(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

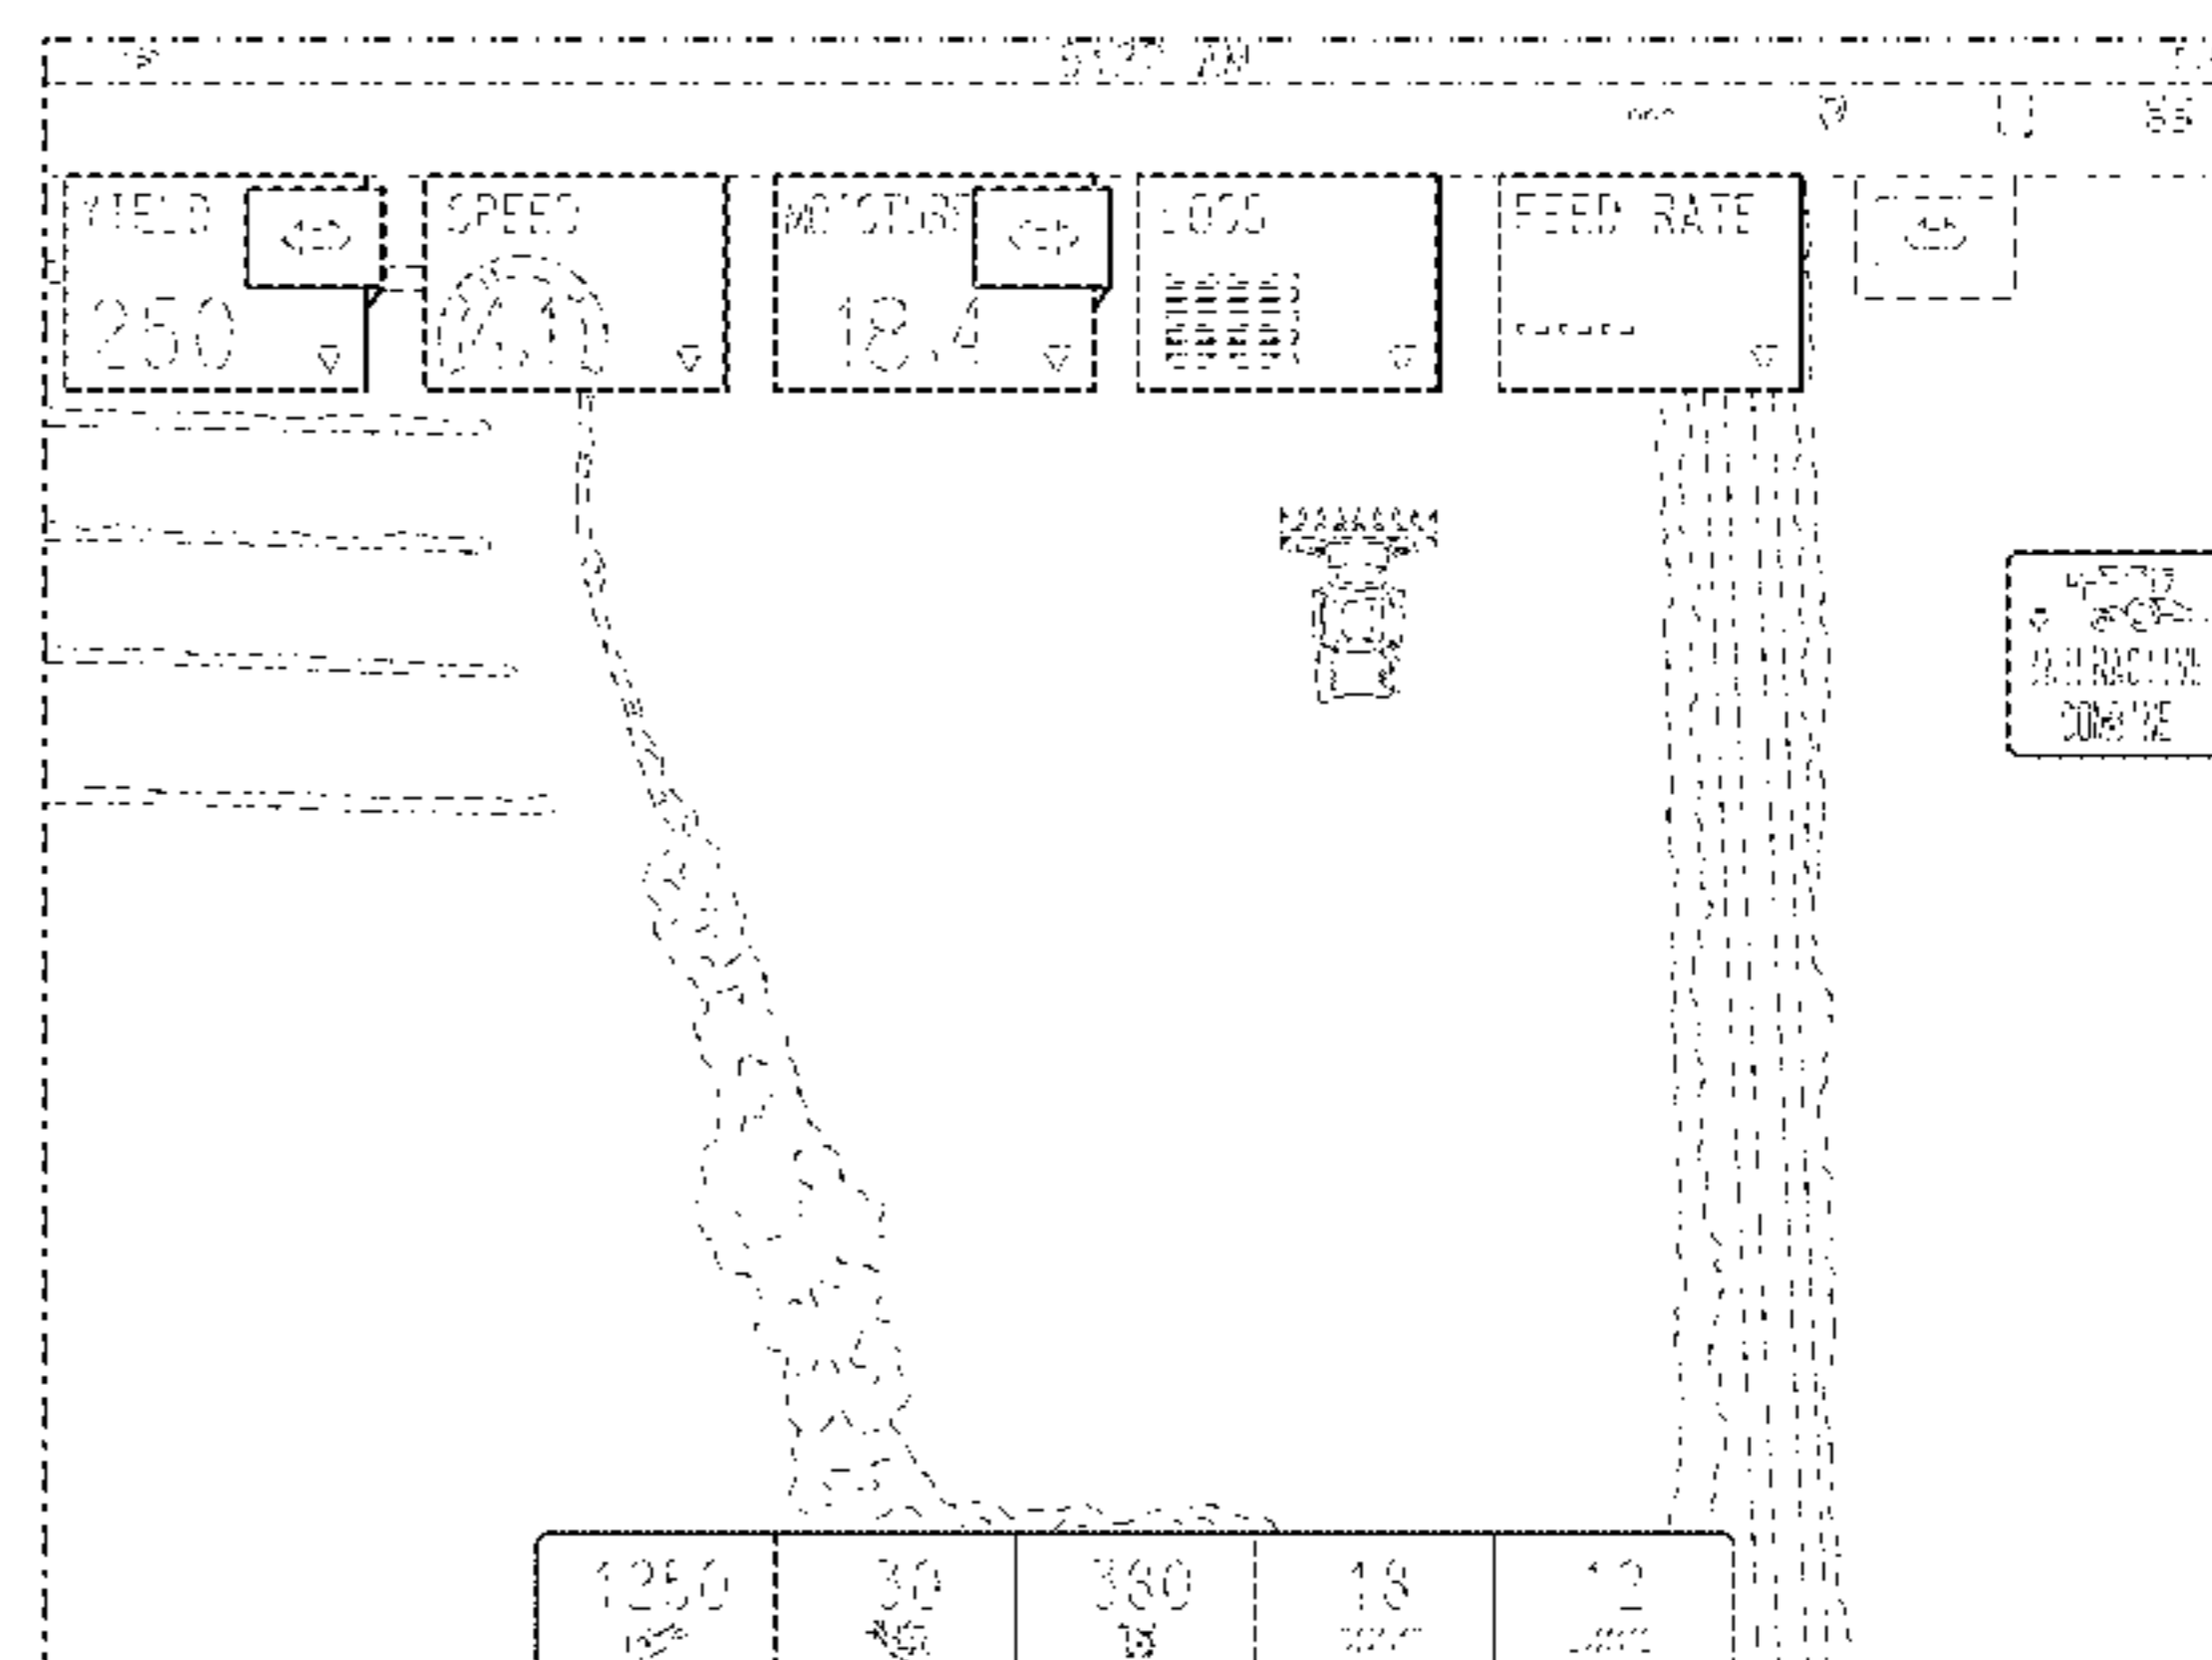

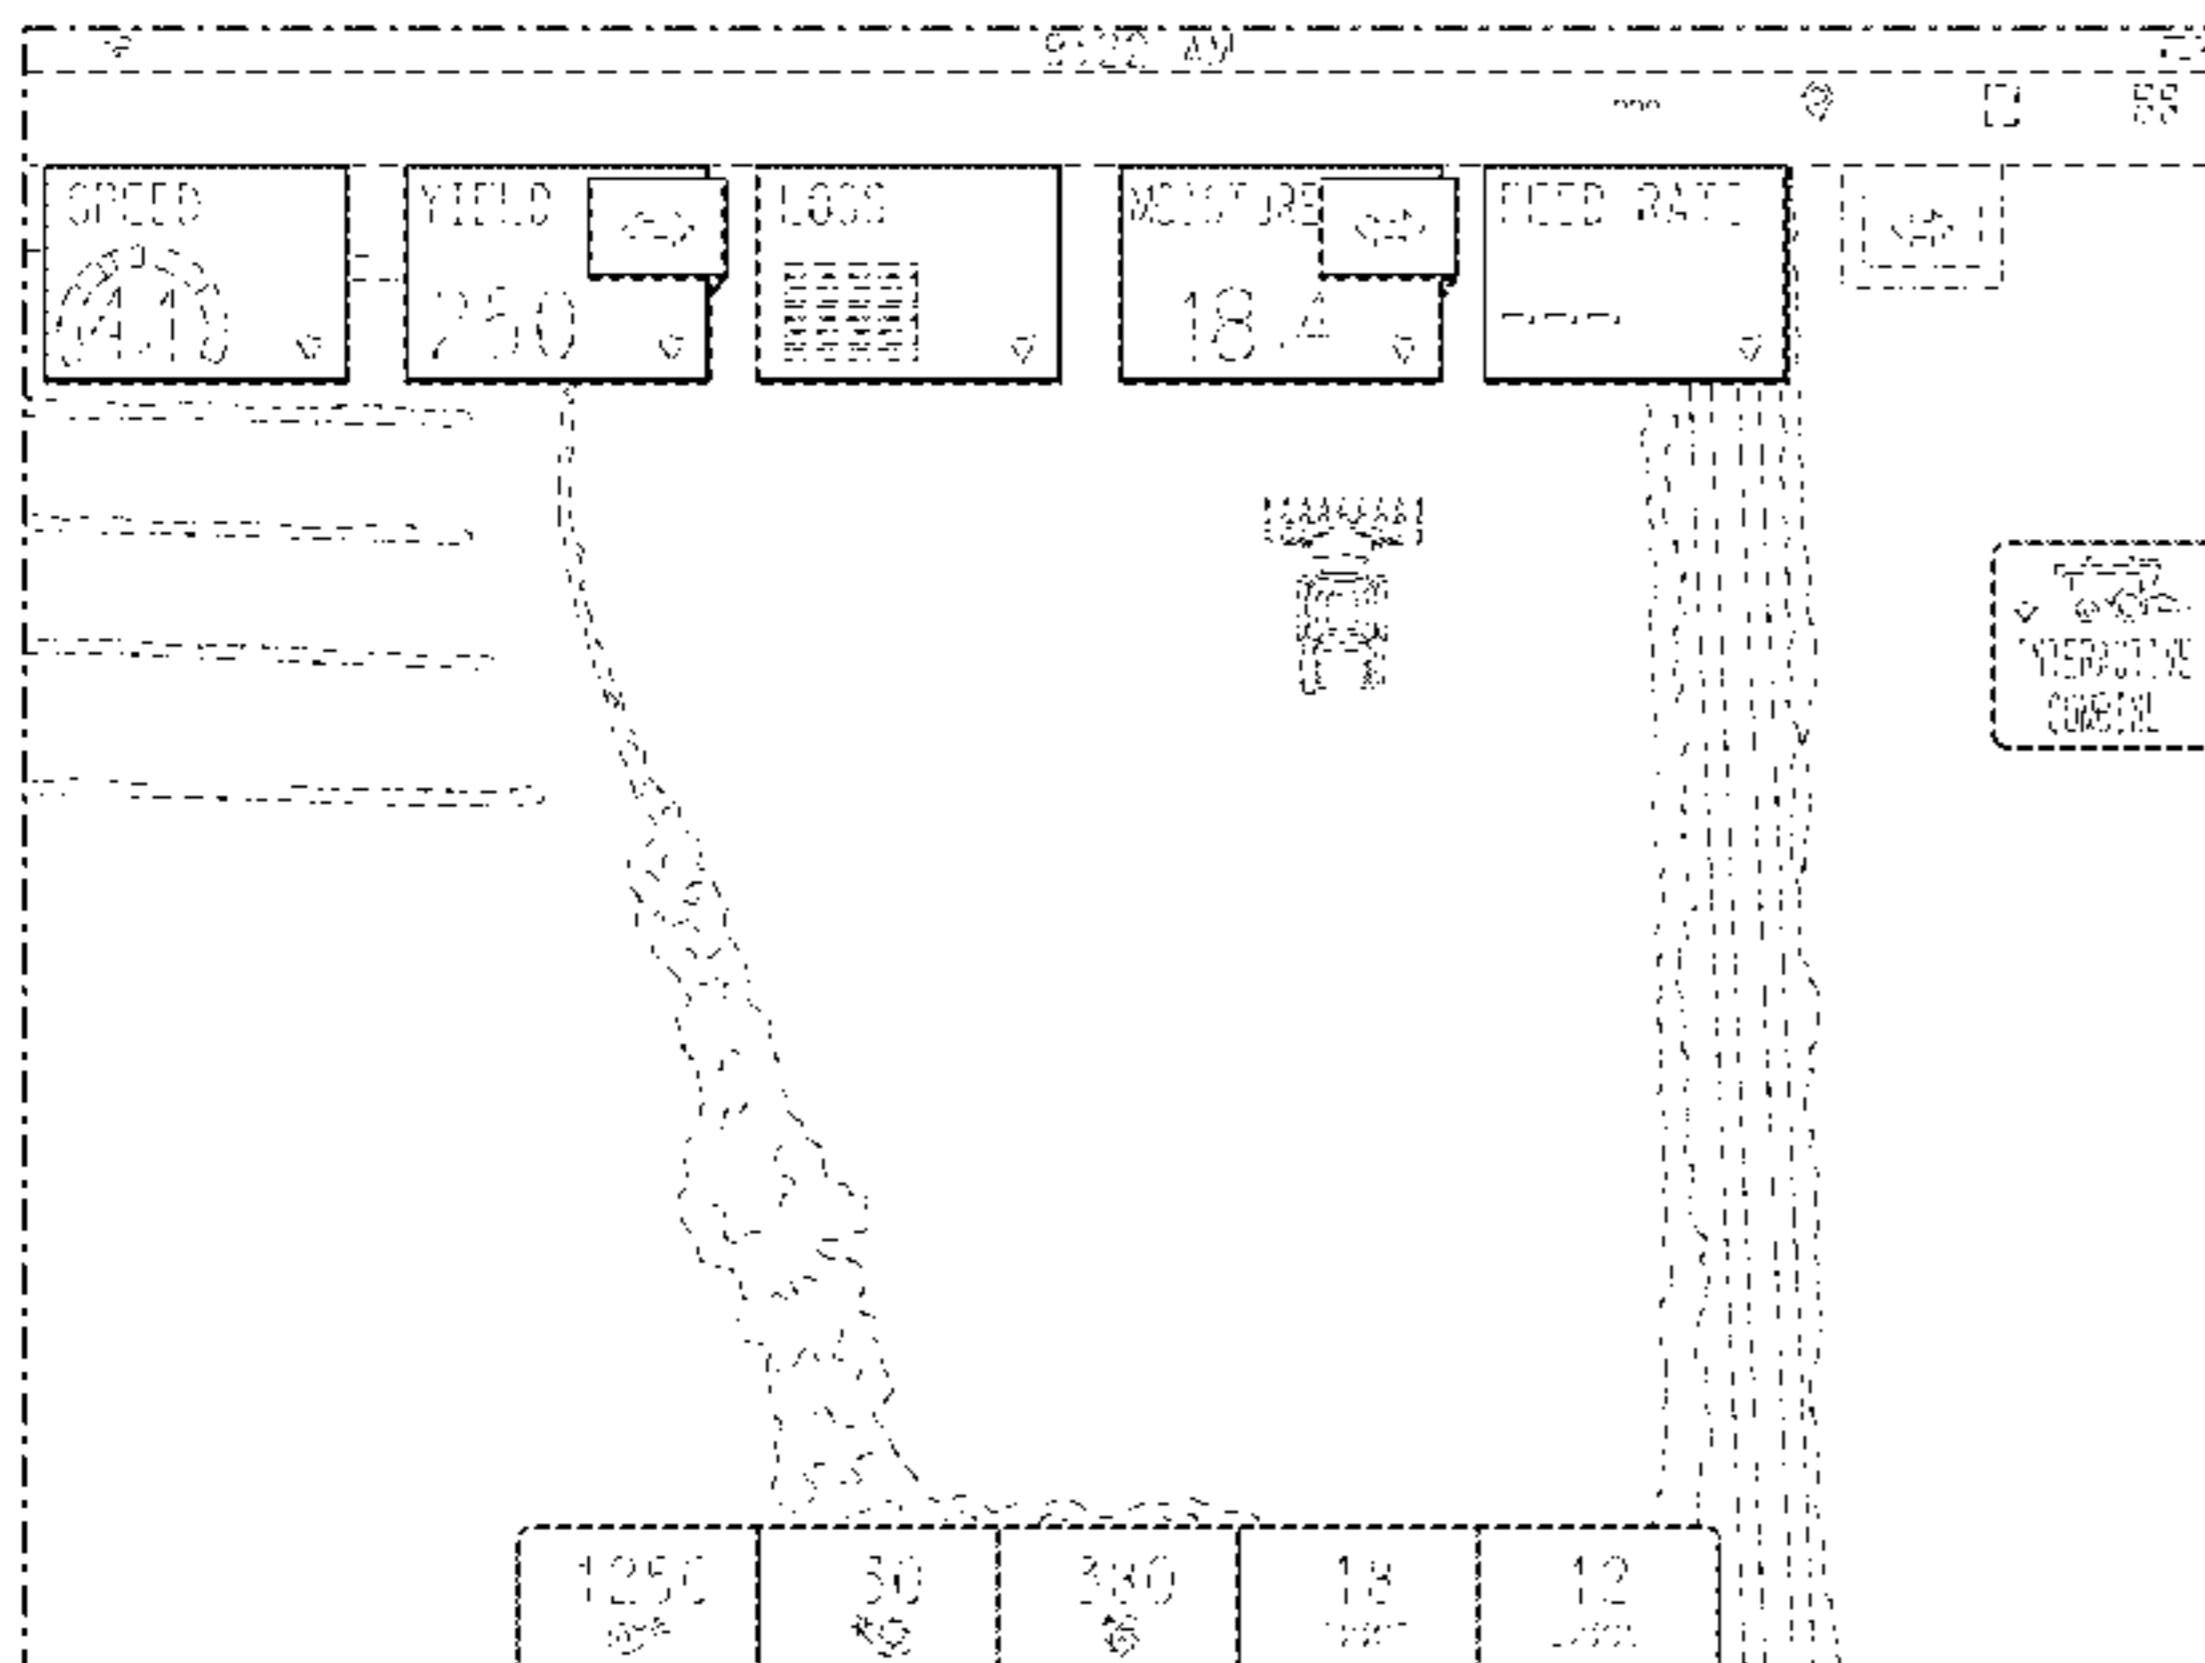

The patent file contains at least one drawing executed in color. Copies of the patent file with color drawing(s) will be provided by the Patent Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen with graphical user interface showing our new design; and,
FIG. 2 is a front view of a second embodiment thereof.

The dot-dash lines represent the display screen and form no part of the claimed design. The remainder of the broken lines shows portions of the graphical user interface that form no part of the claimed design.

Example devices having display screens on which the graphical user interface of the claimed design may be provided include one or more of computers, tablets, smart phones, control interfaces, gauges and measurement instruments.
