(57) **CLAIM**

The ornamental design for a removable wireless data acquisition module, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a removable wireless data acquisition module in accordance with a preferred embodiment of our new design;
FIG. 2 is a rear elevational view thereof;
FIG. 3 is a right side elevational view thereof;
FIG. 4 is a left side elevational view thereof;
FIG. 5 is a top plan view thereof;
FIG. 6 is a bottom plan view thereof;
FIG. 7 is a rear elevational perspective view thereof; and,
FIG. 8 is a front elevational perspective view thereof.
The broken lines in the figures are directed to environment and are for illustrative purposes only and form no part of the claimed design.
