(57) **CLAIM**
The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent contains material to which a claim for copyright is made. The copyright owner has no objection to reproduction of the patent document as it appears in the Patent Office, but reserves all other rights. This patent contains at least one drawing executed in color. Copies of this patent with color drawings will be provided by the Patent Office upon request and payment of any necessary fee.

The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design. The broken line showing of a display screen forms no part of the claimed design.
