(57) **CLAIM**  
The ornamental design for a display screen portion with graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a first embodiment of a display screen portion with graphical user interface showing our new design; FIG. 2 is a front view of a second embodiment of a display screen portion with graphical user interface showing our new design; and, FIG. 3 is a front view of a third embodiment of a display screen portion with graphical user interface showing our new design. The portions of the claimed design with grayscale shading have an appearance that contrasts with those portions of the claimed design without greyscale shading.
