(57) **CLAIM**

The ornamental design for an automotive wheel center cap, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an automotive wheel center cap, showing my new design; and, FIG. 2 is a front view thereof.

The broken line showing of the eight round elements at the edges of the wheel center cap and the six elements adjacent to the center portion of the wheel center cap is included for the purpose of illustrating environment and forms no part of the claimed design.
