(57) **CLAIM**

The ornamental design for a lamp, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a lamp showing the new design according to a first embodiment;  
 FIG. 2 is a front view of the lamp according to the first embodiment, the back view being identical to the front view;  
 FIG. 3 is a top view of the lamp according to the first embodiment, the bottom view being identical to the top view; and  
 FIG. 4 is a right side view of the lamp according to the first embodiment, the left side view being identical to the right side view.  
 FIG. 5 is a perspective view of a lamp showing the new design according to a second embodiment;  
 FIG. 6 is a front view of the lamp according to the second embodiment, the back view being identical to the front view;  
 FIG. 7 is a top view of the lamp according to the second embodiment, the bottom view being identical to the top view; and  
 FIG. 8 is a right side view of the lamp according to the second embodiment, the left side view being identical to the right side view.  
 FIG. 9 is a perspective view of a lamp showing the new design according to a third embodiment;  
 FIG. 10 is a front view of the lamp according to the third embodiment, the back view being identical to the front view;  
 FIG. 11 is a top view of the lamp according to the third embodiment, the bottom view being identical to the top view; and  
 FIG. 12 is a right side view of the lamp according to the third embodiment, the left side view being identical to the right side view.
