(57) **CLAIM**

The ornamental design for a display screen with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the first image of a display screen with transitional graphical user interface showing our new design; FIG. 2 is a front view of the second image thereof; FIG. 3 is a front view of the third image thereof; FIG. 4 is a front view of the fourth image thereof; FIG. 5 is a front view of the fifth image thereof; and, FIG. 6 is a front view of the sixth image thereof. The appearance of the transitional images sequentially transitions between the images shown in FIGS. 1-6. The process or period in which one image transitions to another image forms no part of the claimed design.
