(57) **CLAIM**

The ornamental design for a combined soft food shaping and storage container for freezer, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the combined soft food shaping and storage container for freezer, opened, showing my new design; and, FIG. 2 is a bottom view thereof, when it is closed and sealed. My food shaper and container is characterized by the hexagonal shapes that are linked together to a flat surface and mate with the corresponding tray piece to form a seal.
