(57) **CLAIM**

The ornamental design for a “grinding machine,” as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a grinding machine including an extension device showing the new design.

FIG. 2 is a first end view of the grinding machine and the extension device of FIG. 1.

FIG. 3 is a left side view of the grinding machine and the extension device of FIG. 1.

FIG. 4 is a second end view of the grinding machine and the extension device of FIG. 1.

FIG. 5 is a right side view of the grinding machine and the extension device of FIG. 1.

FIG. 6 is a top view of the grinding machine and the extension device of FIG. 1.

FIG. 7 is a bottom view of the grinding machine and the extension device of FIG. 1.

FIG. 8 is a perspective view of a grinding machine including an extension device showing the new design.

FIG. 9 is a first end view of the grinding machine and the extension device of FIG. 8.

FIG. 10 is a left side view of the grinding machine and the extension device of FIG. 8.

FIG. 11 is a second end view of the grinding machine and the extension device of FIG. 8.

FIG. 12 is a right side view of the grinding machine and the extension device of FIG. 8.

FIG. 13 is a top view of the grinding machine and the extension device of FIG. 8; and,

FIG. 14 is a bottom view of the grinding machine and the extension device of FIG. 8.

Certain of the drawings are lined for color. Throughout FIGS. 1-7, the horizontal dashed hatching represents a first color, the vertical hatching represents a second color and the cross-hatching represents a third color, as follows:

The first color is in particular light grey, silver or white.

The second color is in particular red.

The third color is in particular dark grey or black.

1 Claim, 8 Drawing Sheets
