(57) **CLAIM**

The ornamental design for a base port for containers for clinical application intended for the administration of drugs and feeds, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a base port for containers for clinical application intended for the administration of drugs and feeds showing our new design;

FIG. 2 is a right side view thereof, the left side view being identical;

FIG. 3 is a top view thereof;

FIG. 4 is a rear view thereof, the front view being identical;

FIG. 5 is a bottom view thereof; and,

FIG. 6 is a second perspective view thereof.
