(57) **CLAIM**

The ornamental design for a display screen of a wearable device with a transitional advertising delivery graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front image of a display screen of a wearable device with a transitional advertising delivery graphical user interface showing my new design;

FIG. 2 is a second image thereof; and,

FIG. 3 is a third image thereof.

In the drawings, the broken lines are for the purpose of illustrating portions of a display screen of a wearable device with a transitional advertising delivery graphical user interface and environmental structure that form no part of the claimed design.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1, 2 and 3. The process or period that one image transitions to another image; forms no part of the claimed design.
