(57) **CLAIM**

The ornamental design for the reflector for hidden light strip, as shown and described.

DESCRIPTION

FIG 1 is a top front southwest isometric perspective view of the reflector for hidden light strip;
FIG. 2 is a top front southeast isometric perspective view of the reflector for hidden light strip;
FIG. 3 is a top rear southeast isometric perspective view of the reflector for hidden light strip; and,
FIG. 4 is a top rear southwest isometric perspective view of the reflector for hidden light strip.
The reflector for hidden light strip is shown with a break in the middle of the design indicated by separations and brackets shown in FIGS. 1-4. The portions of the design not shown form no part of the claimed design.
