(57) **CLAIM**

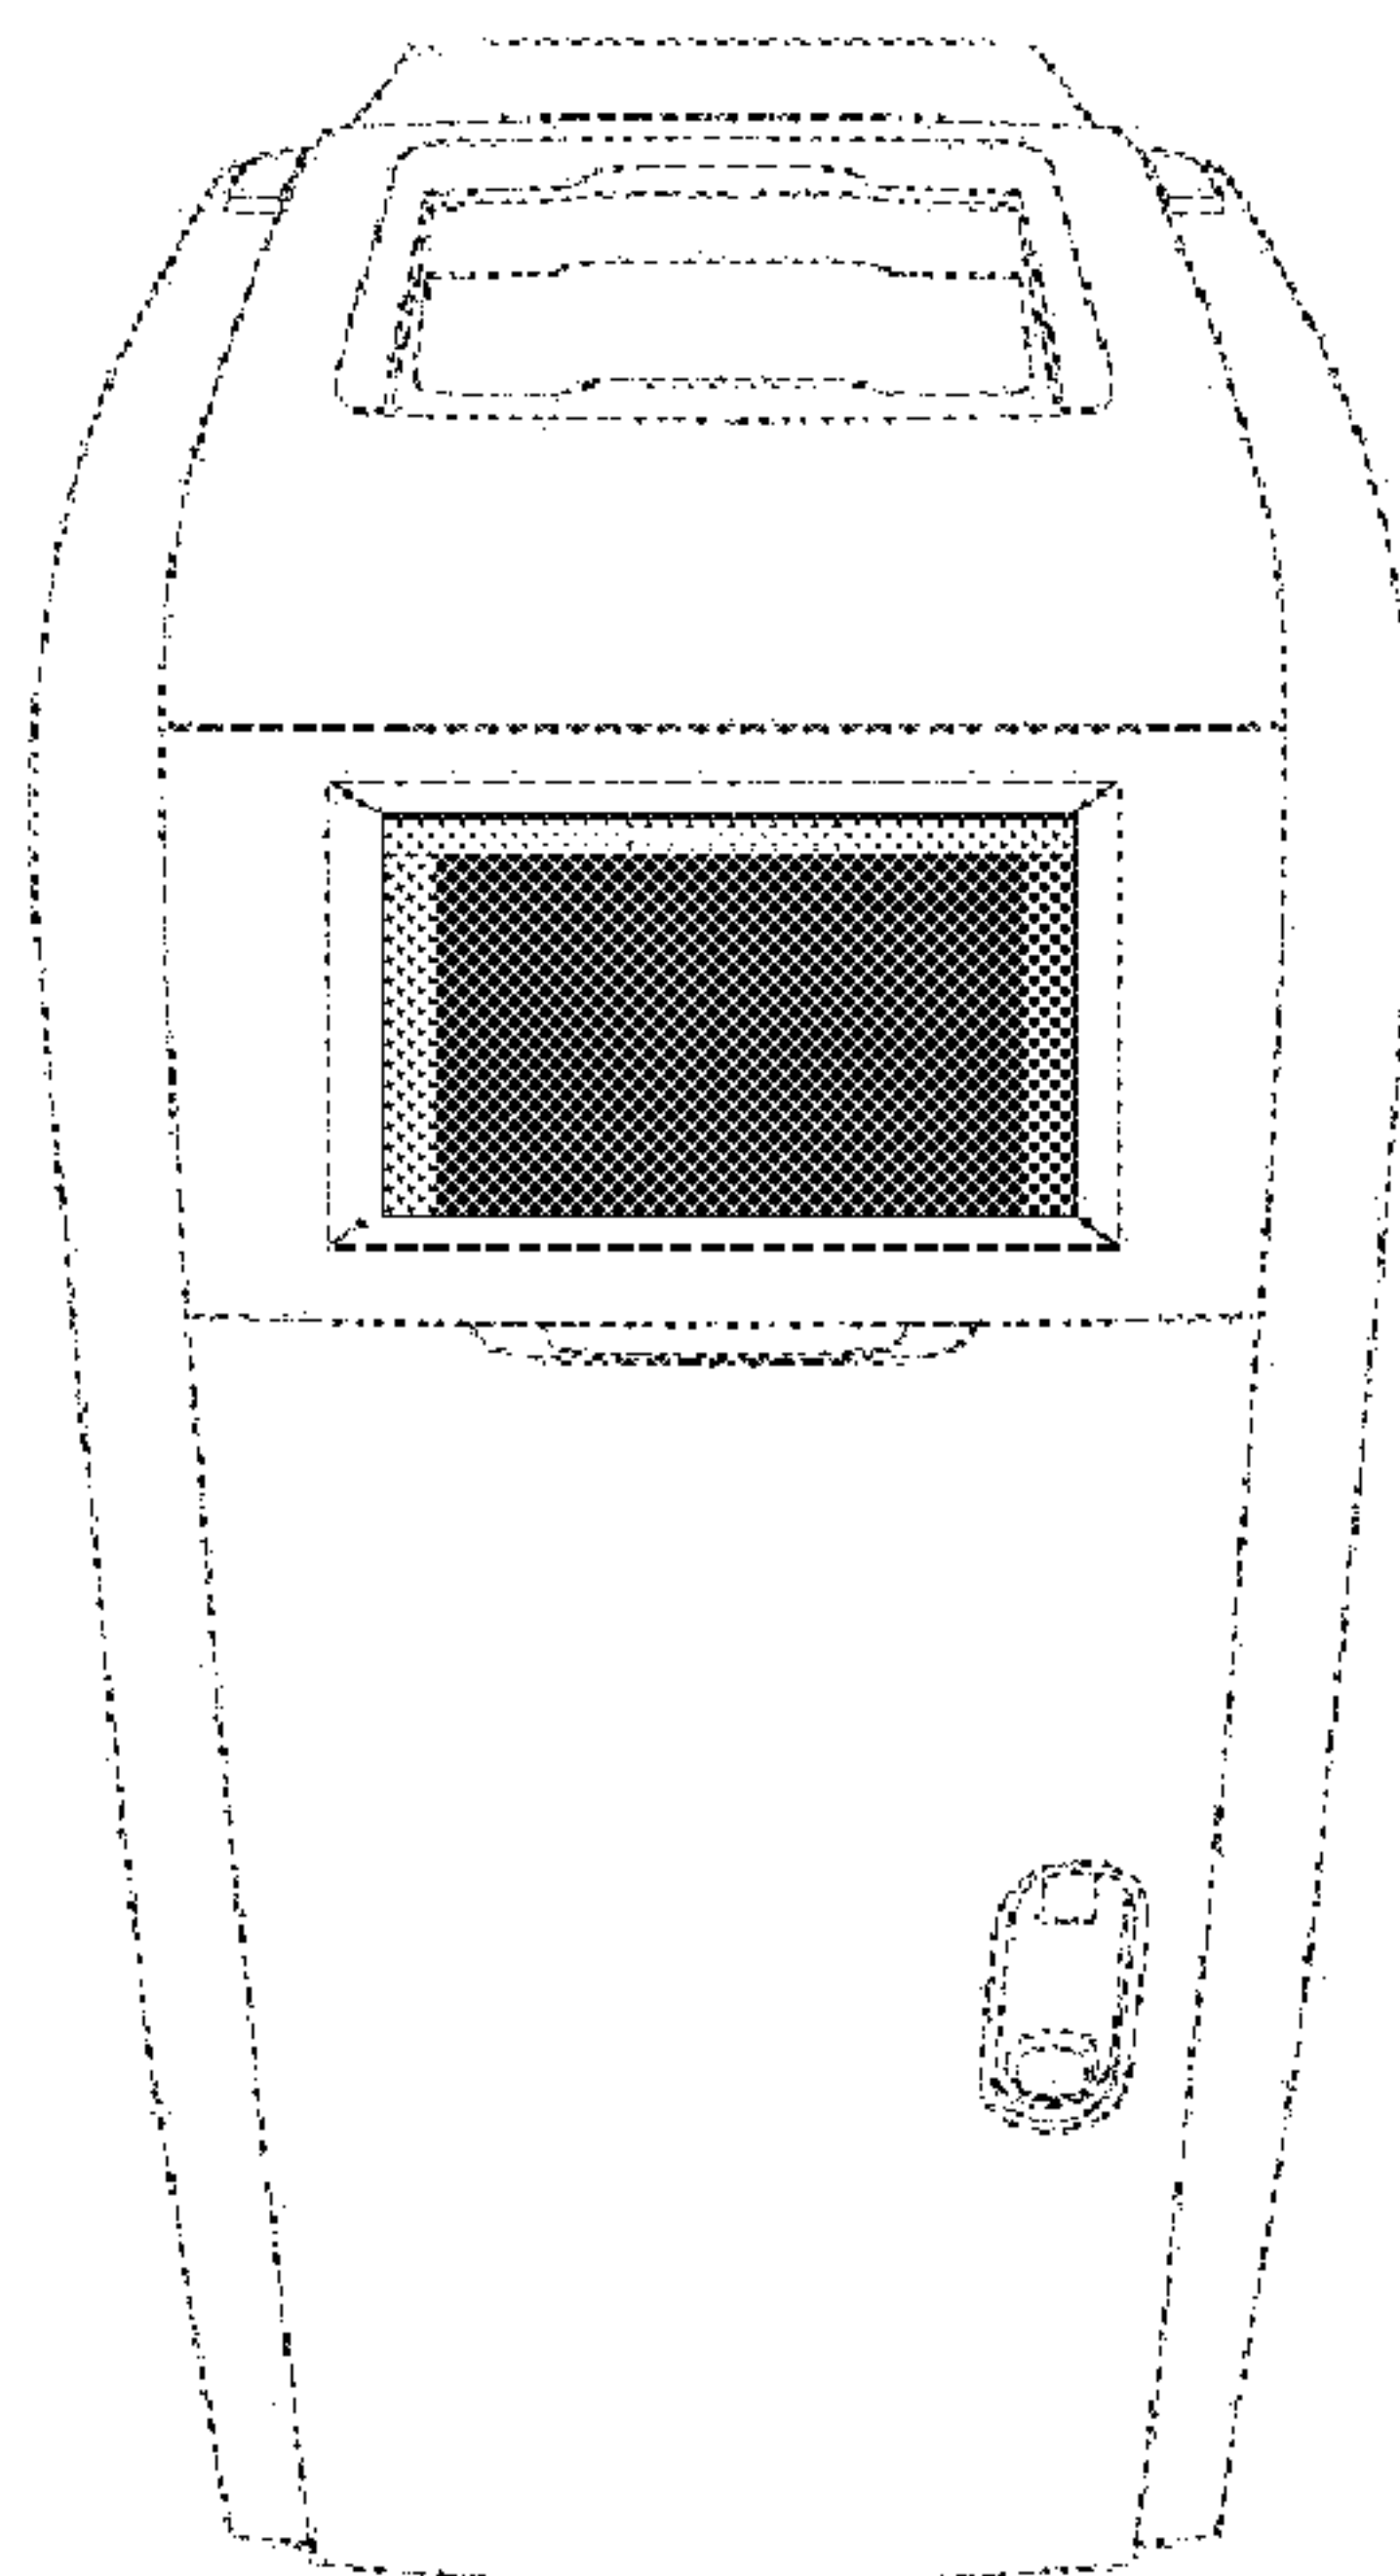

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front elevation view of a display screen with graphical user interface showing my new design; and, FIG. 2 is an enlarged partial front elevation view thereof, showing the central display screen area.

The broken line showing of a computer is for the purpose of illustrating environmental structure, and the broken lines within the shaded area are for the purpose of illustrating portions of the graphical user interface. None of the broken lines form part of the claimed design.
