(57) **CLAIM**

The ornamental design for a coding matrix tool, as shown and described.

DESCRIPTION

FIG. 1 is a first front perspective view of the coding matrix tool, in unfolded configuration showing my new design; FIG. 2 is a rear perspective view thereof; FIG. 3 is a front elevation view of the first panel thereof; FIG. 4 is a front elevation view of the second panel thereof; FIG. 5 is a front elevation view of the third panel thereof; FIG. 6 is a front elevation view of the fourth panel thereof; FIG. 7 is a front elevation view of the fifth panel thereof; FIG. 8 is a rear elevation view of the fifth panel thereof; FIG. 9 is a rear elevation view of the fourth panel thereof; FIG. 10 is a rear elevation view of the third panel thereof; FIG. 11 is a rear elevation view of the second panel thereof; and, FIG. 12 is a rear elevation view of the first panel thereof. The broken line portions of the coding matrix tool are included for the purposes of illustrating environment only, and form no part of the claimed design.

Fig. 9

The table is organized into several distinct sections, each with a title and a grid of data. The sections are:

- PAIN**: A large grid with columns for various categories and rows for sub-categories like Generalized, Abdominal, and Head.
- PELVIC INFLAMMATORY DISEASE (PID)**: A smaller grid with columns for codes and rows for categories like Acute and Chronic.
- POLYP**: A grid with columns for codes and rows for categories like Cervix, Endometrium, and Fallopian tube.
- PRE-ECLAMPSIA**: A grid with columns for codes and rows for categories like w/ Pre-existing hypertension and w/o Pre-existing hypertension.
- PREGNANCY**: A very large and detailed grid with multiple columns for codes and rows for various pregnancy-related categories such as Antenatal screening, Biophysical profile, and Gestational week.

At the bottom of the table, there is a copyright notice: ©2013 Greenistock, Inc.
