CLAIM

The ornamental design for a pump dispenser, as shown and described.

DESCRIPTION

FIG. 1 is a top, right, front perspective view of a pump dispenser embodying our new design;

FIG. 2 is a front elevational view thereof, the rear elevational view being identical to the front elevational view;

FIG. 3 is a right side elevational view thereof, the left side elevational view being identical to the right side elevational view;

FIG. 4 is a top plan view thereof; and,

FIG. 5 is a bottom plan view thereof.

The broken line representations in the views are for illustrative purposes only and form no part of the claimed design. Dash-dot broken lines represent the boundary between claimed and unclaimed areas and form no part of the claimed design.

In a preferred embodiment, the nature of the product is a pump dispenser that can dispense a cleaning fluid from a bottle.
