(57) **CLAIM**
The ornamental design for an adjustable pants, as shown and described.

DESCRIPTION

This application incorporates by reference U.S. patent application Ser. No. 14/280,008, filed May 16, 2004. All the material from the U.S. application which is essential to the claimed design is included in this application. It is understood that any material in the U.S. application which is not present in this application forms no part of the claimed design.
FIG. 1 is a front elevational view of an adjustable pants embodying my design, with the adjustable pants including an adjustment component located at a back of the adjustable pants in a closed position;
FIG. 2 is a back elevational view of the adjustable pants from FIG. 1, and with the adjustment component in the closed position;
FIG. 3 is a front elevational view of the adjustable pants from FIGS. 1-2, and with the adjustment component in an open position;
FIG. 4 is a rear elevational view of the adjustable pants from FIGS. 1-3, and with the adjustment component in the open position; and,
FIG. 5 is a rear elevational view of the adjustable pants from FIGS. 1-4, and with the adjustment component being further open from the open position.
The broken lines shown in the figures are for environmental or illustrative purposes only and form no part of the claimed design.
