FIG. 1 is a front view of a first image of a display screen with animated graphical user interface showing the new design; FIG. 2 is a front view of a second image thereof; FIG. 3 is a front view of a third image thereof; FIG. 4 is a front view of a fourth image thereof; and, FIG. 5 is a front view of a fifth image thereof.

The appearance of the image transitions between the images shown in FIGS. 1-5. The process or period in which an image transitions to another forms no part of the claimed design.

The dot-dash lines define the bounds of the claimed design and form no part thereof. The broken line showing of the display screen is for the purpose of illustrating portions of the display screen with user interface and form no part of the claimed design.
