(57) **CLAIM**

The ornamental design for a watch body, as shown and described.

DESCRIPTION

This application is filed concurrently with U.S. Design Appl. Ser. No. 29/534,046, entitled “Watch Body”, and U.S. Design Appl. Ser. No. 29/534,057, entitled “Watch Body”, which are both incorporated herein by reference in their entireties. All material from U.S. Design Appl. Ser. 29/534,046 and U.S.

Design Appl. Ser. 29/534,057 that is essential to the claimed design is included in this Application. It is understood that any material in U.S. Design Appl. Ser. 29/534,046 and U.S. Design Appl. Ser. 29/534,057 that is not present in this Application forms no part of the claimed design.

FIG. 1 is a top perspective view showing a watch body according to one embodiment of our new design from a first end;

FIG. 2 is a bottom perspective view showing the watch body from the first end;

FIG. 3 is an end view of the first end of the watch body in FIG. 1;

FIG. 4 is a top perspective view showing the watch body in FIG. 1 from a second, opposite end;

FIG. 5 is a bottom perspective view showing the watch body in FIG. 1 from the second end;

FIG. 6 is an end view of the second end of the watch body in FIG. 1;

FIG. 7 is a plan view of a top of the watch body in FIG. 1;

FIG. 8 is a side view showing a right side of the watch body in FIG. 1;

FIG. 9 is a plan view showing a back of the watch body in FIG. 1;

FIG. 10 is a side view of a left side of the watch body in FIG. 1;

FIG. 11 is a top perspective view showing a watch body according to another embodiment of our new design from a first end;

FIG. 12 is a bottom perspective view showing the watch body in FIG. 11 from the first end;

FIG. 13 is an end view of the first end of the watch body in FIG. 11;

FIG. 14 is a top perspective view showing the watch body in FIG. 11 from a second, opposite end;

FIG. 15 is a bottom perspective view showing the watch body in FIG. 11 from the second end;

FIG. 16 is an end view of the second end of the watch body in FIG. 11;

FIG. 17 is a plan view of a top of the watch body in FIG. 11;

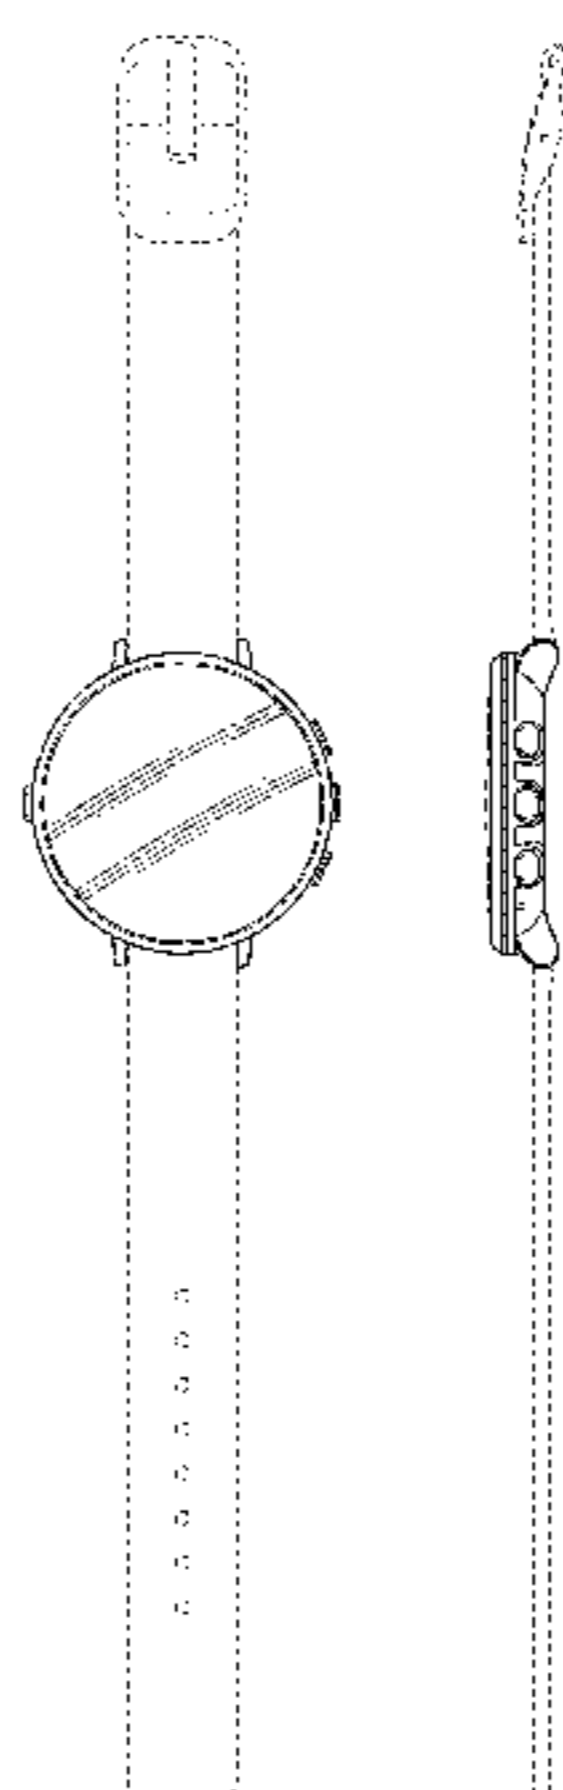

FIG. 18 is a side view showing a right side of the watch body in FIG. 11;

FIG. 19 is a plan view showing a back of the watch body in FIG. 11; and,

FIG. 20 is a side view of a left side of the watch body in FIG. 11.

The broken line showing of a band represents environment and forms no part of the claimed design. The remainder of the broken lines represent portions of the watch body that form no part of the claimed design.

1 Claim, 6 Drawing Sheets
