Lackebach Siegel, LLP

(57) **CLAIM**

The ornamental design for a shoe sole, as shown and described.

DESCRIPTION

FIG. 1 is a front side perspective view of the embodiment of the present invention.

FIG. 2 is a front elevation view of the embodiment shown in FIG. 1.

FIG. 3 is a rear elevation view of the embodiment shown in FIG. 1.

FIG. 4 is a bottom plan view of the embodiment shown in FIG. 1.

FIG. 5 is a right side elevation view of the embodiment shown in FIG. 1; and,

FIG. 6 is a left side elevation view of the embodiment shown in FIG. 1.

No claim is made to the dashed line regions on the shoe sole, including the inner tread-region and toe-region and the shoe upper as the dashed lines indicate disclaimed portions forming no part of the claimed design, and the break-lines (dash-dot-dash) indicate the boundaries of the claimed portions. No claim is made to the top portion or side portions of the shoe, other than in claimed-lining in any of the figures, and this is shown as an environmental illustration only to aid the public. No portion of the claimed shoe sole is visible directly from the top and this view is eliminated for that reason.

The present invention is a shoe sole.
