(57) **CLAIM**

The ornamental design for an access control terminal and time registration terminal, as shown and described.

**DESCRIPTION**

FIG. 1 is a front and right side perspective view of an access control terminal and time registration terminal showing the new design;

FIG. 2 is a top plan thereof, the bottom plan being a mirrored image thereof;

FIG. 3 is a front elevation thereof;

FIG. 4 is a left elevation thereof, the right elevation being a mirrored image thereof; and,

FIG. 5 is a rear elevation thereof.

The structural features depicted by broken lines in the drawings have been shown for the purpose of illustrating portions of the access control terminal and time registration terminal that form no part of the claimed design.
