The ornamental design for a temperature sensing device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the temperature sensing device of the present invention, showing the new, original, and ornamental design;

FIG. 2 is a top view of the temperature sensing device of the present invention, showing the new, original, and ornamental design;

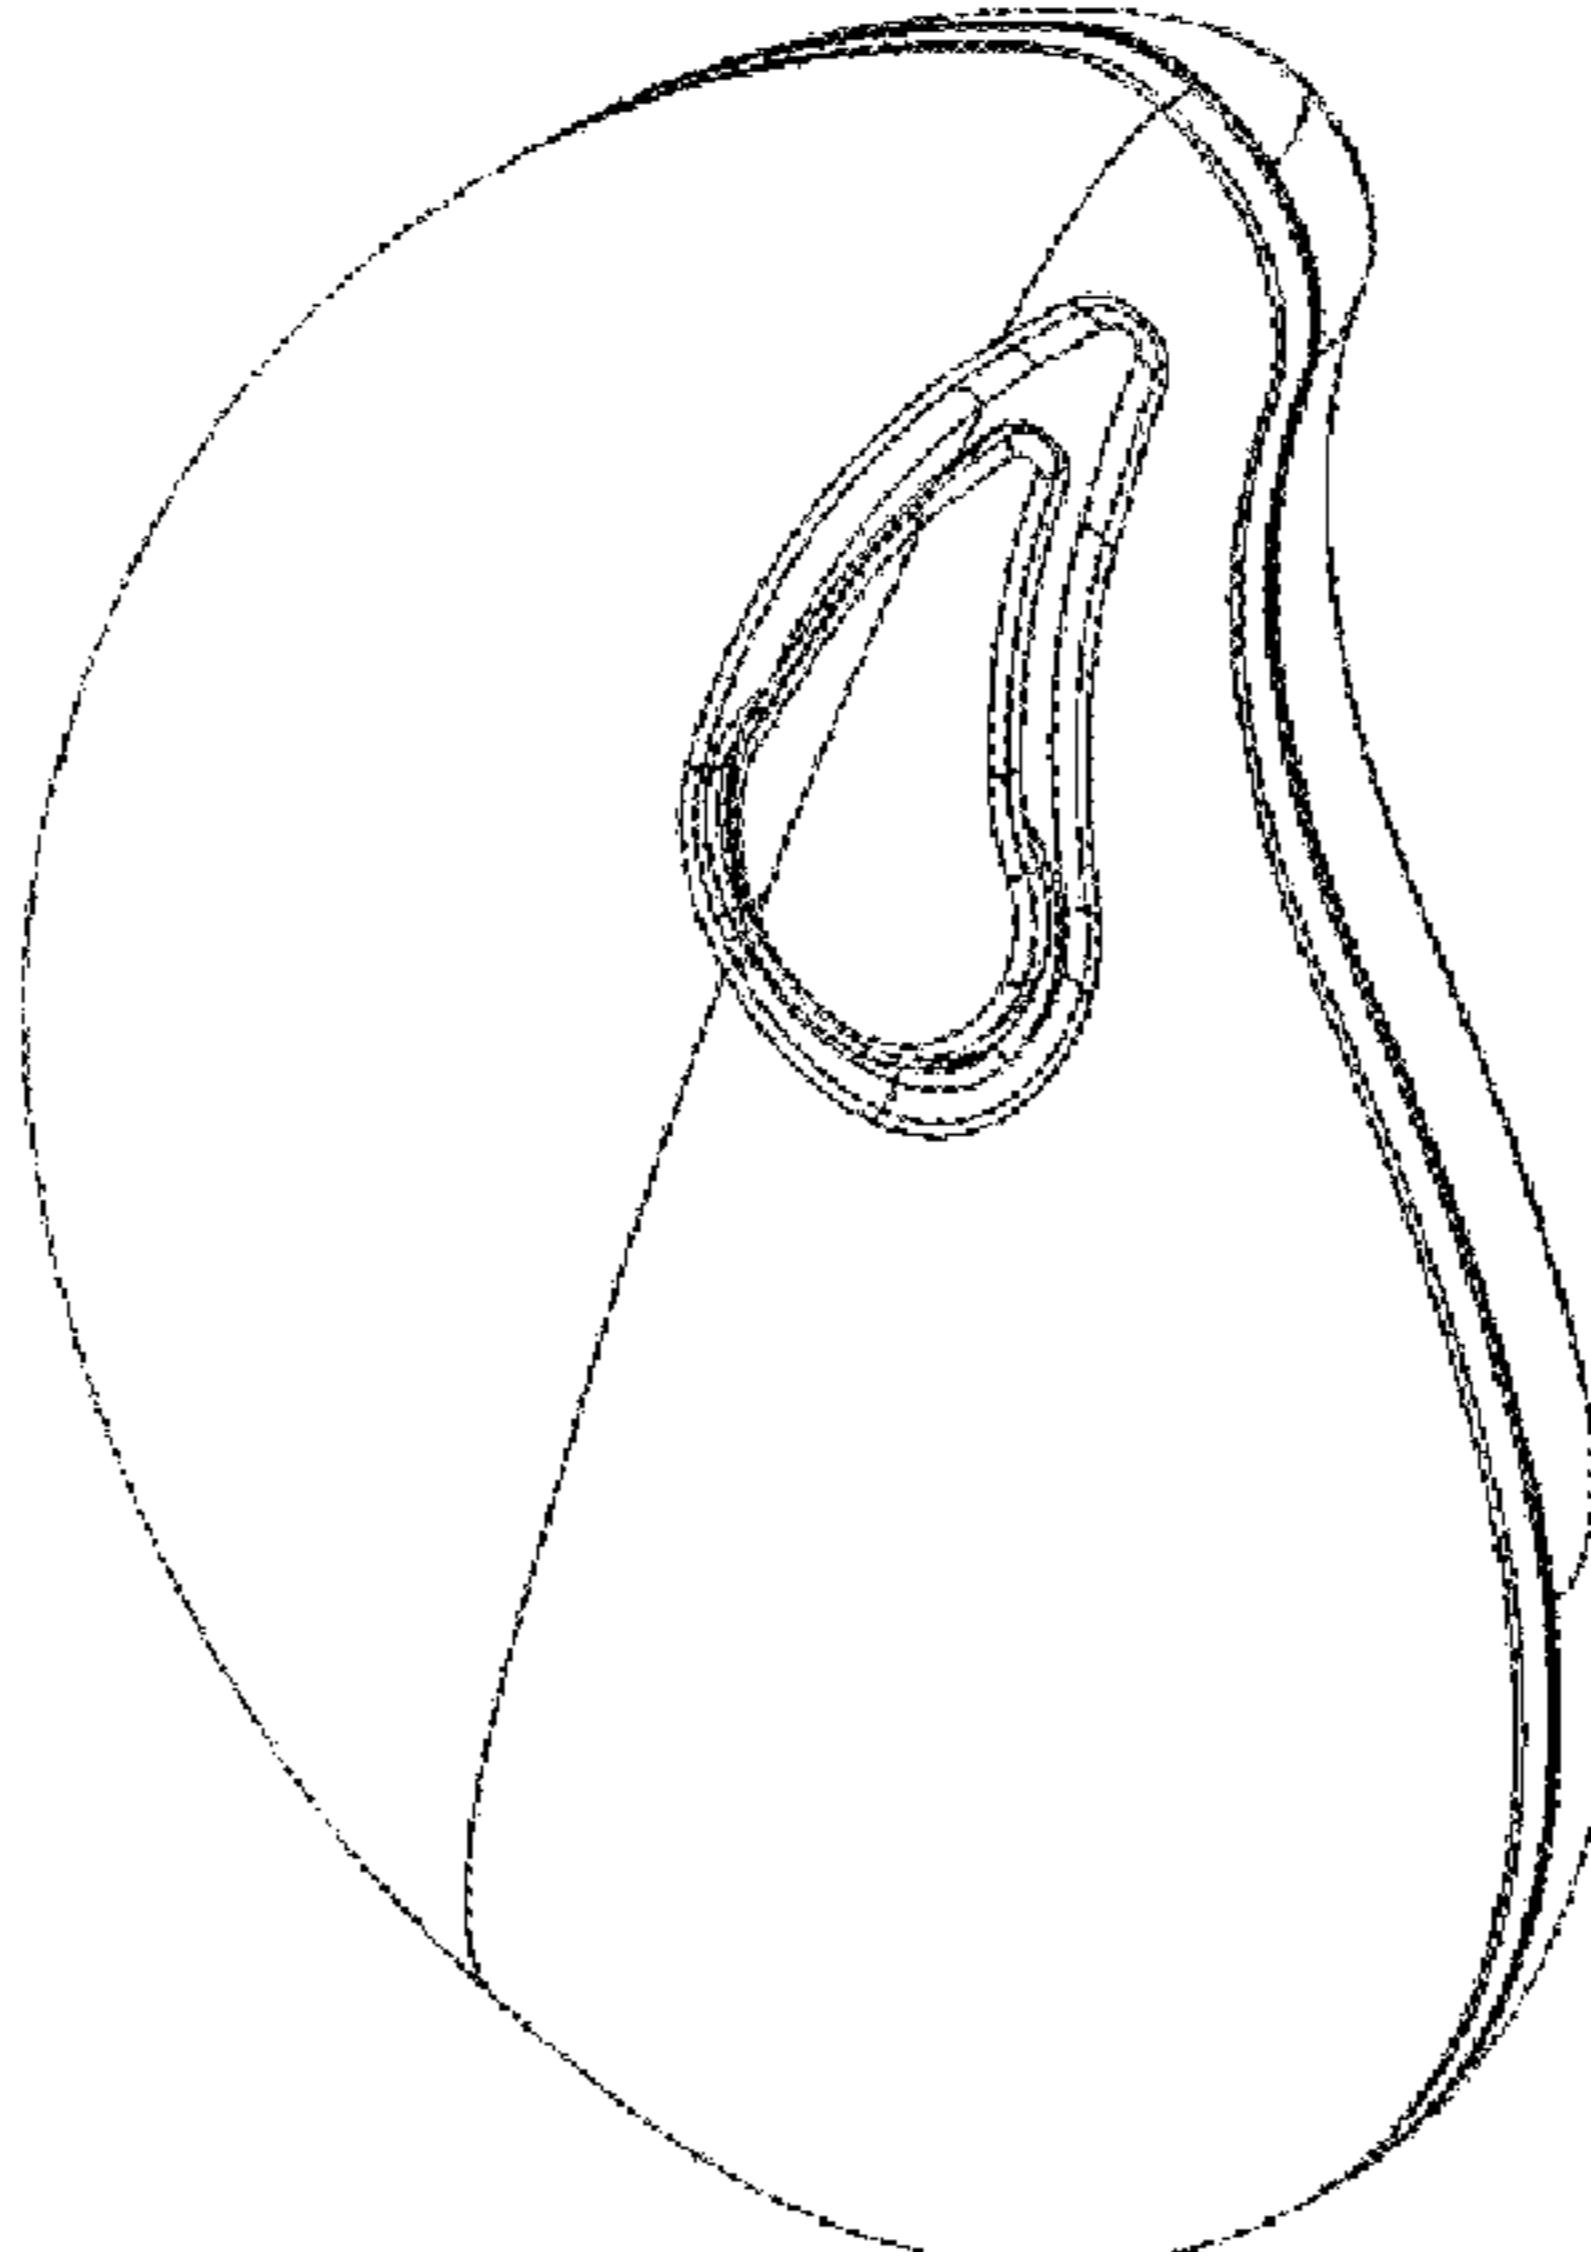

FIG. 3 is a bottom view of the temperature sensing device of the present invention, showing the new, original, and ornamental design;

FIG. 4 is a front view of the temperature sensing device of the present invention, showing the new, original, and ornamental design;

FIG. 5 is a back view of the temperature sensing device of the present invention, showing the new, original, and ornamental design;

FIG. 6 is a left side view of the temperature sensing device of the present invention, showing the new, original, and ornamental design; and,

FIG. 7 is a right side view of the temperature sensing device of the present invention, showing the new, original, and ornamental design.
