(57) **CLAIM**

The ornamental design for a bandana, as shown and described.

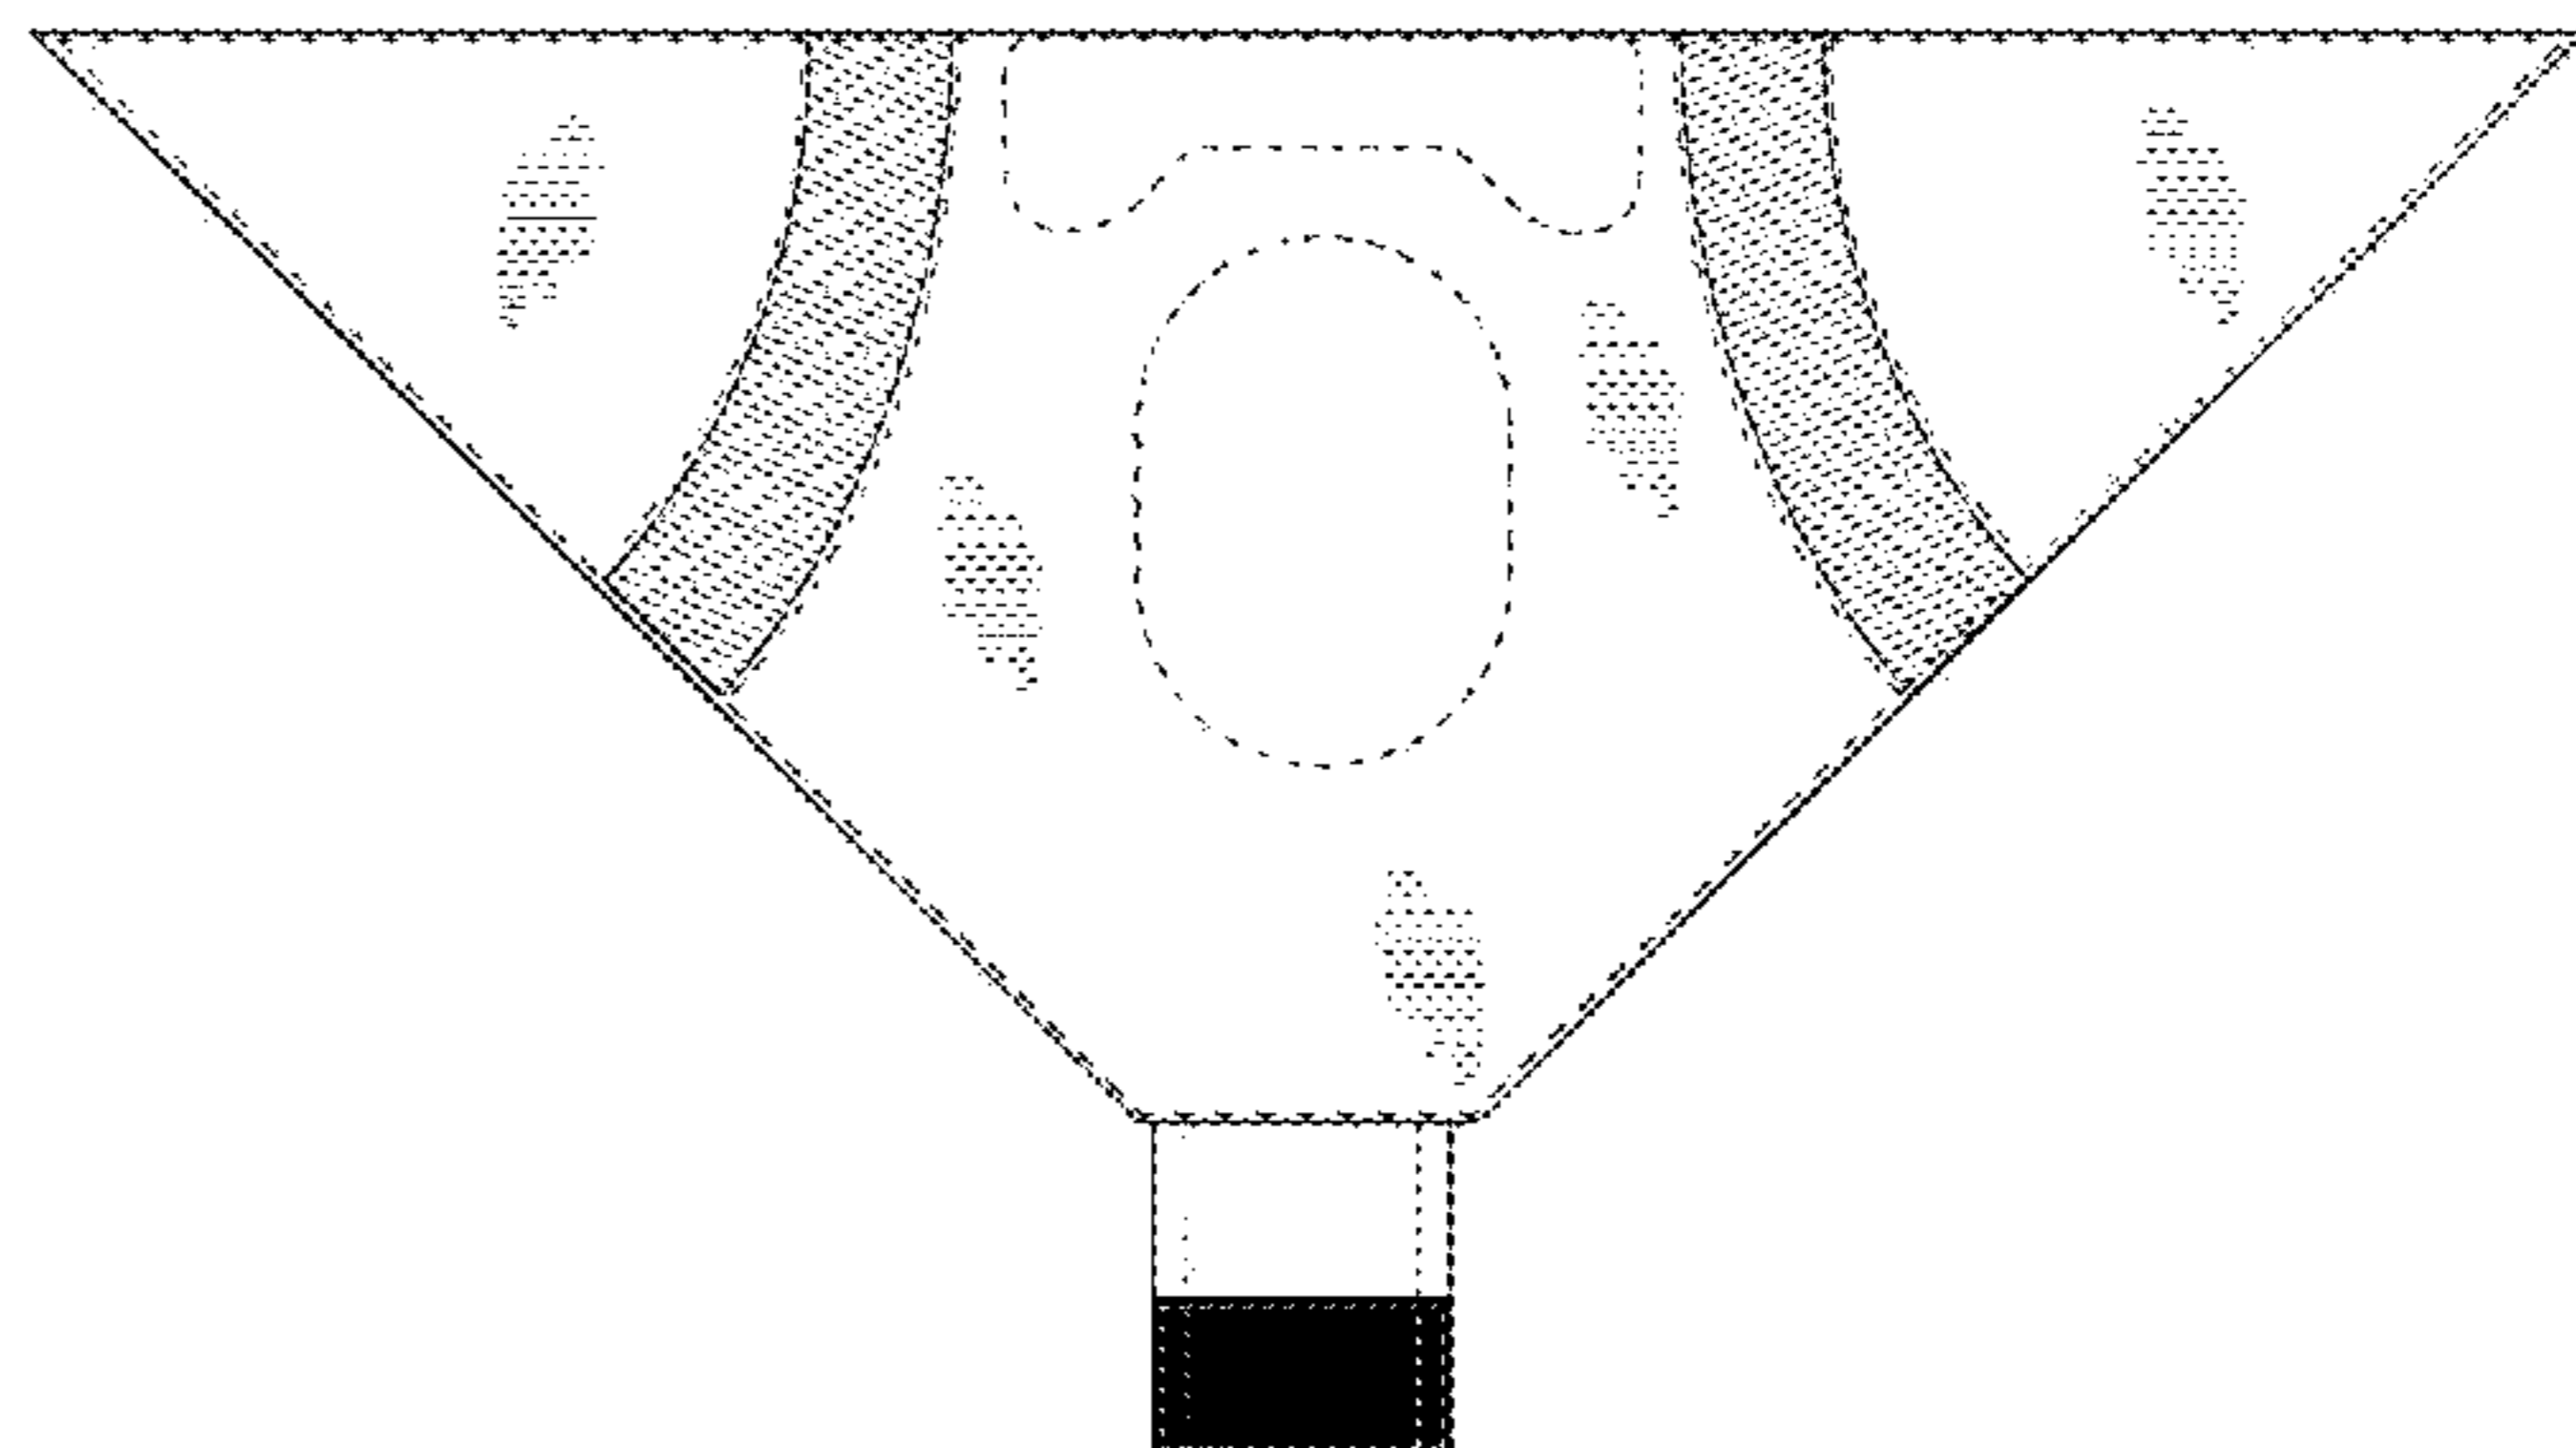

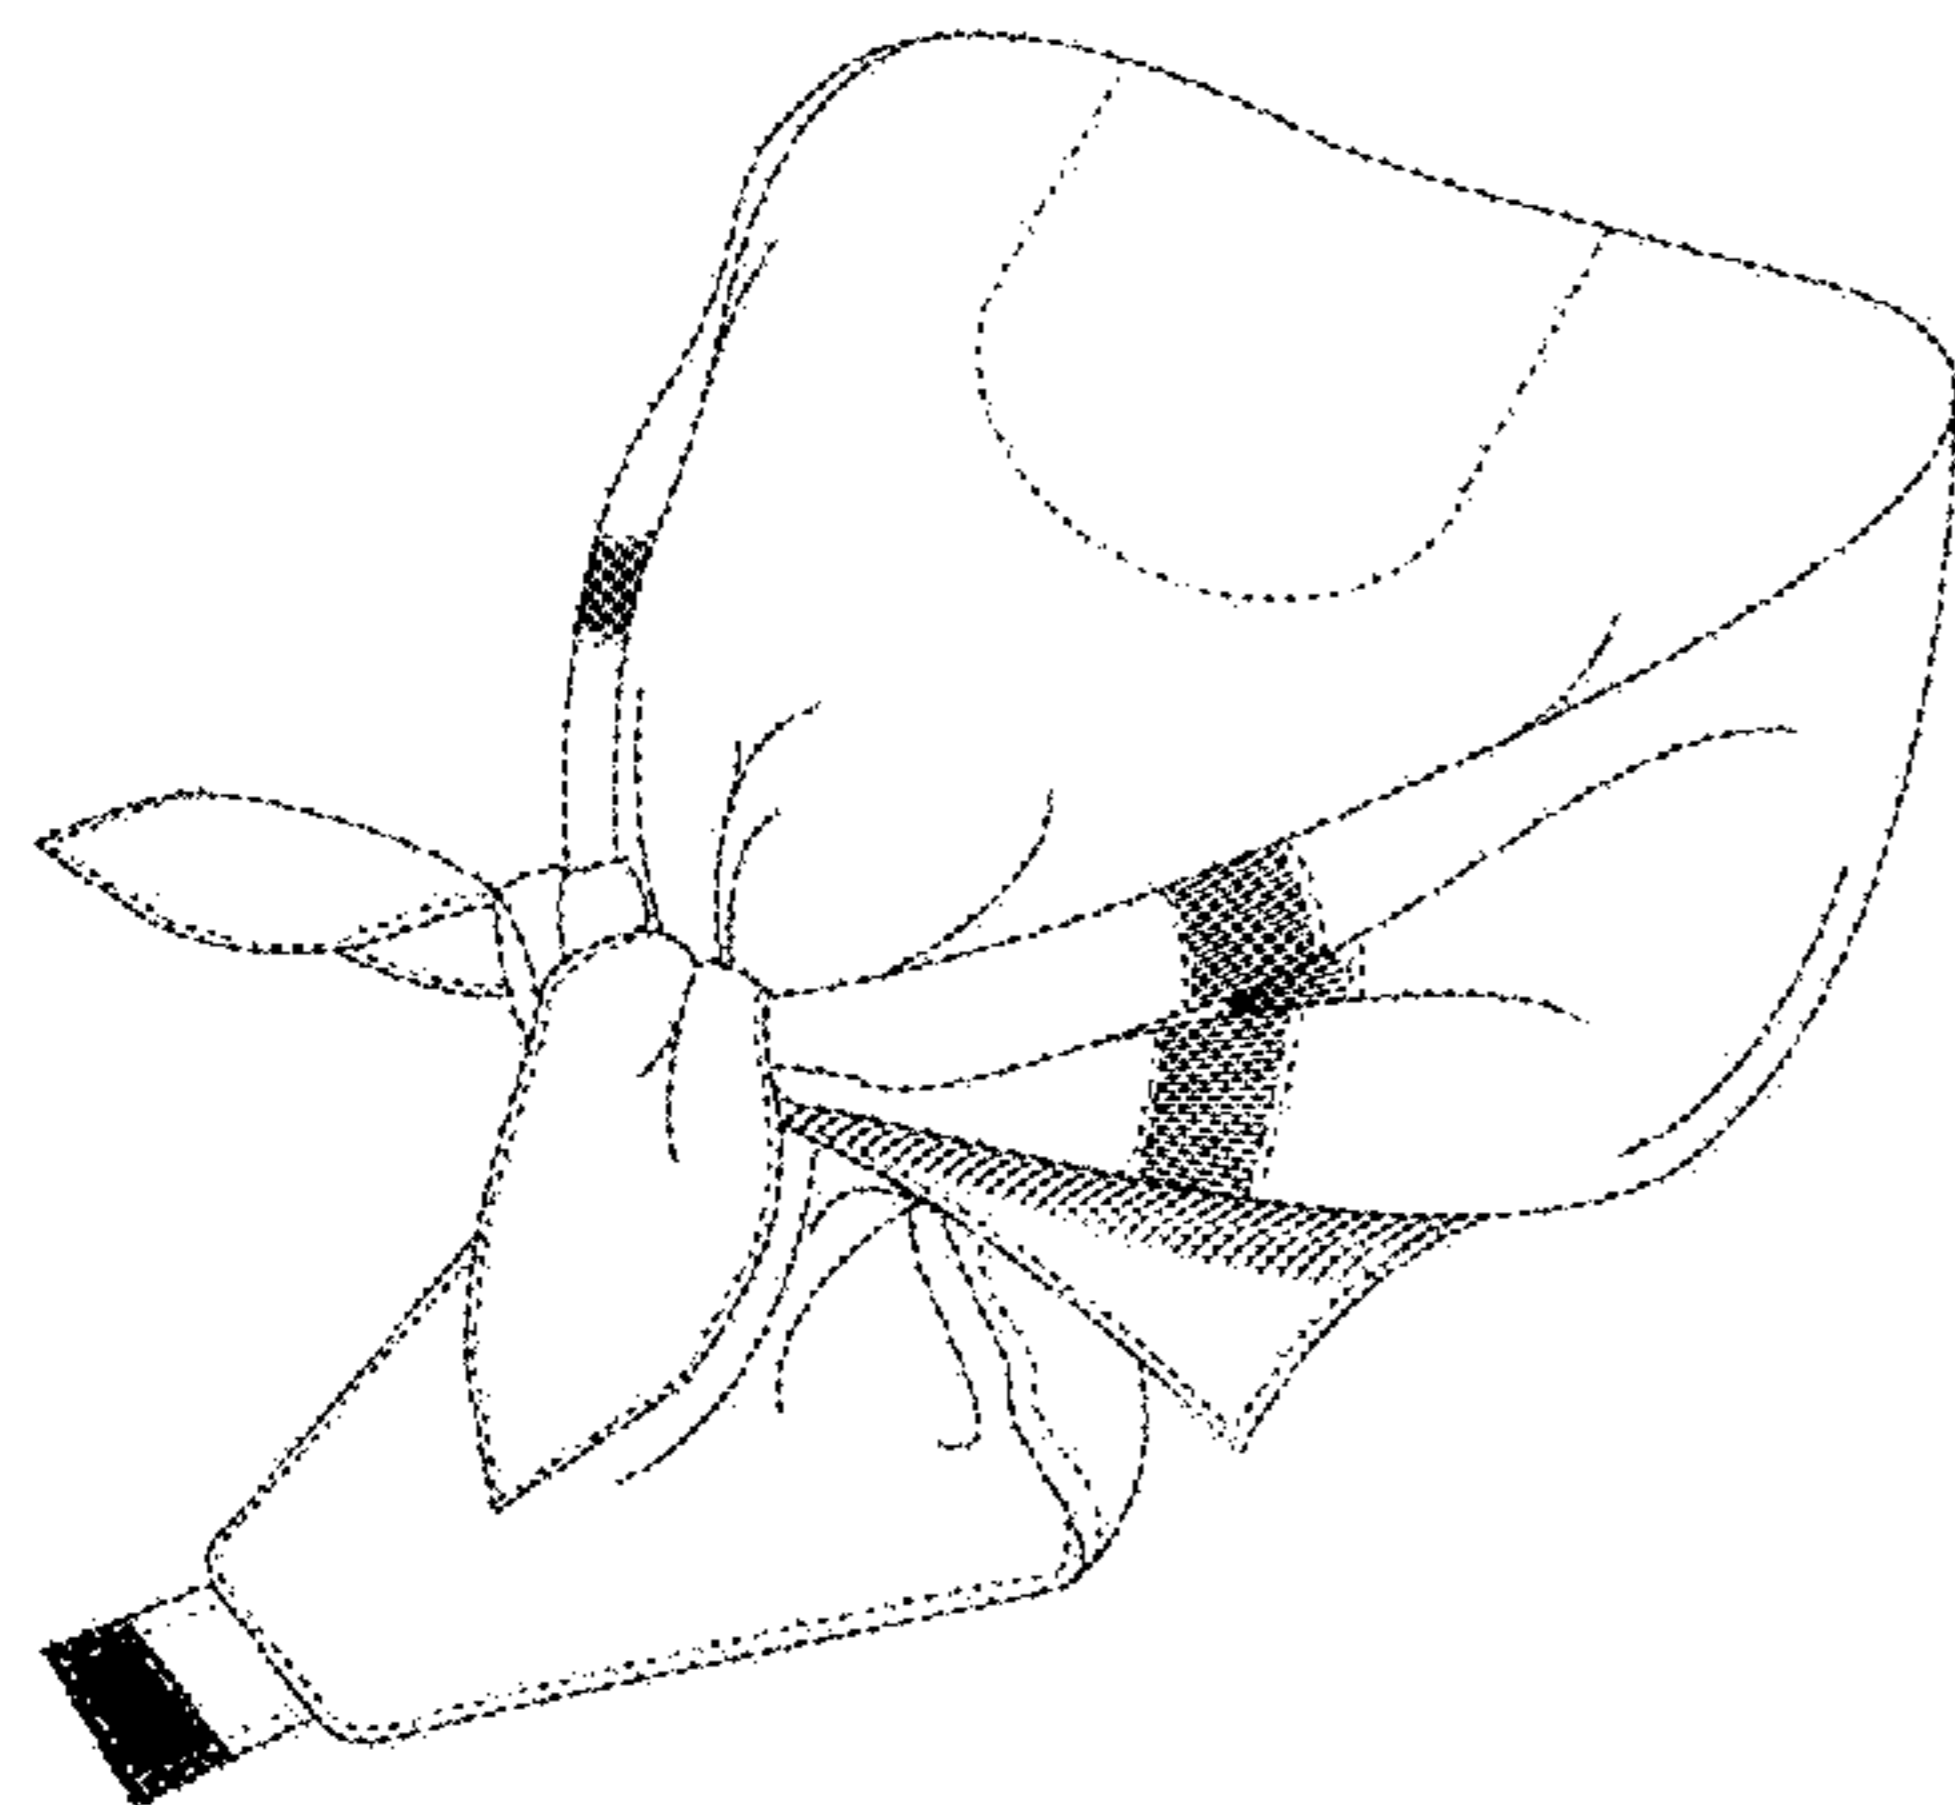

DESCRIPTION

FIG. 1 is a rear perspective view of a bandana according to an embodiment of the invention;
FIG. 2 is a front perspective view of a bandana according to an embodiment of the invention;
FIG. 3 is a top plan view of a bandana according to an embodiment of the invention;
FIG. 4 is a bottom plan view of a bandana according to an embodiment of the invention;
FIG. 5 is a rear elevation view of a bandana according to an embodiment of the invention;
FIG. 6 is a front elevation view of a bandana according to an embodiment of the invention;
FIG. 7 is a first side elevation view of a bandana according to an embodiment of the invention; and,
FIG. 8 is a second side elevation view of a bandana according to an embodiment of the invention.

The broken lines shown on the edges and on the central portion of the bandana are stitch lines and form a part of the claimed design. The dashed lines showing an individual's head, neck and facial features in FIG. 2 is to illustrate the claimed design as it appears when worn and form no part of the claimed design.

The solid black shading represents the color black. The cross-hatch pattern shown in the two shapes in FIG. 4 represents a fabric contrasting in appearance from that fabric shown with uniform shading. The line segments on the perimeter of the contrasting fabric represents an overlap in fabric. The lining shown on the arched shapes represent yet another fabric contrasting in appearance from the other fabrics shown.

1 Claim, 5 Drawing Sheets
