(57) **CLAIM**

The ornamental design for a display screen with graphic user interface, as shown and described.

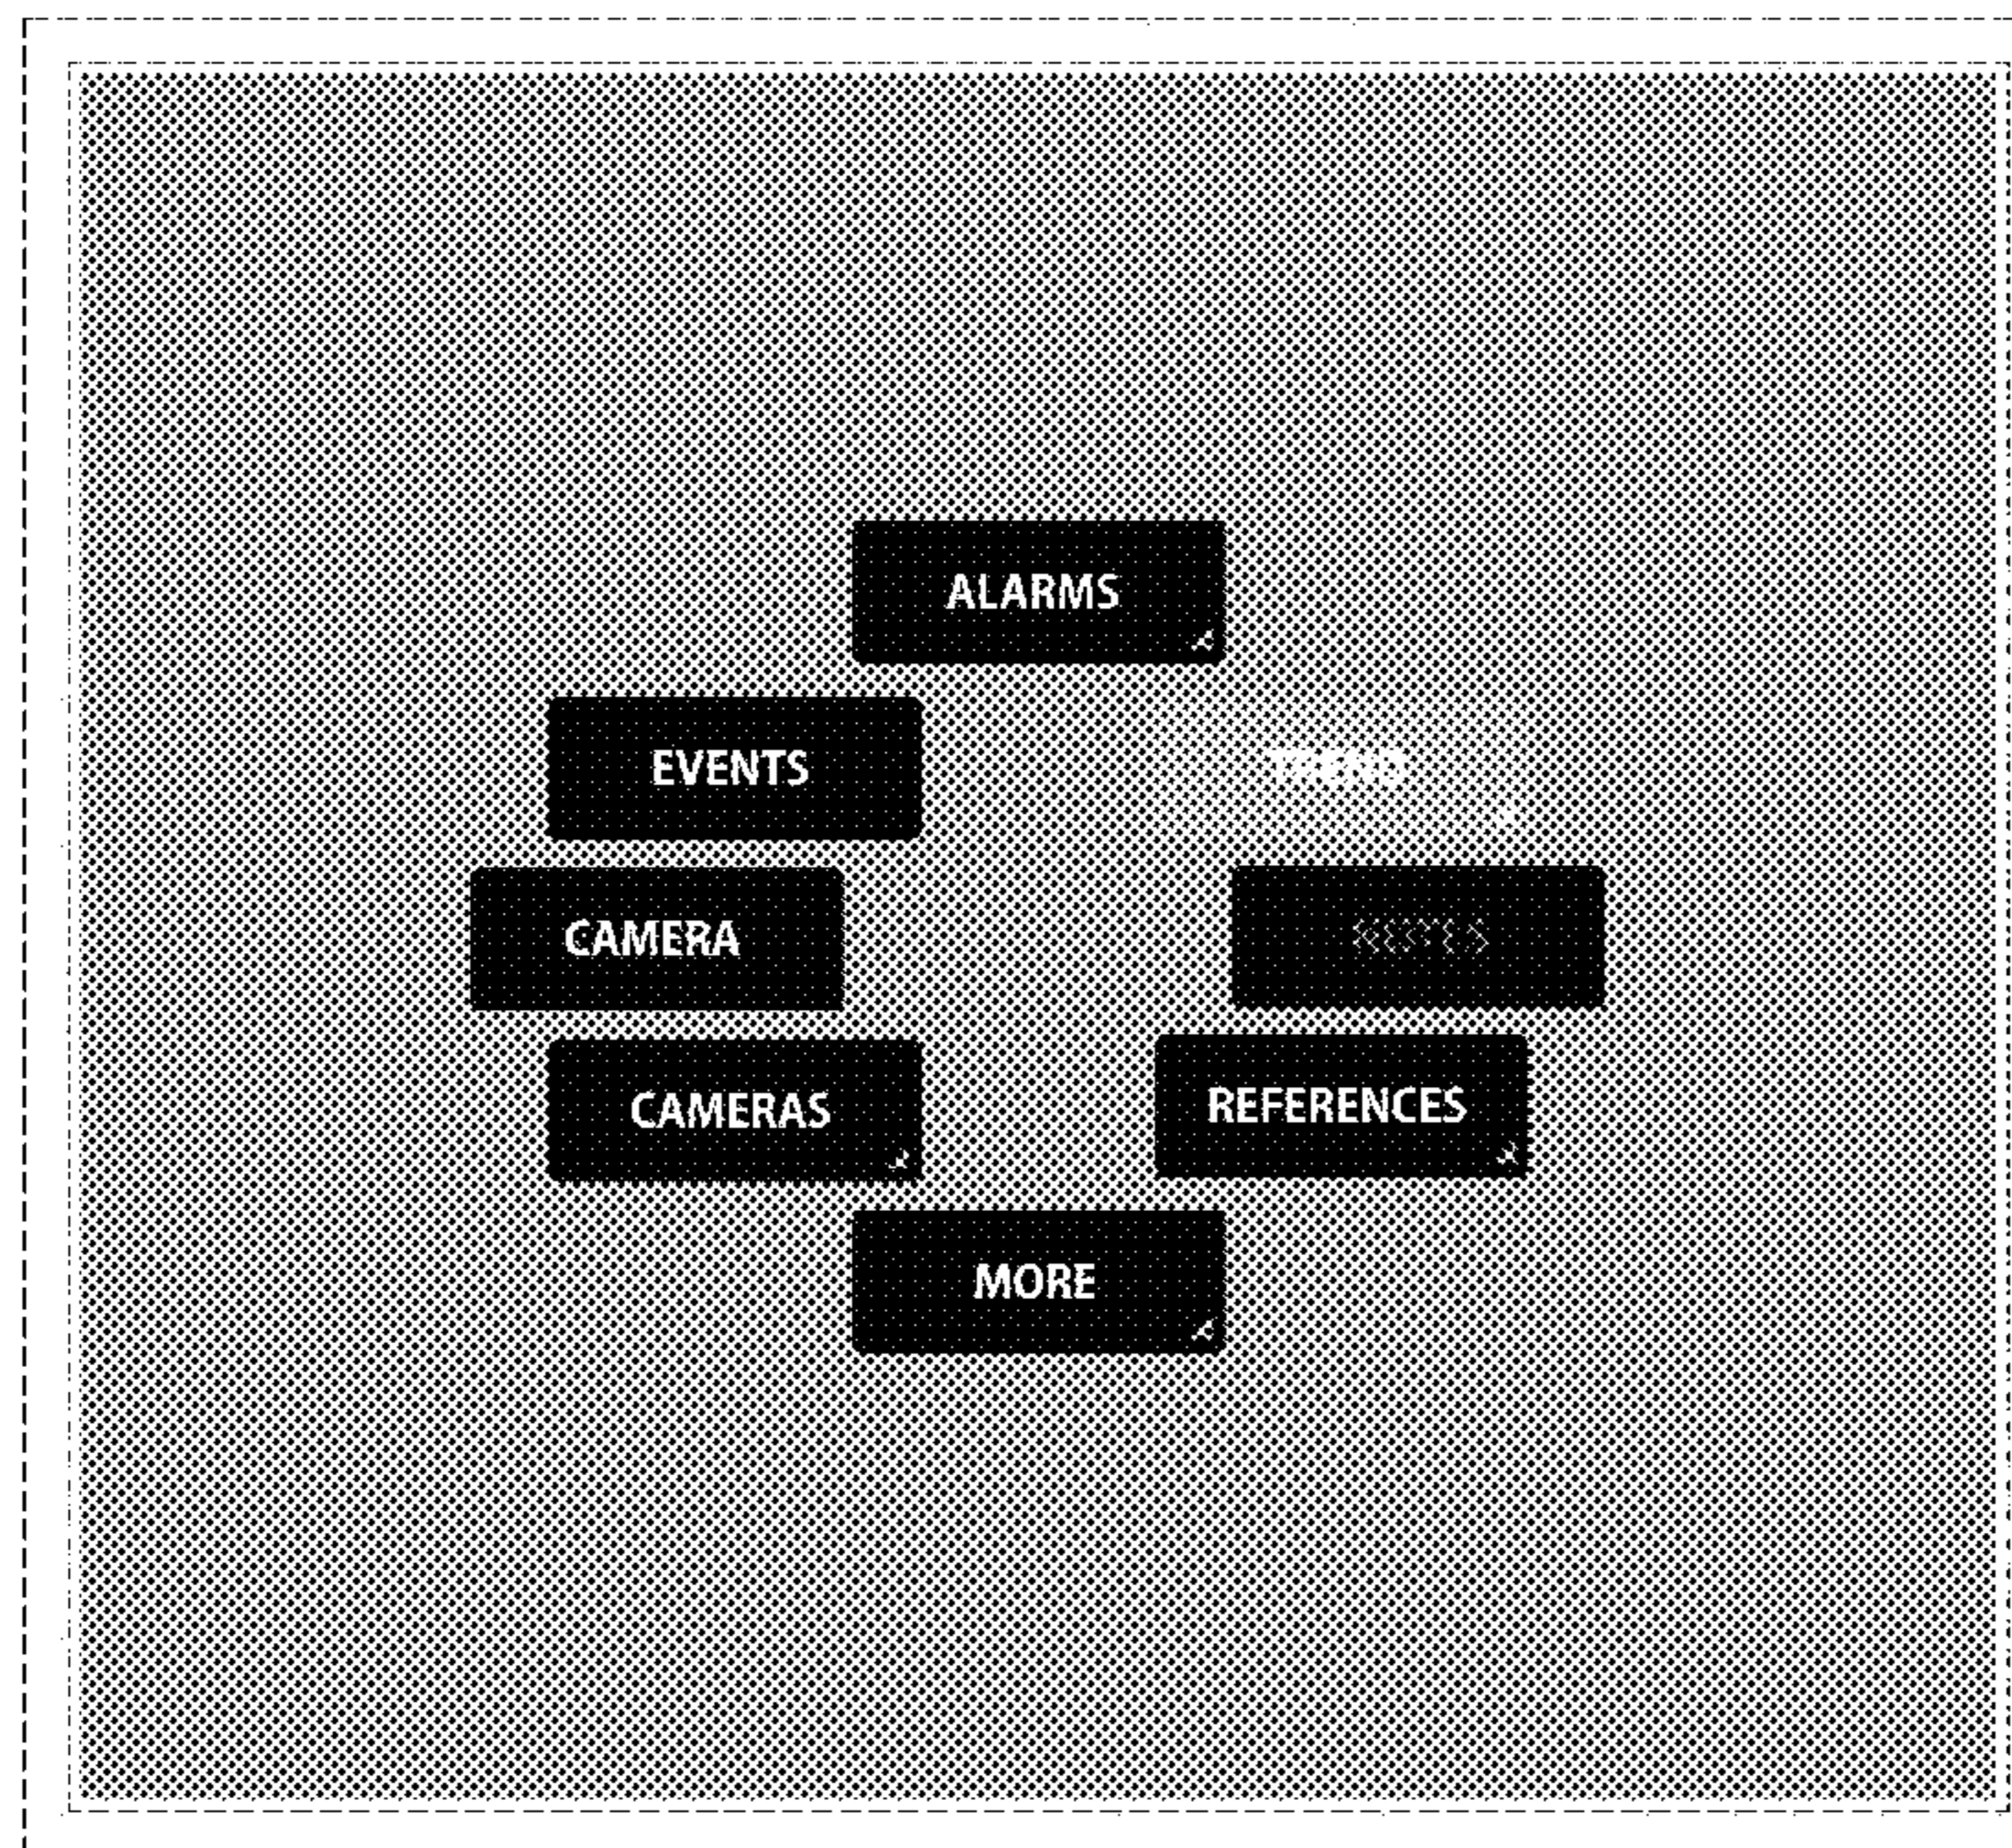

DESCRIPTION

The file of this patent contains at least one drawing executed in color. Copies of this patent with color drawings will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front elevational view of a display screen with graphic user interface showing our new design; and, FIG. 2 is a front elevational view of a second embodiment thereof.

The broken lines depict environmental details of the display screen and of the graphic user interface that form no part of the claimed design.
