(57) **CLAIM**

The ornamental design for a universal spacer kit, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a universal spacer kit according to my new design;

FIG. 2 is front perspective view of the spacer detached from the kit;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a side elevational view thereof;

FIG. 5 is top plan view thereof;

FIG. 6 is a front perspective view of a second embodiment of the design shown in FIG. 1, the undisclosed opposite side and plan views are similar to the first embodiment except for the thickness; and,

FIG. 7 is a front perspective view of a third embodiment of the design shown in FIG. 1, the undisclosed opposite side and plan views are similar to the first embodiment except for the thickness.

The broken lines showing a second spacer is for the purposes of illustrating environment and forms no part of the claimed design.

The spacer element has been shown detached from the view of FIG. 1 for clarity and ease of illustration.
