(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

The single FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design. The broken line showing of a display screen forms no part of the claimed design.
