(57) **CLAIM**

The ornamental design for the combined facial brush with digital display and base, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the combined facial brush with digital display and base in accordance with the principles of the present disclosure illustrating the base and the brush member assembled to the base;

FIG. 2 is a left side elevation view of the combined facial brush with digital display and base;

FIG. 3 is a front elevation view of the combined facial brush with digital display and base;

FIG. 4 is a rear elevation view of the combined facial brush with digital display and base;

FIG. 5 is a top plan view of the combined facial brush with digital display and base;

FIG. 6 is a bottom plan view of the combined facial brush with digital display and base;

FIG. 7 is a right side elevation view of the brush member of the combined facial brush with digital display and base;

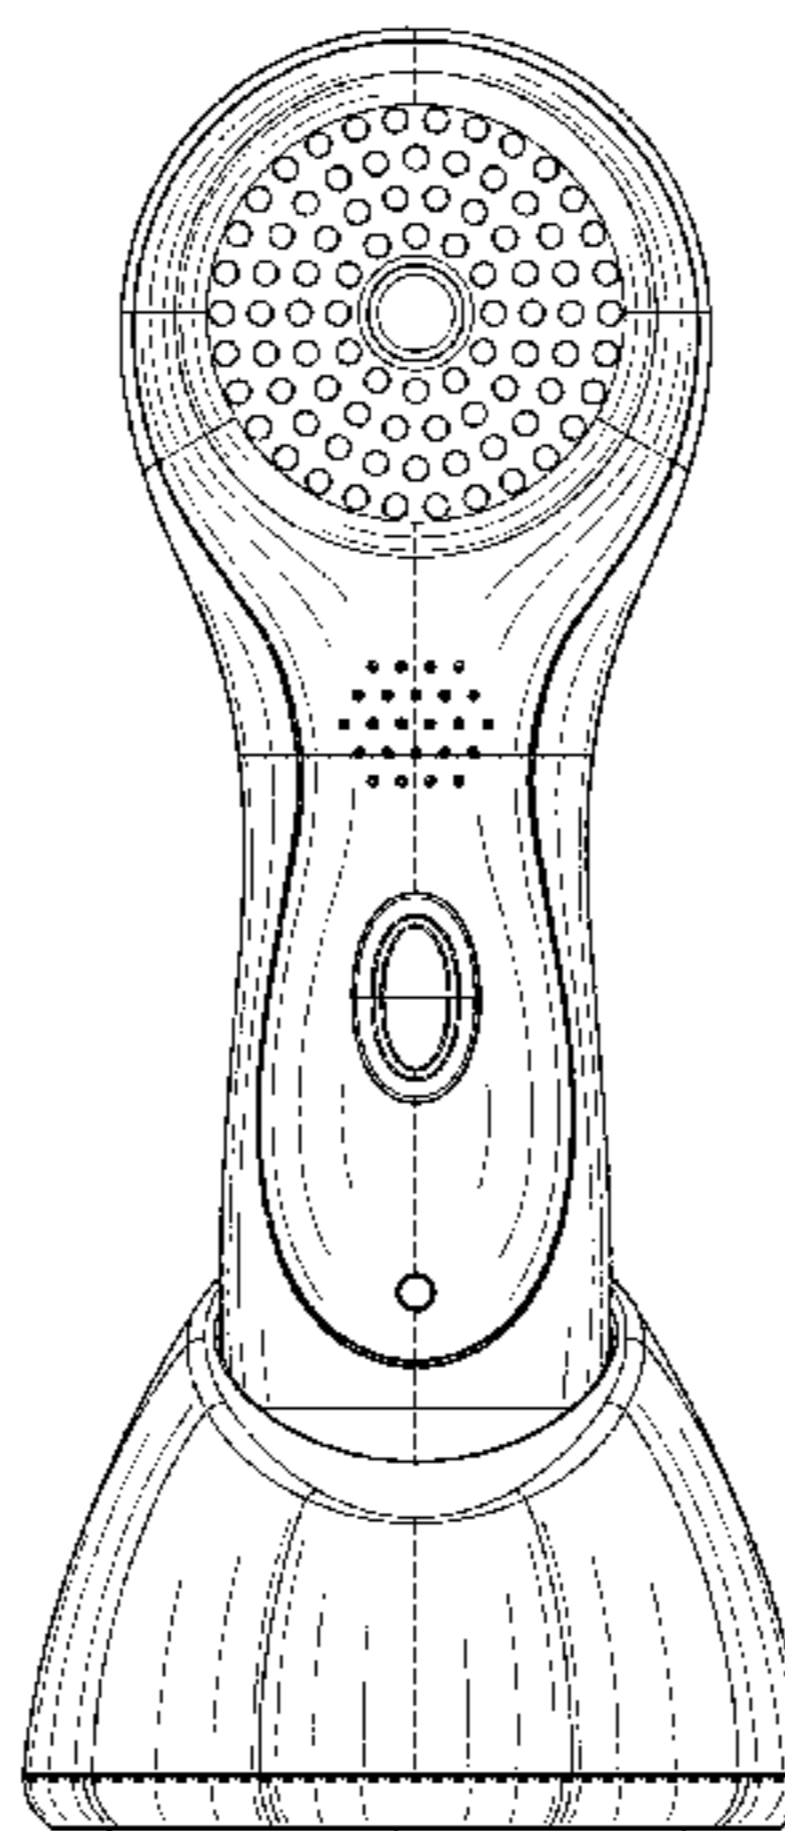

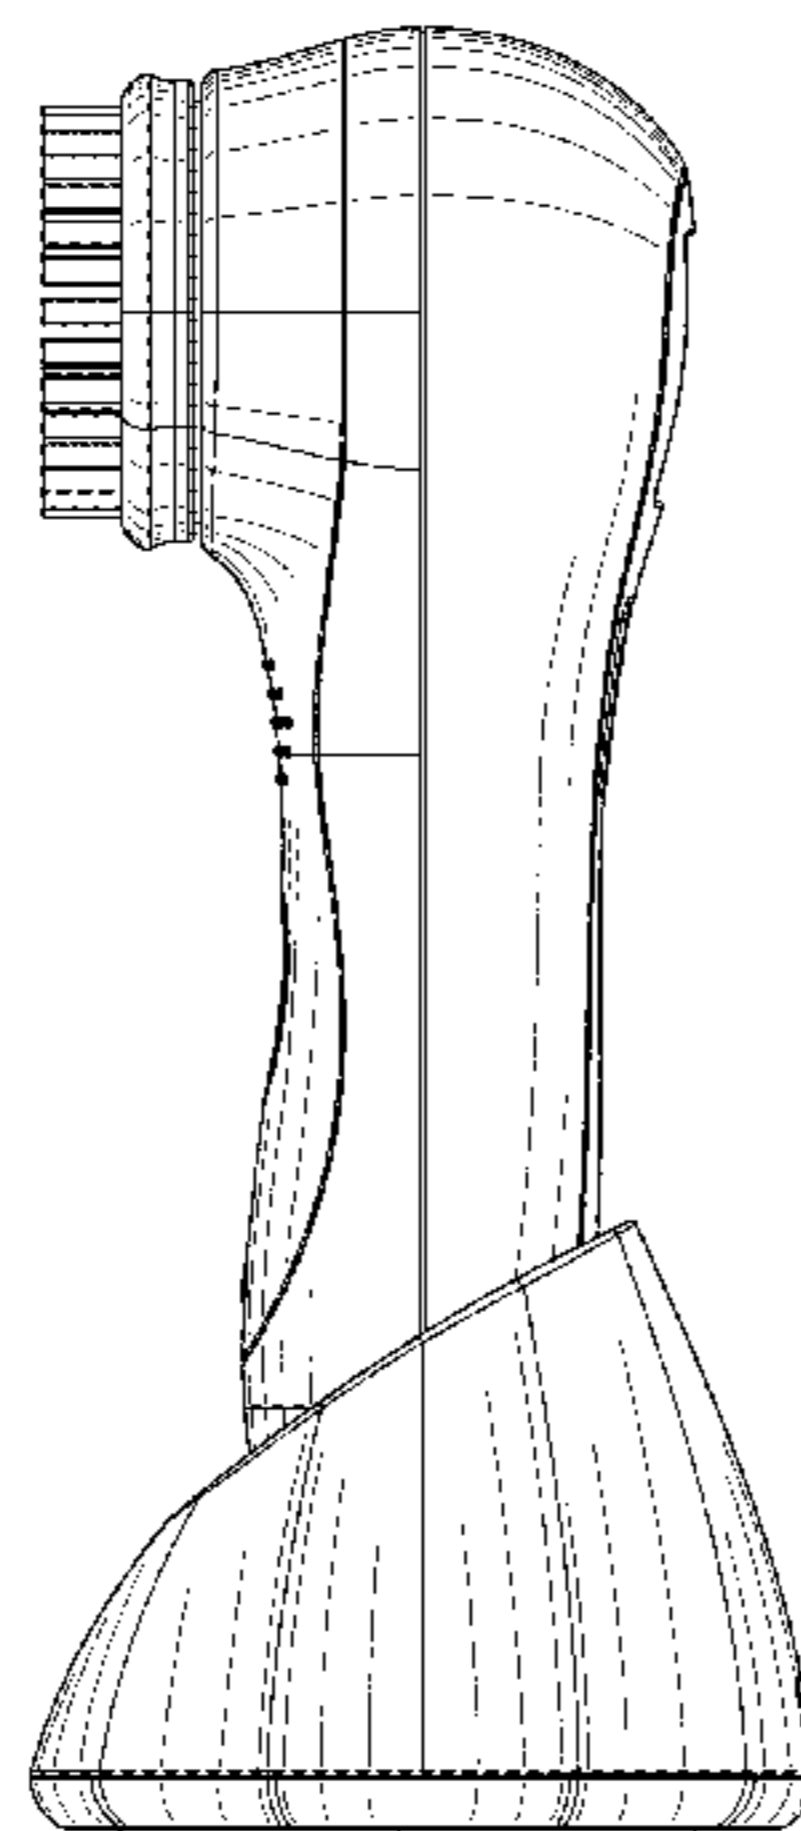

FIG. 8 is a front elevation view of the brush member of the combined facial brush with digital display and base; and,

FIG. 9 is a rear elevation view of the brush member of the combined facial brush with digital display and base.

The brush member is shown separately in FIGS. 7-9 for clarity of illustration only.

The broken lines shown on the display surface in FIGS. 4 and 9 illustrate environment that forms no part of the claimed design and the broken lines shown on the bottom of the base in FIGS. 2, 3, 4, and 6 illustrate portions of the combined facial brush with digital display and base that form no part of the claimed design.

1 Claim, 9 Drawing Sheets
