(57) **CLAIM**

The ornamental design for a battery charger, of the present invention as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a battery charger of the present invention;
FIG. 2 is a front view of the battery charger of the present invention;
FIG. 3 is a rear view of the battery charger of the present invention;
FIG. 4 is a bottom view of the battery charger of the present invention;
FIG. 5 is a top view of the battery charger of the present invention;
FIG. 6 is a right side view of the battery charger of the present invention; and,
FIG. 7 is a left side view of the battery charger of the present invention.
