(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

**DESCRIPTION**

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application with color drawings(s) will be provided by the Office upon request and payment of the necessary fee.

The FIGURE is a front view of a display screen with graphical user interface showing our new design.

The broken lines showing of the display screen and portions of the user interface form no part of the claimed design.
