advertising delivery graphical user interface, as shown and
described.

DESCRIPTION

FIG. 1 is a front image of a display screen with a transitional
advertising delivery graphical user interface showing my new
design; and,

FIG. 2 is a second image thereof.

In the drawings, the broken lines are for the purpose of illus-
trating portions of a display screen with a transitional adver-
tising delivery graphical user interface.

The appearance of the transitional image sequentially transi-
tions between the images shown in FIGS. 1 and 2. The process
or period that one image transitions to another image, forms
no part of the claimed design.
