(57) **CLAIM**

We claim the ornamental design for a needle introducer catheter, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a needle introducer catheter of the present invention;
FIG. 2 is a rear perspective view thereof;
FIG. 3 is a first side view thereof;
FIG. 4 is a second side view thereof;
FIG. 5 is a top view thereof;
FIG. 6 is a bottom view thereof;
FIG. 7 is a front view thereof; and,
FIG. 8 is a rear view thereof.

The narrow elongated portion depicted in the drawings is transparent.

The broken line showing of parts of the drawings is included for the purpose of illustrating use and environment and forms no part of the claimed design.
