(57) **CLAIM**

I claim the ornamental design for standing cane tip elements, as shown and described.

**DESCRIPTION**

FIG. 1 is a bottom perspective view of a standing cane tip elements in accordance with my new design; FIG. 2 is a top plan view thereof; FIG. 3 is a side elevation view thereof; and, FIG. 4 is a plan view.

The portions shown in broken lines in the figures depict unclaimed environmental subject matter, are for illustrative purposes only, and form no part of the claimed design. Similarly, unshaded portions that appear between broken lines or beyond boundary lines in the figures form no part of the claimed design and indicate that a specific length and/or width forms no part of the claimed design.

It will be understood that all lines in the drawings, including broken and solid lines, are intended to convey the full disclosure and variations of the designs and such variations shall be understood to be fully described herein. It will also be understood that any and all broken lines (or portions thereof) may be converted to solid lines, and any and all solid lines (or portions thereof) may be converted to broken lines, and any and all boundary lines removed or moved out or in to claim more or less of the standing cane tip elements, whether in subsequent divisional or continuation applications and/or by amendment. Further, as mentioned above, the boundary lines may be removed or moved out or in to claim more or less of the claimed standing cane tip elements.
