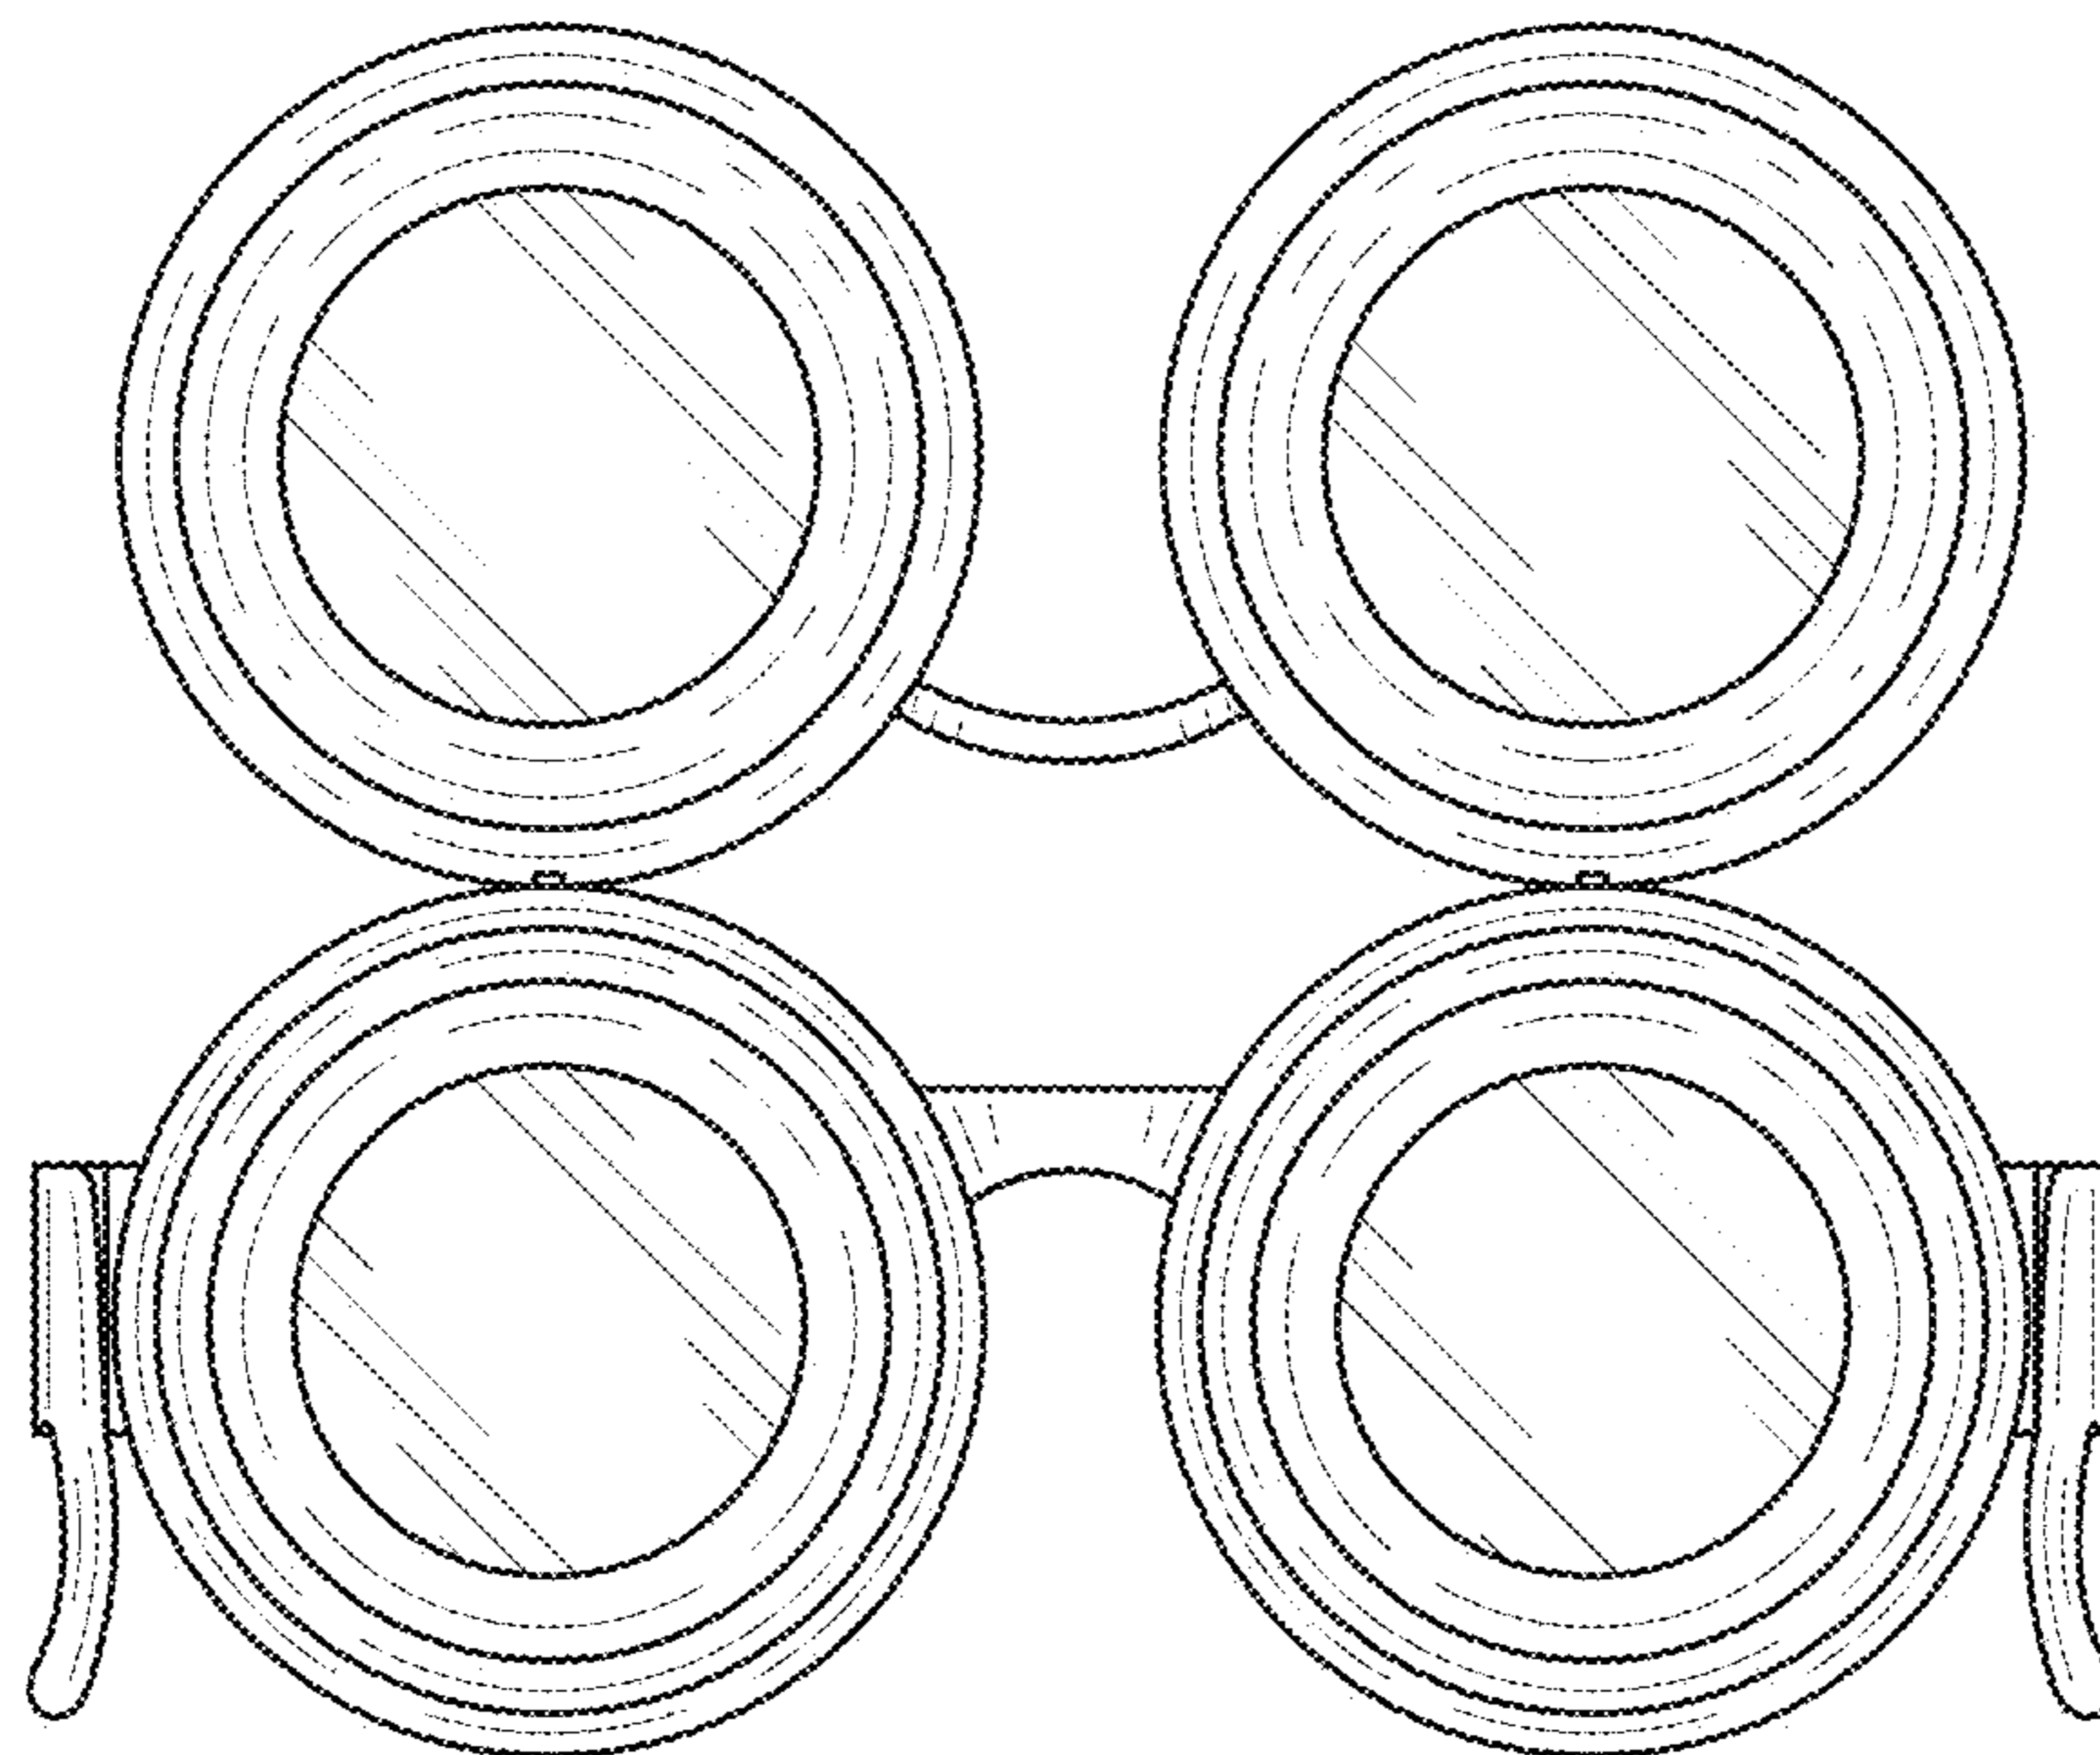

FIG. 1 is a front view of the present invention with the outer  
lenses in an up position; and  
FIG. 2 is a rear view of the present invention with the outer  
lenses in an up position; and  
FIG. 3 is a right side view of the present invention with the  
outer lenses in an up position; and  
FIG. 4 is a left side view of the present invention with the outer  
lenses in an up position; and  
FIG. 5 is a perspective view of the present invention on a user  
with the outer lenses in an up position; and  
FIG. 6 is a perspective view of the present invention on a user  
with the outer lenses in a down position.  
Wherein the dotted lines herein form no part of the claimed  
invention and serve only to illustrate use and environment.

**1 Claim, 4 Drawing Sheets**
