(57) **CLAIM**

The ornamental design for an ultrasound coupling bandage, as shown and described.

**DESCRIPTION**

FIG. 1 is a top perspective view of an ultrasound coupling bandage of the present design, showing four outer appendages each pointing in a different direction, with a first outer appendage pointing north, a second outer appendage pointing west, a third outer appendage pointing south, and a fourth outer appendage pointing east;

FIG. 2 is another top perspective view of thereof, showing the first outer appendage pointing southwest, the second outer appendage pointing southeast, the third outer appendage pointing northeast, and the fourth outer appendage pointing northwest;

FIG. 3 is a bottom perspective view of thereof;

FIG. 4 is a top plan view thereof, showing the first outer appendage pointing east, the second outer appendage pointing north, the third outer appendage pointing west, and the fourth outer appendage pointing south;

FIG. 5 is a side elevation view thereof, as viewed looking toward the first outer appendage;

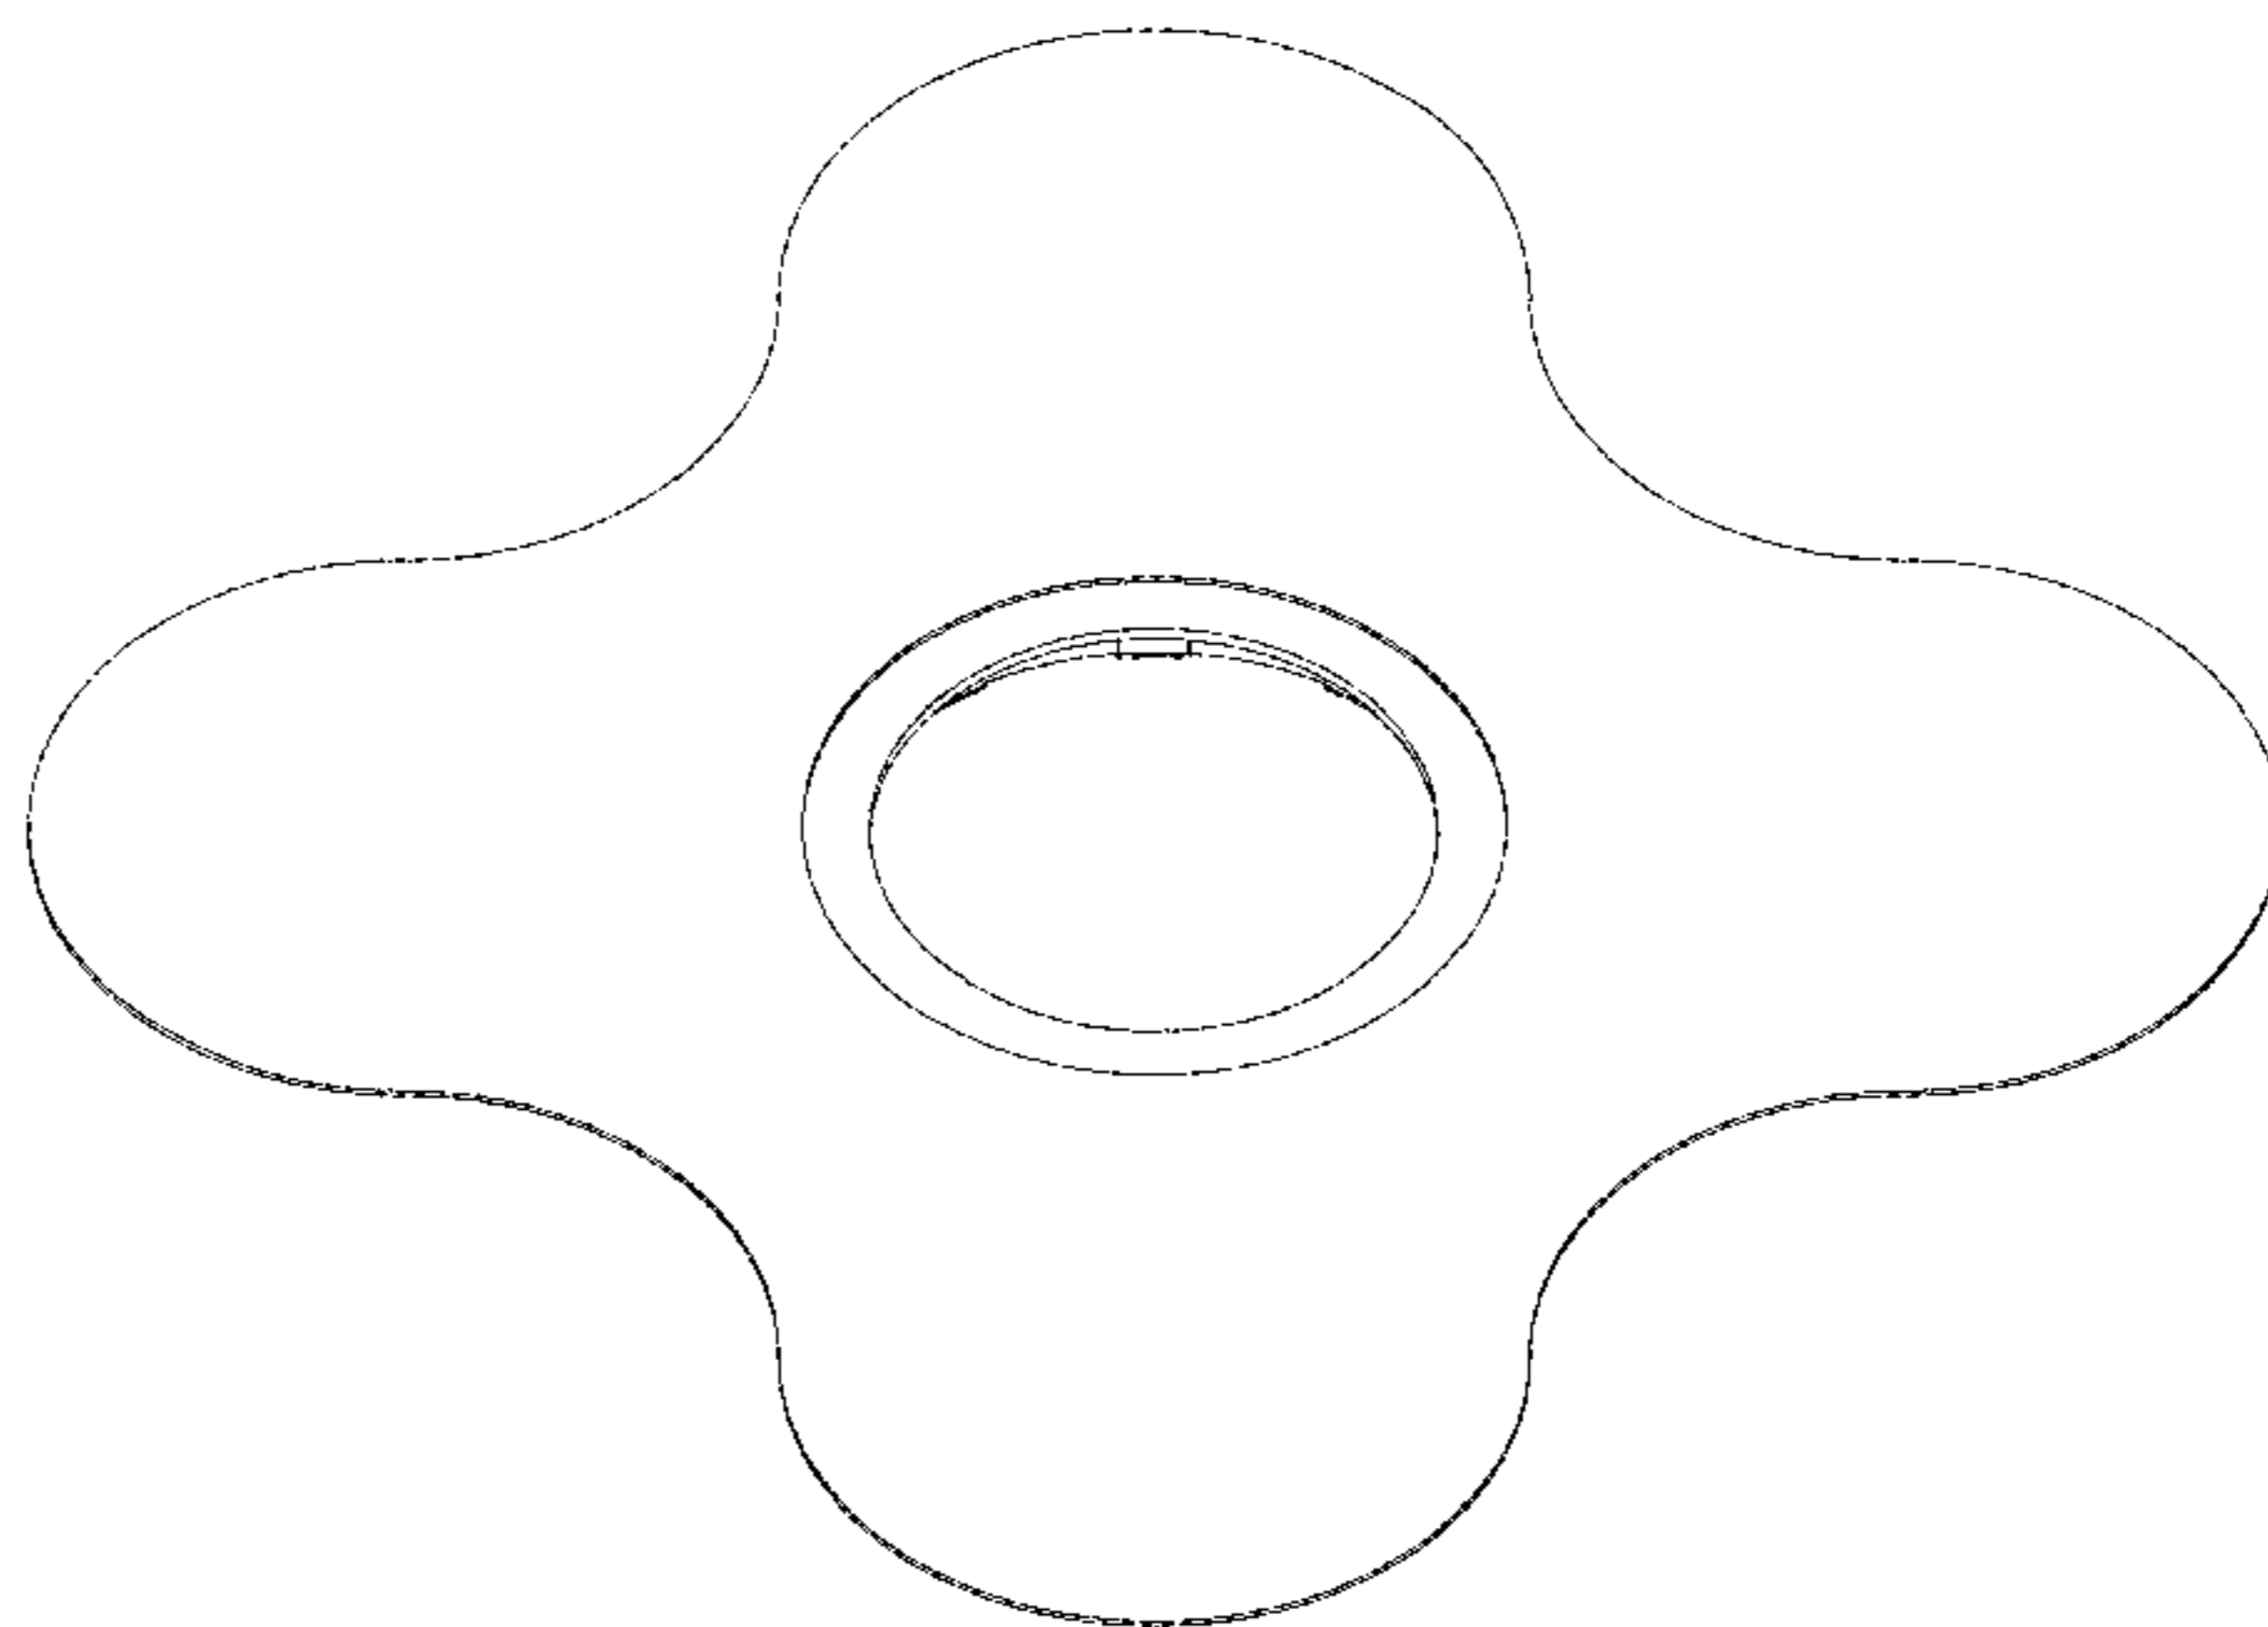

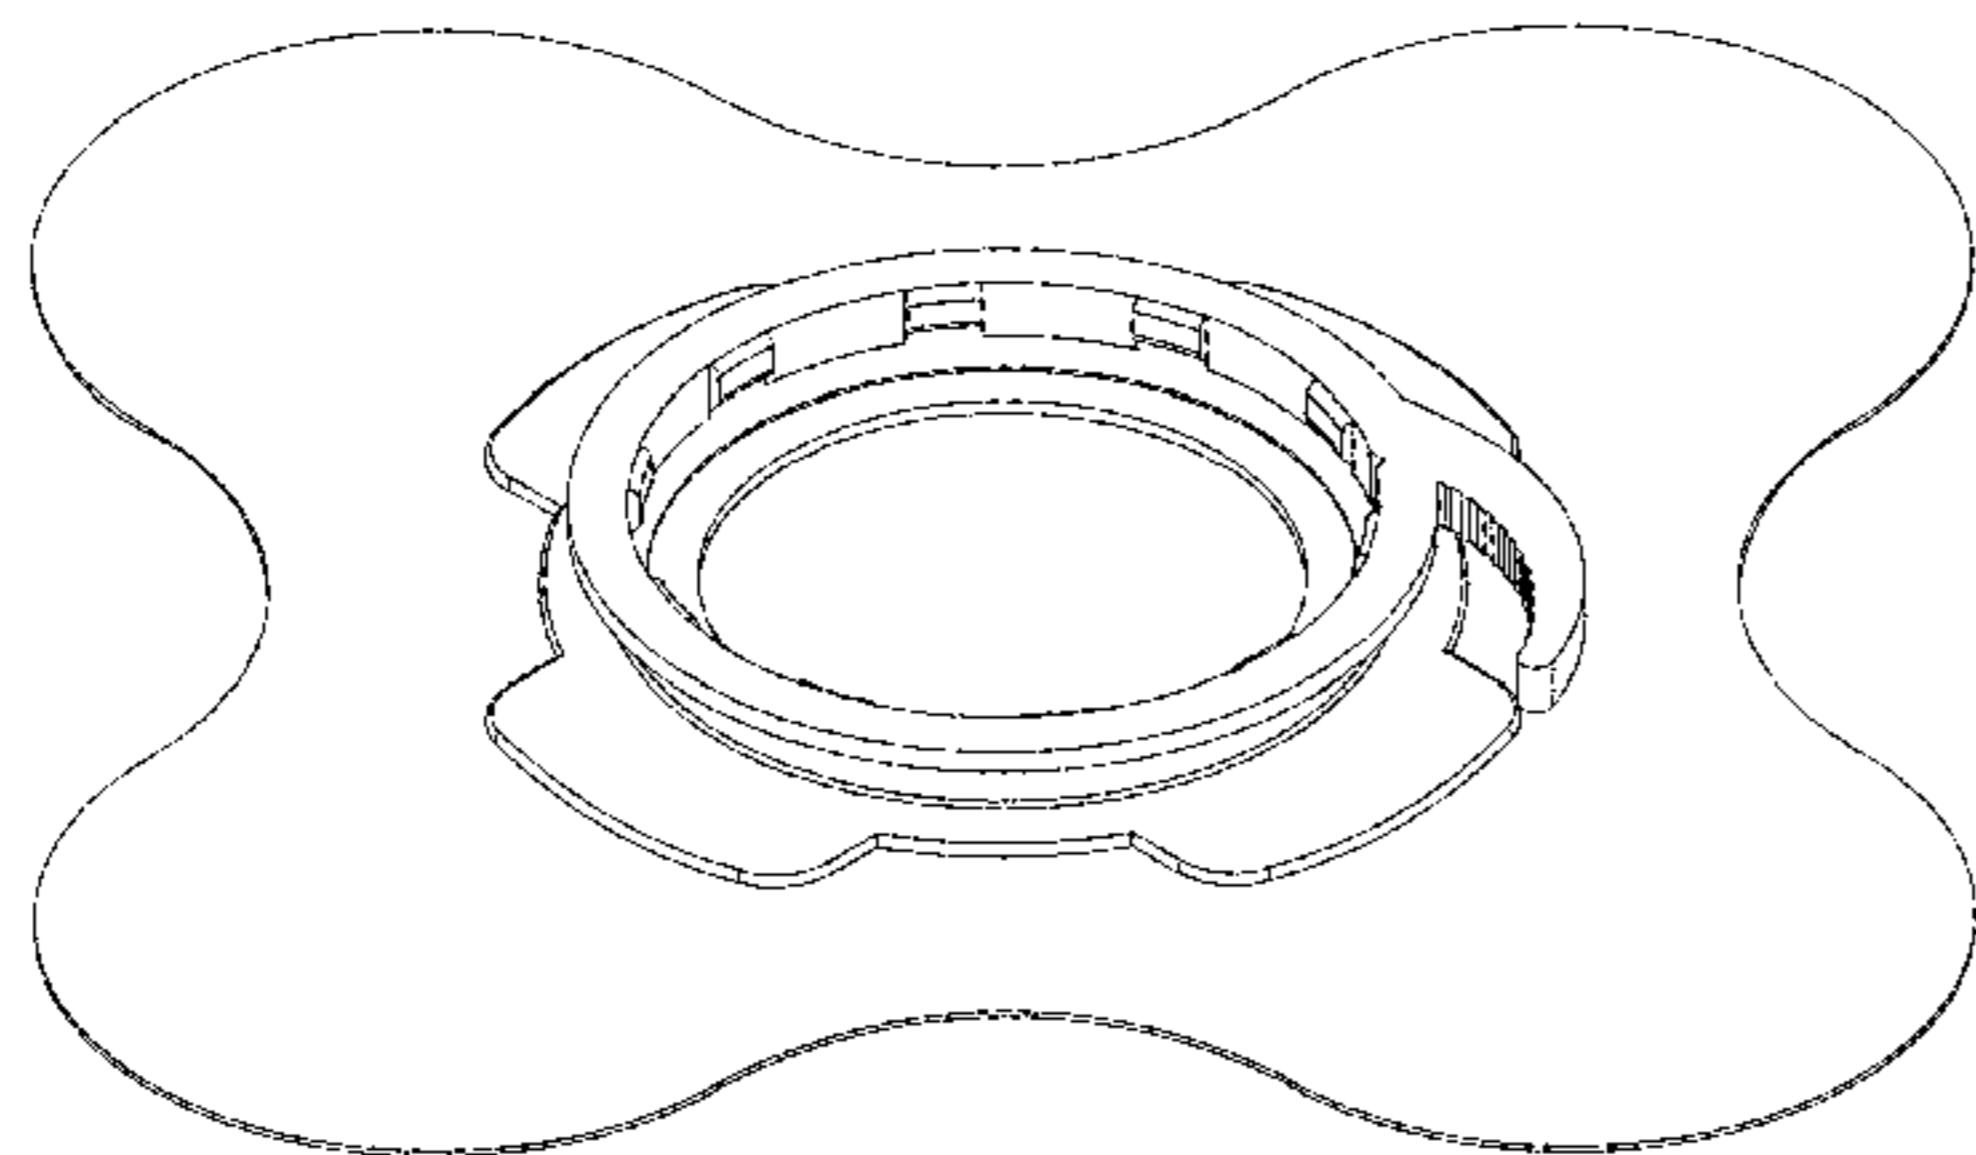

FIG. 6 is a side elevation view thereof, as viewed looking toward the second outer appendage;

FIG. 7 is a side elevation view thereof, as viewed looking toward the third outer appendage;

FIG. 8 is a side elevation view thereof, as viewed looking toward the fourth outer appendage; and,

FIG. 9 is a bottom plan view thereof.
