(57) **CLAIM**

The ornamental design for a human transporter, as shown and described.

DESCRIPTION

FIG. 1 is a rear right perspective view of a human transporter, showing our new design;
FIG. 2 is a front left perspective view of the human transporter;
FIG. 3 is a left view of the human transporter;
FIG. 4 is a rear view of the human transporter;
FIG. 5 is a front view of the human transporter;
FIG. 6 is a right view of the human transporter;
FIG. 7 is a top view of the human transporter;
FIG. 8 is a bottom view of the human transporter;
FIG. 9 is a rear left perspective view of the human transporter as partially disassembled;
FIG. 10 is a rear right perspective view of an alternative human transporter, also showing our new design;
FIG. 11 is a front left perspective view of the alternative human transporter;
FIG. 12 is a left view of the alternative human transporter;
FIG. 13 is a rear view of the alternative human transporter;
FIG. 14 is a front view of the alternative human transporter;
FIG. 15 is a right view of the alternative human transporter;
FIG. 16 is a top view of the alternative human transporter; and,
FIG. 17 is a bottom view of the alternative human transporter. The broken lines shown in the drawings are for the purpose illustrating portions of the article and form no part of the claimed design.
