(57) **CLAIM**

We claim the ornamental design for a display panel of a programmed computer system with a graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display panel of a programmed computer system with a graphical user interface. The broken line showing of a display panel is included for the purpose of illustrating environmental structure; the broken lines form no part of the claimed design. The outlines, icons, photos, and text shown in broken lines form no part of the claimed design.
