(57) **CLAIM**

The ornamental design for an display screen with animated graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a first image of a display screen with animated graphical user interface showing the new design; FIG. 2 is a front view of a second image thereof; FIG. 3 is a front view of a third image thereof; and, FIG. 4 is a front view of a fourth image thereof.

The appearance of the image transitions sequentially between the images shown in FIGS. 1-4. The process or period in which an image transitions to another forms no part of the claimed design.

The broken lines illustrate a display screen, icon, and numbers, which are portions of the article, and the broken lines illustrate the environment of the article. None of the broken lines form part of the claimed design.
