(57) **CLAIM**

The ornamental design for a resistant training device for quadrupeds and equines, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material that is subject to copyright protection. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or patent disclosure as it appears in the Patent and Trademark office, patent file or records, but otherwise reserves all copyright rights whatsoever.

FIG. 1 is a right top perspective view of the resistant training device for quadrupeds and equines showing our new design; FIG. 2 is a left top perspective view of FIG. 1; and, FIG. 3 is a left bottom perspective view of FIG. 1.

The broken lines shown in the figures are included for the purpose of illustrating portions of the resistant training device for quadrupeds and equines and form no part of the claimed design. The dash lines shown on the resistant training device for quadrupeds and equines forming crosses and rectangles are to depict stitching which is further an unclaimed matter of the device design.
