Page 1 of 1

It is certified that error appears in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

This certificate supersedes the Certificate of Correction issued December 19, 2017. The certificate is vacated since the Request for the Certificate of Correction filed August 15, 2016 was denied by the Supervisory Patent Examiner. The proposed replacement drawings contain extraneous matter and raise new issues of line quality that may impact the understanding of the scope of the claimed design. The Certificate of Correction dated December 19, 2017, was published in error and should not have been issued for this patent.
