(57) **CLAIM**

I claim the ornamental design for a food container, as shown and described.

DESCRIPTION

FIG. 1 is a top isometric view of a first embodiment of the food container.

FIG. 2 is a bottom isometric view of the first embodiment of the food container.

FIG. 3 is a plan view from the top of the first embodiment of the food container.

FIG. 4 is an elevation view from the side of the first embodiment of the food container.

FIG. 5 is a plan view from the bottom of the first embodiment of the food container.

FIG. 6 is a top isometric view of a first embodiment of the food container, including a removable sleeve.

FIG. 7 is a bottom isometric view of the first embodiment of the food container, including the removable sleeve.

FIG. 8 is a plan view from the top of the first embodiment of the food container, including the removable sleeve.

FIG. 9 is an elevation view from the side of the first embodiment of the food container, including the removable sleeve.

FIG. 10 is a plan view from the bottom of the first embodiment of the food container, including the removable sleeve.

FIG. 11 is a top isometric view of a second embodiment of the food container.

FIG. 12 is a bottom isometric view of the second embodiment of the food container.

FIG. 13 is a plan view from the top of the second embodiment of the food container.

FIG. 14 is an elevation view from the side of the second embodiment of the food container.

FIG. 15 is a plan view from the bottom of the second embodiment of the food container.

FIG. 16 is a top isometric view of a second embodiment of the food container, including a removable sleeve.

FIG. 17 is a bottom isometric view of the second embodiment of the food container, including the removable sleeve.

FIG. 18 is a plan view from the top of the second embodiment of the food container, including the removable sleeve.

FIG. 19 is an elevation view from the side of the second embodiment of the food container, including the removable sleeve.

FIG. 20 is a plan view from the bottom of the second embodiment of the food container, including the removable sleeve.

FIG. 21 is a top isometric view of a third embodiment of the food container.

FIG. 22 is a bottom isometric view of the third embodiment of the food container.

FIG. 23 is a plan view from the top of the third embodiment of the food container.

FIG. 24 is an elevation view from the side of the third embodiment of the food container.

FIG. 25 is a plan view from the bottom of the third embodiment of the food container.

FIG. 26 is a top isometric view of a third embodiment of the food container, including a removable sleeve.

FIG. 27 is a bottom isometric view of the third embodiment of the food container, including the removable sleeve.

FIG. 28 is a plan view from the top of the third embodiment of the food container, including the removable sleeve.

FIG. 29 is an elevation view from the side of the third embodiment of the food container, including the removable sleeve; and,

FIG. 30 is a plan view from the bottom of the third embodiment of the food container, including the removable sleeve.
