See application file for complete search history.

**DESCRIPTION**

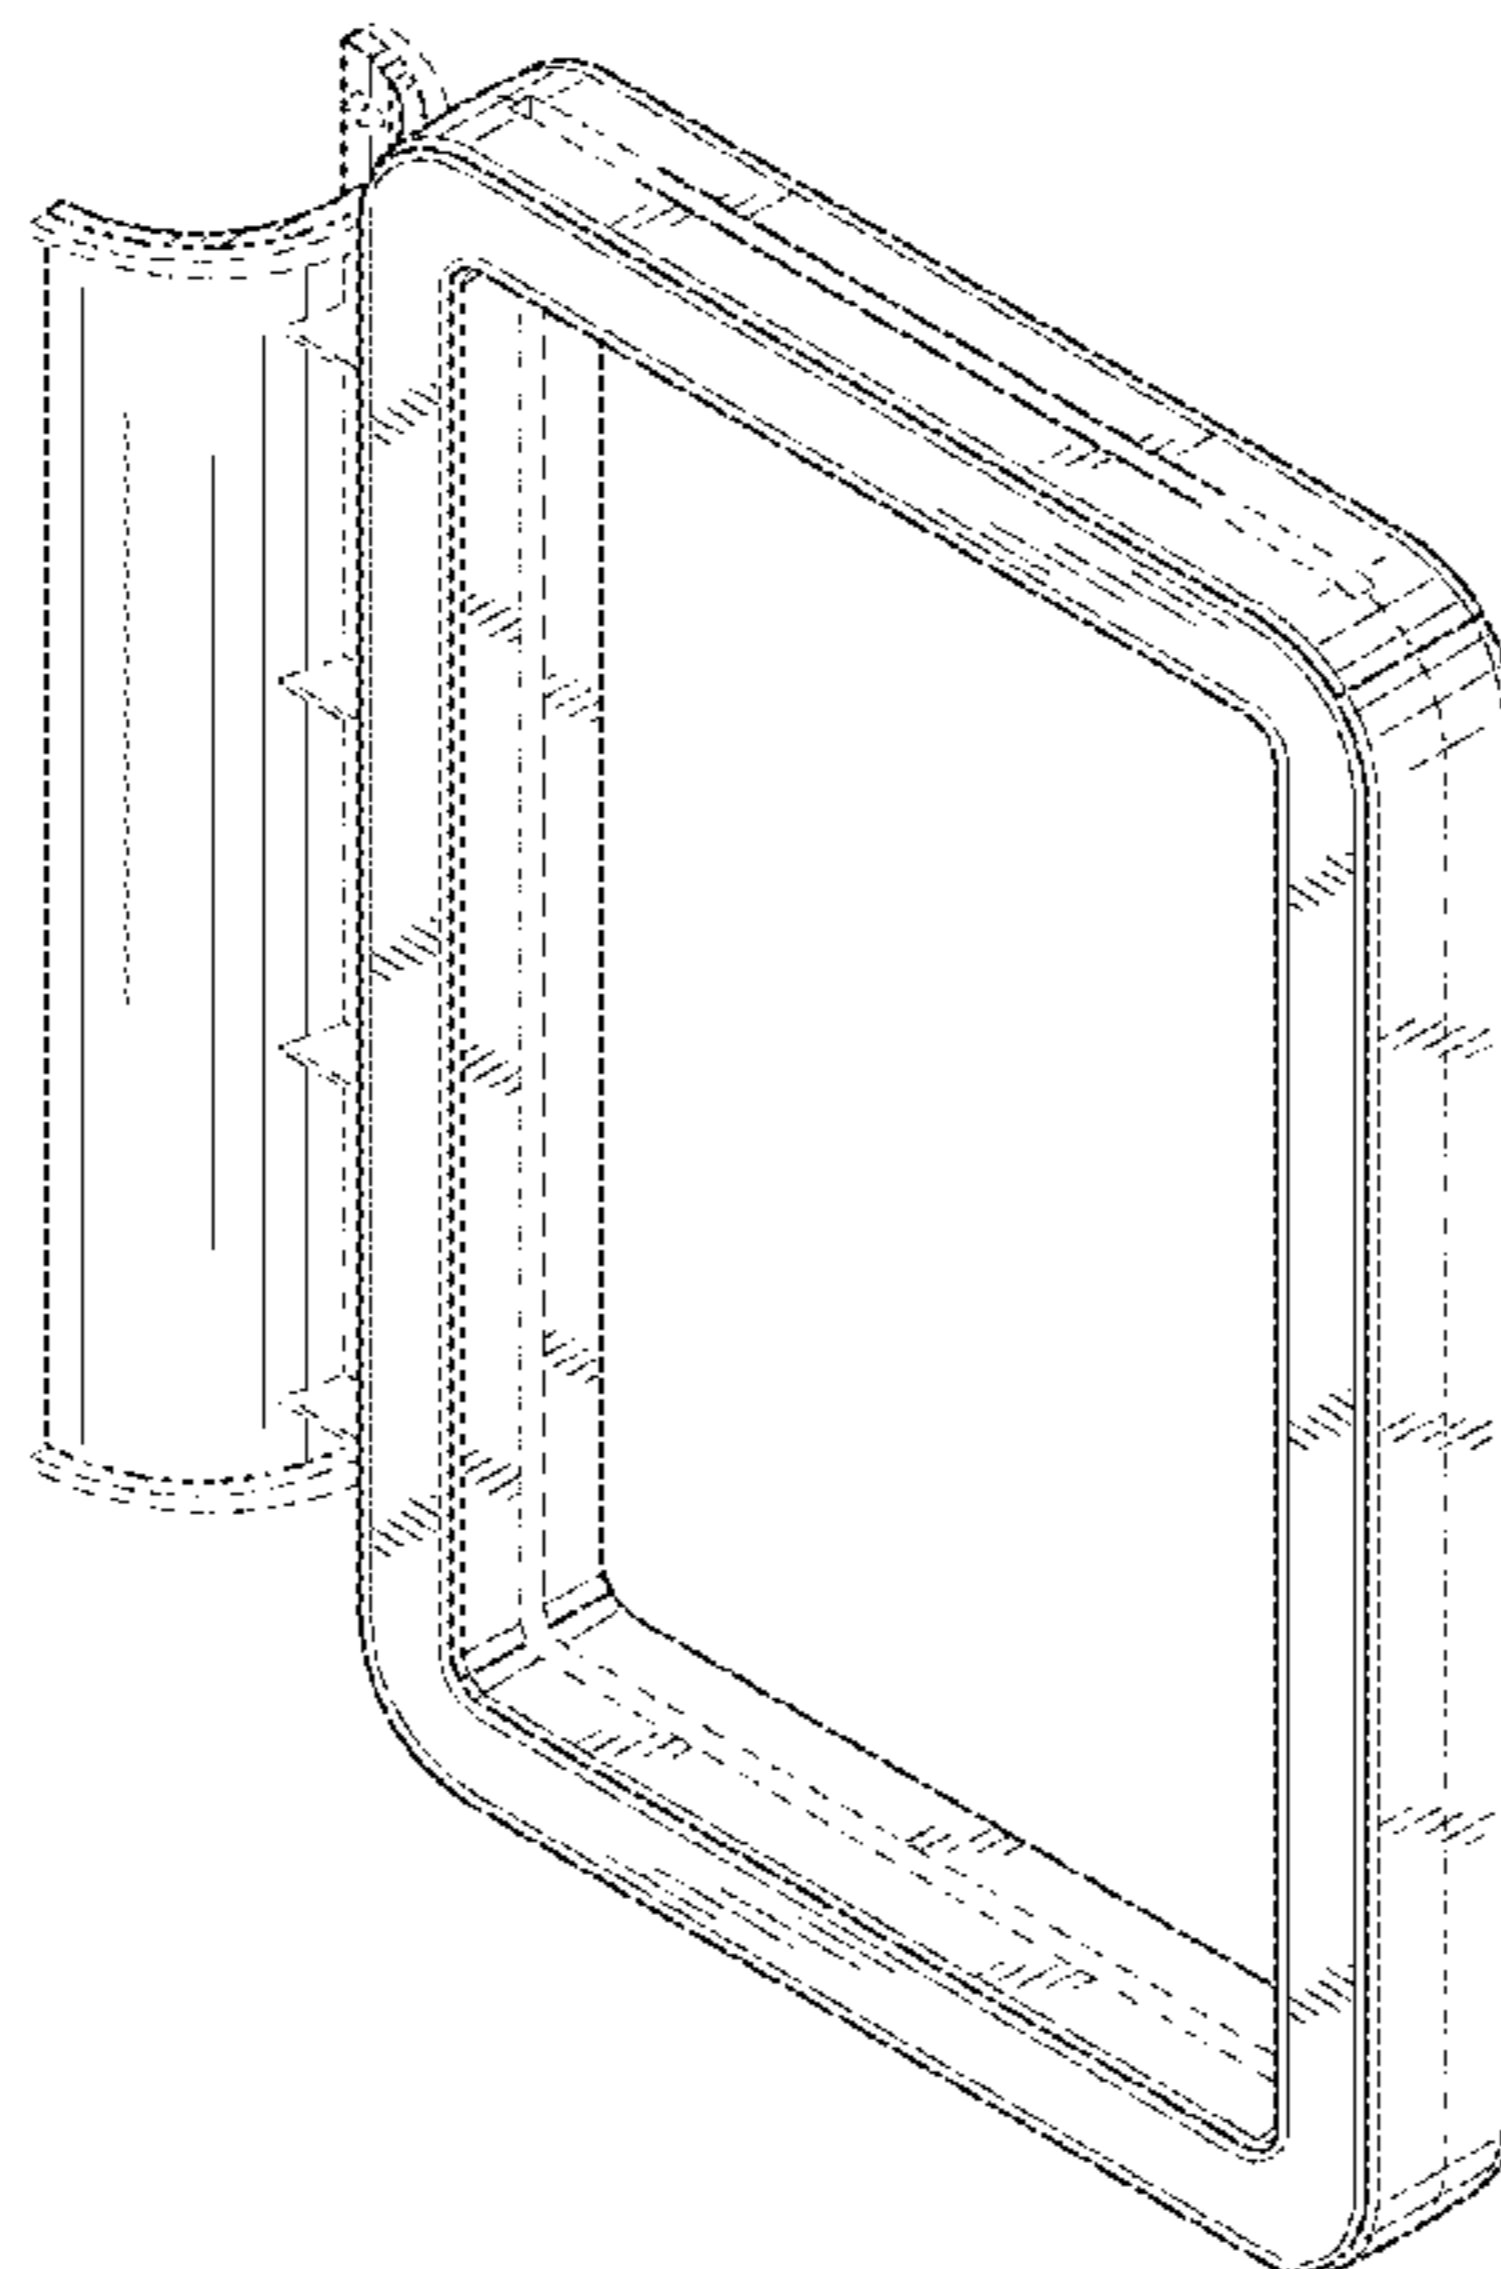

FIG. 1 is a front perspective view of an apparatus for displaying information of the new design.  
FIG. 2 is a front elevation view of an apparatus for displaying information of the new design.  
FIG. 3 is a top plan view of an apparatus for displaying information of the new design.  
FIGS. 4 and 5 are left and right side elevation views of an apparatus for displaying information of the new design.  
FIG. 6 is a rear elevation view of an apparatus for displaying information of the new design; and,  
FIG. 7 is a bottom plan view of an apparatus for displaying information of the new design.  
The broken line disclosure is for illustrating portions of the article that form no part of the claimed design.
