(57) **CLAIM**
 The ornamental design for a display screen with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is the first image in a sequence for a display screen with transitional graphical user interface showing my new design; and,
 FIG. 2 is the second image thereof.
 The appearance of the animated user interface sequentially transitions between the images shown in FIGS. 1-2. The process or period in which one image transitions to another forms no part of the claimed design.
 The broken line showing of the text, remainder of the user interface, display screen, and the device is for environmental purposes only and forms no part of the claimed design.
