(57) **CLAIM**

I claim the ornamental design for a display screen or portion thereof with a graphical user interface, as shown and described.

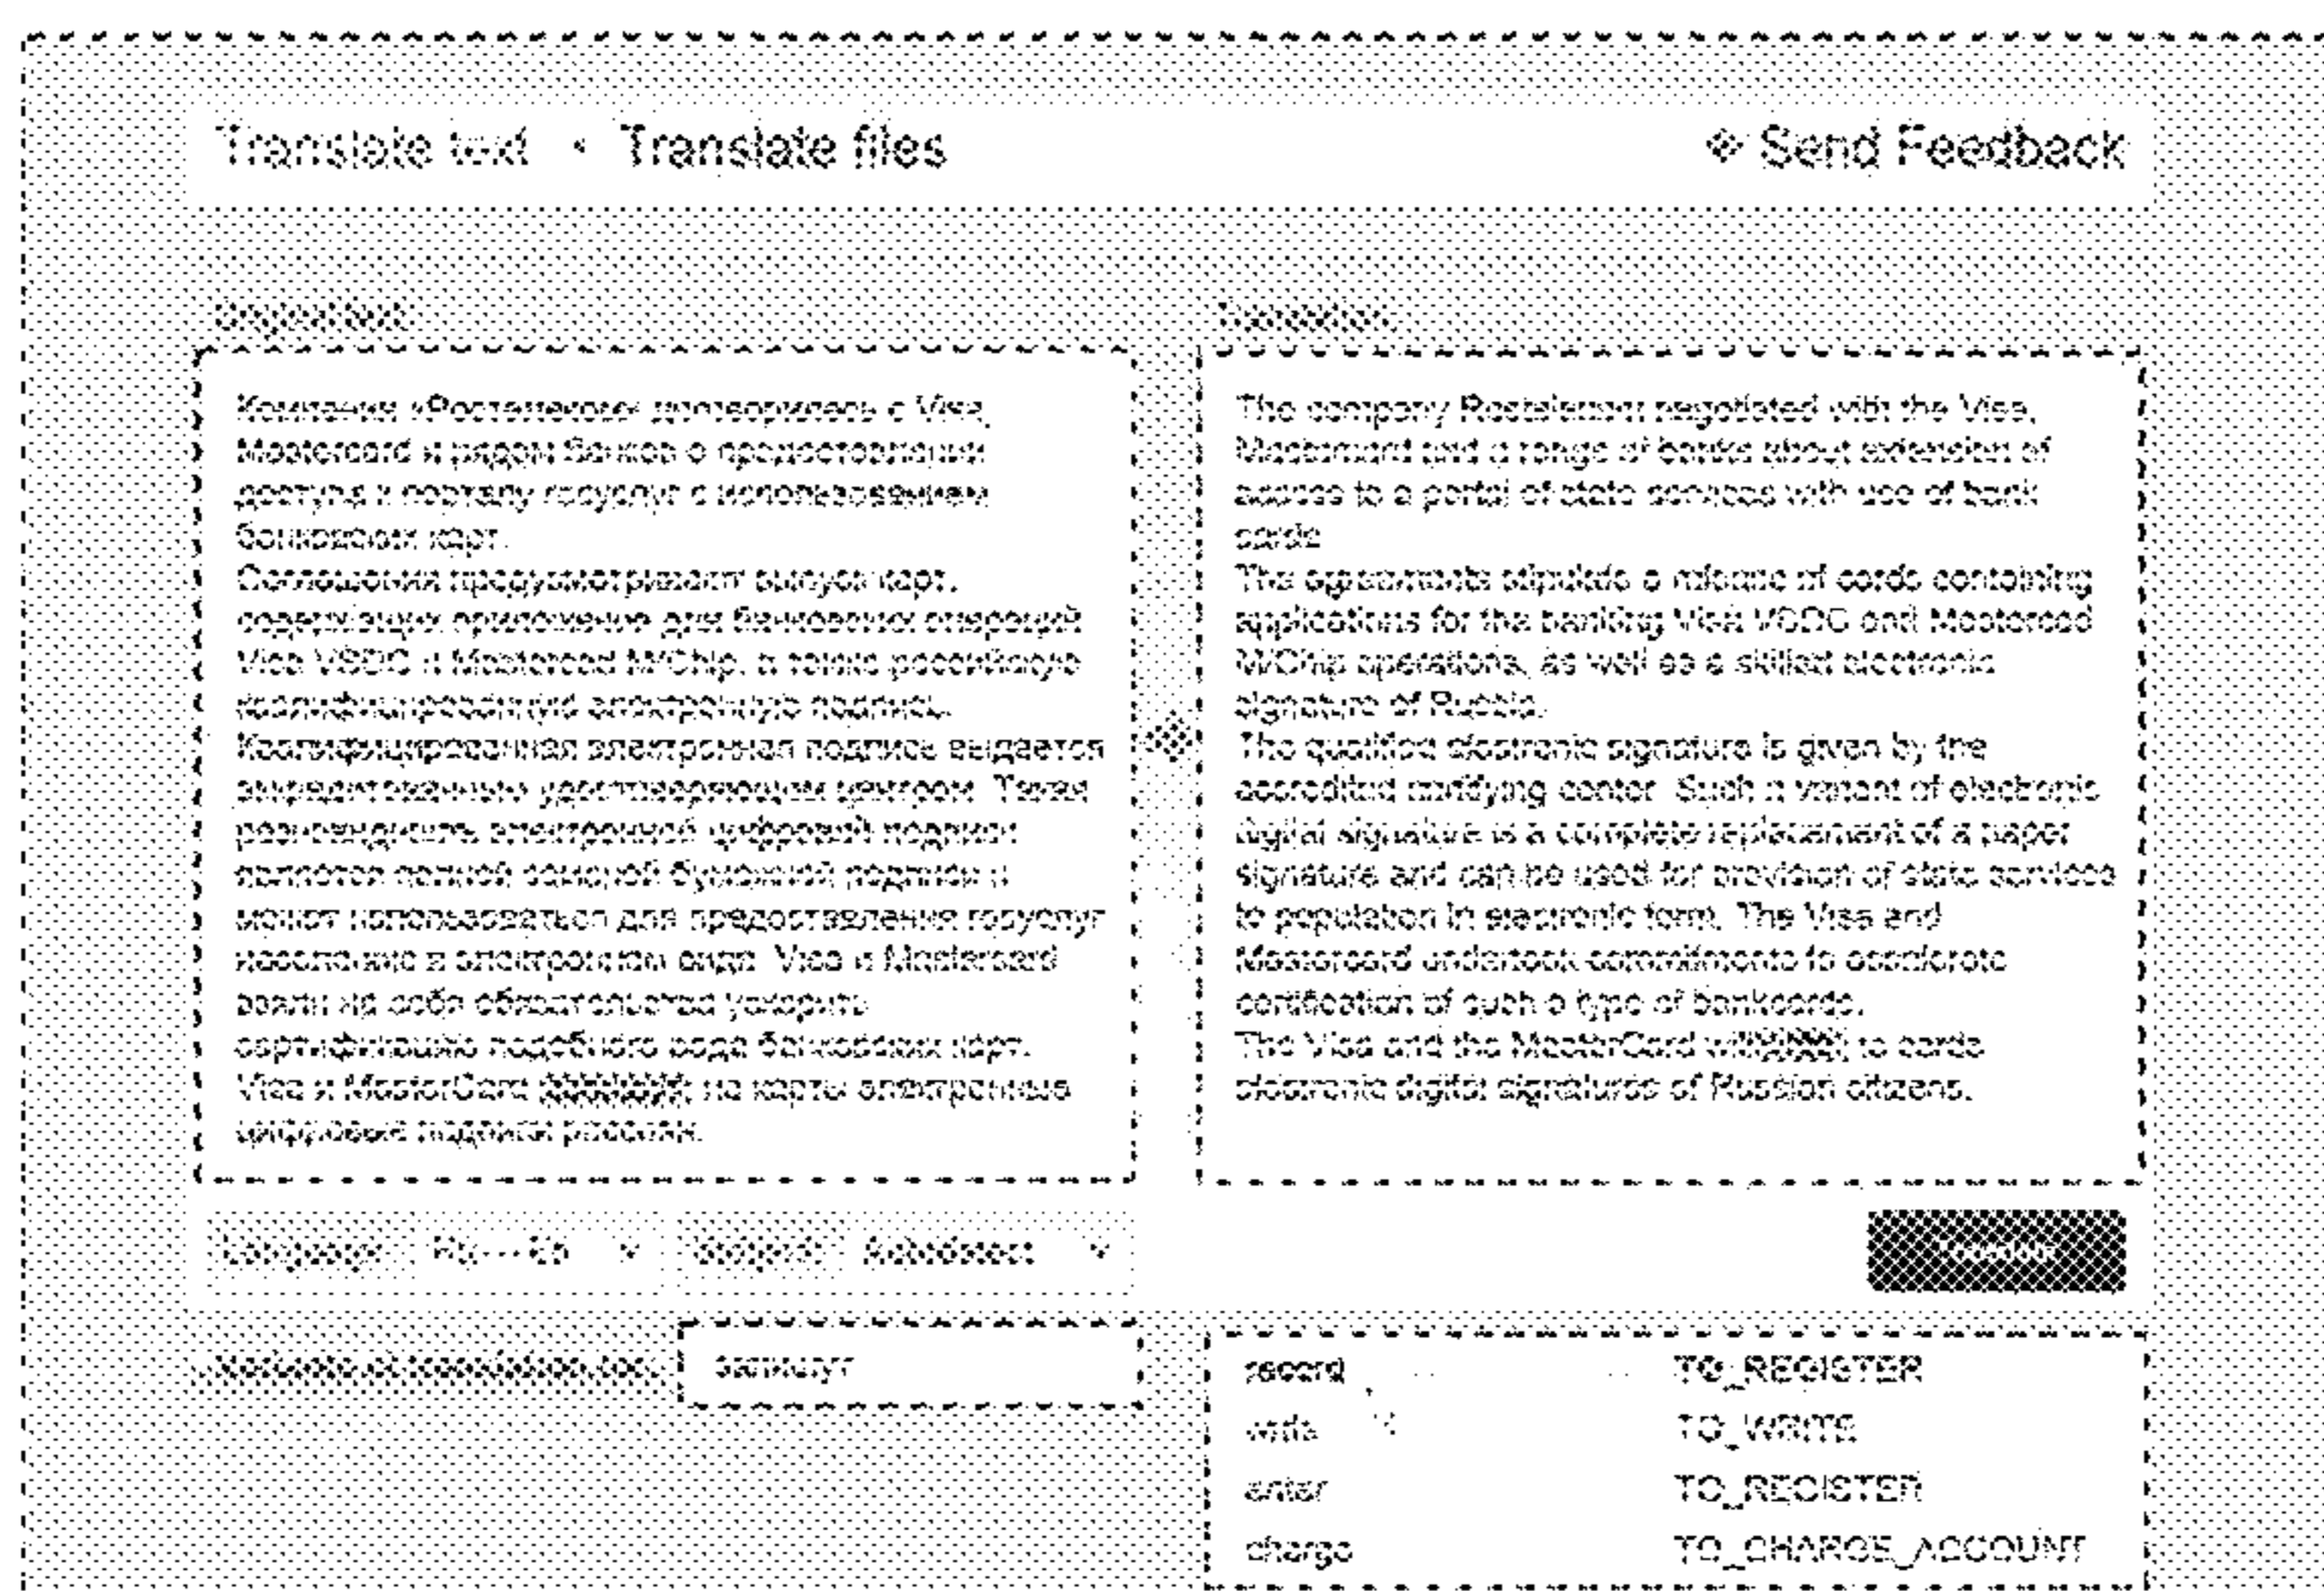

DESCRIPTION

The single FIGURE is a front view of a display screen or portion thereof with a graphical user interface showing our new design.

The broken line perimeter in the FIGURE represents both the boundaries of the display screen and the graphical user interface. In the FIGURE, this outer edge of the portion of the display screen is understood to be congruent with the outer edge of the graphical user interface.

The broken lines shown in the drawings illustrate portions of the display screen or portion thereof with a graphical user interface that forms no part of the claimed design.

Original text:

Компания «Ростелеком» договорилась с Visa, Mastercard и рядом банков о предоставлении доступа к портуалу госуслуг с использованием банковских карт.

Сотрудники проанализировали список карт, содержащих приложения для банковских операций Visa VSDC и Mastercard MChip, а также российскую кодифицированную электронную подпись.

Кодифицированная электронная подпись выдается аккредитованным удостоверяющим центром. Такая возможность электронной цифровой подписи порожен полной электронной подписью и может использоваться для предоставления госуслуг населению в электронном виде. Visa и Mastercard сами на себя обязательства ускорить сертификацию подобного рода банковских карт. Visa и Mastercard ~~предлагают~~ на карты электронные цифровые подписи россиян.

Variants of translation for:

Translation:

The company Rostelecom negotiated with the Visa, Mastercard and a range of banks about extension of access to a portal of state services with use of bank cards.

The agreements stipulate a release of cards containing applications for the banking Visa VSDC and Mastercard MChip operations, as well as a skilled electronic signature of Russia.

The qualified electronic signature is given by the accredited certifying center. Such a variant of electronic digital signature is a complete replacement of a paper signature and can be used for provision of state services to population in electronic form. The Visa and Mastercard undertake commitments to accelerate certification of such a type of bankcards.

The Visa and the Mastercard ~~will offer~~ to cards electronic digital signatures of Russian citizens.
